Vernon Melver and some other negroes were practicing the music for a funeral at Jonesboro, when they heard the blinds of the house rattle. Melver seized a gun, ran to the door and opened fire on what he supposed was a "hant." It was one of a party of young folks attempting to frighten the singers and she was killed.

The House, Tuesday, passed the deficiency appropriation bill providing \$390,000,000 for the railroad administration to wind up its affairs.

## HARDLY KNEW HER AT FIRST SIGHT

Mrs. White's Neighbors Are All Talking About Her Wonderful Recovery.

"When my wife began taking Tanlac she weighed only ninety-five pounds; now she weighs one hundred and forty-three and her wonderful recovery is the talk of our neighborhood," said Ben White, of 111 Crescent Ave., Peoria, Ill.

"Mrs. White has been suffering from stomach trouble and nervousness eighteen years," he continued, "and for a long time had been unable to leave the place. We spent all the money I could get for treatments and medicines but she never got any better. She was a complete nervous and physical wreck and I have seen her nearly die with cramps in her stomach and after eating she could hardly breathe for the gas. Headaches drove her nearly distracted and I have stayed home with her weeks at a time, fearing she would never pull through, for she was getting worse all the time.

"After hearing so much talk about Tanlac I bought some for my wife and in just a few days she could eat and sleep better. She has now taken about twelve bottles and is the very picture of health. Why, some of her friends hardly know her at first sight now. She is as well and happy as a person can be."

Tanlac is sold in Oxford by Frank F. Lyon, and in Stem by Stem Drug Co.

## SOME FACTS ABOUT OUR GOVERNMENT

Local Financial Institution To Distribute Interesting Information. Not for years has there been such evident unrest as exists in the world today. Even the casual reader of the daily newspaper sees that the world is sick and needs a doctor. The way to social health is through an awakened interest in the affairs of our Government and an increased feeling of our responsibility in its welfare and administration. Not until we understand the magnitude and efficiency of the United States government do we feel the respect for it and the pride in participating in it that it deserves.

At the present moment, in spite of all our unrest, the United States is the most favored of the world's nations. We have enjoyed a century and a half of the "government of the people, for the people, by the people." It is not perfect but it is the strongest, most substantial and most efficient government in the world today.

The First National Bank is contemplating the free distribution among its friends and patrons of a series of highly illustrated articles on the government of the United States. The articles, although written in popular form, will be of real educational value. They are to be mailed directly to the homes of this community without charge. This plan is in keeping with the new idea that every progressive financial institution owes a broader service to its community. The modern bank is no longer only a place where money is deposited at one window and drawn at another. It is rather a center of constructive and helpful information to which any one bring his financial problems with some confidence of finding a solution for them.

These stories are designed to show the benefits that each of us derives from the service of the government. They have been brought up to the minute and however well informed the reader may be he is sure to find something new in them. They have a particular appeal to new citizens, foreigners and school children, as well as furnishing interesting and instructive reading to practically everyone. The community is sure to benefit from this distribution and every home should have a complete set.

Never before have Americans taken such an intense interest in their government. The extension of income taxes and the widespread purchase of Liberty Bonds have made us all financial partners in its welfare. We all want to know more about it and we have a right to know. That is why the publication of this material comes at precisely the right moment and why it may be expected to be so welcome. This public interest in governmental affairs is a healthy and natural interest. It will lead to increased knowledge, a more intelligent understanding and a long strong stride ahead. This community is to be congratulated on the foresight and enterprise that brings this material within the reach of everyone.

We understand that it is the desire to make this distribution as wide as possible. Some however, are sure to be overlooked and as the supply of articles is necessarily limited, it is suggested that everyone who wishes to receive them call at the bank and leave their names for inclusion in the mailing list.

It has been anticipated that many will wish to keep each number of the series of governmental articles as received, as each will deal with a different department of the Government. For this purpose it is understood that there is available a limited number of beautiful containers, one of which can be obtained by any person desiring it by calling during banking hours for it.

**Chamberlain's Cough Remedy.** The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. I gave it to my children when small for croup and have taken it myself."

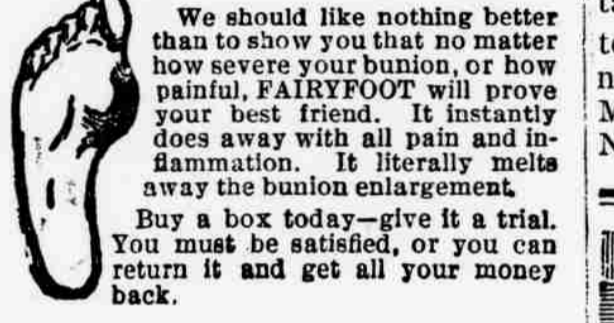

**CHILDREN** should not be "dosed" for colds—apply the "outside" treatment—**VICK'S VAPORUB** YOUR BODYGUARD—30c, 60c, \$1.20

The Senate has passed the army reorganization bill, providing for a regular army of 297,000 officers and men, a national guard of 42,000 and a voluntary system of military training for men between the ages of 18 and 21. The House bill authorized a regular army of 299,000 men and 17,832 officers, while the Senate measure provides for 280,000 enlisted men and 17,043 officers.

## How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

## MOTHER NATURE OBJECTS TO FORCE

Tender Intestinal Tracts Can't Stand Powerful Physics

When a physic or miscalled "laxative" causes the slightest pain or gripe you may know that instead of helping nature throw off the poisons accumulated in the body, it is getting rid of them by force. This rending, tearing action is extremely harmful and painful to the tender membranes of the bowels and intestines. Sloan's Relief Tablets, gentle as nature itself, work in a soothing, helpful way. They eliminate all poisons and end constipation, yet do it without gripe or pain to the body. They are not habit forming. Get a box of 30 tablets today and use no others. Sloan's Relief Tablets are safest. Distributed by The Sloan Products Co., 18 Factory Street, Derby, Conn.

# Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother to see that they are done. The child will be grateful in after years. Chief among the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life.

There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the torpor will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin. A bottle can be bought at any drug store. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 521 Washington Street, Monticello, Illinois.

Mrs. George Maynard Minton, of Waterford, Conn., was nominated without opposition as president-general of the Daughters of the American Revolution at the 29th continental congress in session in Washington, D. An overall club formed at Wheatland, Pa., has gone so far in its zeal to protest the high cost of clothing as to impose a penalty upon members for failure to den denims. ## Johns-Manville Asbestos Roofing

For fifteen years without a leak, this fire-safe roof covers a building in the heart of a great city, exposed to smoke, soot, and corrosive fumes. And it would serve just as well, and just as long, up in the frozen North or down on the sun-baked plains of Texas—it's made from Johns-Manville Asbestos.

Fire-safe because its base is an imperishable mineral. For that same reason weather-proof, too, and good for years of service with least upkeep cost.

Johns-Manville Asbestos Roofing for barns, factories and business blocks. Johns-Manville Asbestos Shingles for residences, garages, and similar buildings.

Johns-Manville Asbestos Roofings are examined, approved and labeled by the Underwriters' Laboratories, Inc. under the direction of the National Board of Fire Underwriters.
