

WELCOMING THE TALENTED CHILDREN OF THE SOIL

Because of Their Closeness to the Earth, the Men on the Farms Increase in Stature and Strength.

And for this reason a certain proportion of their children are being born with a finer strength. They are being born with all this power concentrated in their nerves. They have the magnificent thoughts that might stir the stars in their courses, were they given voice.

Yea, in almost every ranch-house is born one flowerlike girl or boy, a stranger among brothers and sisters. Welcome, and a thousand welcomes, to these fairy changelings! They will make our land lovely. Let all of us who love God give our hearts to these His servants. They are born with eyes that weep themselves blind, unless there is beauty to look upon. They are endowed with souls that are self-devouring, unless they are permitted to make rare music; with a desire for truth that will make them mad as the old prophets, unless they be permitted to preach and pray and praise God in their own fashion, each establishing his own dream visibly in the world.

The land is being jeweled with talented children, from Maine to California; souls dewey as the grass eyes wondering and passionate, lips that tremble. Though they be born in hovels, they have slender hands, seemingly lost amid the heavy hands. They have hands that give way too soon amid the bitter days of labor, but are everlastingly patient with the violin or chisel, or brush, or pen.

All these children as a sacred charge are appearing, coming down upon us like manna. Many will be deposited as the too-abundant mulberry, that is left upon the trees. Many will perish like the wild strawberries in Kansas, cut down by the roadside with the weeds. Many will be looked upon like an over-abundant crop of apples, too cheap to be hauled to market, often used as fodder for the beasts. There will be a great slaughter of the innocents, more bloody than that of Herod of old. But there will be a desperate hardy remnant, adepts in all the "conquering necromancy of agricultural Song and democratic Craftmanship. They will bring us our new time in its completeness. This by faith, and study of the signs, we proclaim!

MANUFACTURER ILLUSTRATES WASTE TALK TO MEN

Throws \$147 Out of The Shop Window.

A Boston paper says that silver and gold were thrown away to illustrate a talk on the waste represented by carelessness among factory workers of the McCallum Hosiery Company. George B. McCallum, treasurer of the company, told the operatives that in a week 11,760 needles worth 1-4 cents each had been lost. The effects was the same he said, as if \$147 were thrown from the shop window, whereupon the Treasurer took from his desk a pile of 147 silver dollars and tossed them out of the window.

Silk scattered under foot was as much destroyed as if thrown away, he added. Estimating the amount of loss from this cause last week at \$50, he tossed a shower of gold coins among the workers. Some listened to the Treasurer's later remarks, but others scrambled for the gold, while many rushed out of the doors to search for the silver in the snow.

MOTHER NATURE OBJECTS TO FORCE

Tender Intestinal Tracts Can't Stand Powerful Physics

When a physic or mis-called "laxative" causes the slightest pain or gripe you may know that instead of helping nature throw off the poisons accumulated in the body, it is getting rid of them by force.

This rending, tearing action is extremely harmful and painful to the tender membranes of the bowels and intestines.

Sloan's Relief Tablets, gentle as nature itself, work in a soothing, helpful way. They eliminate all poisons and end constipation, yet do it without gripe or pain to the body. They are not habit forming. Get a box of 30 tablets today and use no others. Sloan's Relief Tablets are safest.
