

DANGER AHEAD!

**Our Tobacco Crop Last Year, 1919, Brought Five Million Dollars.
Our Tobacco Crop Four Years Ago, 1915, Brought One Million Dollars.**

THE HIGH PRICES OF TOBACCO LAST YEAR ENABLED ALMOST EVERYBODY TO GET OUT OF DEBT AND TO HAVE SOME MONEY AHEAD. EVERYTHING LOOKED BRIGHT AND LOVELY.

BUT WE HAD A SHOCK COMING!

HARDLY ENOUGH CORN AND FODDER WAS MADE IN THE COUNTY TO LAST UNTIL CHRISTMAS.

FREIGHT TRAINS HAVE NOT BEEN ABLE TO BRING IN HAY, OATS, CORN AND SHIP-STUFF FAST ENOUGH SINCE THE FIRST OF THE YEAR TO SUPPLY THE NEEDS IN THE COUNTY. THIS WILL HAVE TO KEEP UP UNTIL FALL PRICES ON THESE FEEDSTUFFS ARE VERY HIGH AND A LARGE PART OF IT IS BEING BOUGHT ON TIME.

Common Tobacco Sold High Last Year!

It is Believed Common Tobacco will Sell Cheap this Year!

WHERE WILL THE MAN BE WHO MAKES A CROP OF COMMON TOBACCO AND WHO OWES A LARGE ACCOUNT. MORE COMMON TOBACCO IS MADE THAN ANY OTHER KIND. HE WILL BE IN TROUBLE.

A full corn crib will be a good shock absorber.

BUT WE HEAR VERY LITTLE SAID ABOUT THE MAKING OF A CORN CROP THIS YEAR. IN FACT, WE THINK LESS PREPARATIONS ARE BEING MADE FOR A CORN CROP THAN EVER

PLAY SAFE!

Plant a Big Corn Crop and Fertilize it Well.

WE ARE NOT WRITING THIS TO SELL MORE GUANO. WE HAVE ALREADY SOLD MORE OBERS, FISHBRAND, AND BAUGHS GUANO THAN IT LOOKS LIKE WE ARE GOING TO BE ABLE TO GET SHIPPED. WE ARE WRITING IT TO TRY AND SAVE MANY PEOPLE FROM TROUBLE THIS FALL.
