THE LEAGUE OF NATIONS

(A McAdoo Editorial.)

Where can women and where can Labor throw their power and influence with greater effect at this time than in support of the League of Nations? Women and Labor have always wanted to stop war. Why should they not? * * * It is as false as it is unconscionable for men of character and standing to tell the people of the United States that the League of Nations will cause war; that if America joins the League her sons can be called into foreign service upon mandate of a foreign council of Nations, without the authority of our Congress; that America will surrender a part of her soverignty to a for- Danville, Va. 21,539 are again engaged in hostilities. eign super-Government. COX FOR VETERANS

Ohio Executive Sees Justice In Claim

For Adjusted Compensation.

(By Joseph L. Heffernan.) That Governor James M. Cox, of Ohio, Democratic nominee for President, favors such substantial aid as will enable every former service man to establish himself in a real American home is the substance of a detailed interview given The Stars and Stripes. To make every man who the Cities Over 100,000 Popula- wore Uncle Sam's O. D. a freeholder in the land of the nation, sums up the conclusion reached by the Buckeye Governor after a profound study of what he terms "one of the most meritorious demands for fair play which confronts the government of

> the United States. Favors Home Owning. "It has long been part of my philosophy," explained Governor Cox, "that every citizen should own his own home. When a man becomes a home owner there ends forever any question of his loyalty, his interest in good government, his sincere partici-61,308 pation in the affairs of his country. The men who entered the Army, the Navy and the Marine Corps proved devotion in an hour of need. Now, therefore, it is no gratuity for the 06,482 country to aid them in becoming home-owning citizens to whom the future of the nation may well be in-'trusted.

"What is more, the Democratic platform adopted by the San Francisco convention harmonizes with my personal views.

His Personal Idea.

"That platform I regard as a promissory note and I shall see that it is paid, every dollar and every cent. And what is more, whether or not the Democratic platform so stipulated, I feel personally that I could engage in no more worthy enterprise, that I could do no greater service to my country if elected President than to aid every service man-and woman-to become the proud owner of a home. I feel that thhe Democratic 38,500 party can well go before the voters of this great country pledged to home-aid for every man and woman who responded in the dark hour when war clouds hung low over the land. I believe firmly in American homes for American fighters."

As to the means to the end, Governor Cox does not agree unreservedly with anyone who suggests that Uncle Sam is so nearly bankrupt that he cannot lend a hand to the great body of service men and women. He declares his faith not only in the future, but in the present, of America. He maintains that with the great resources of America-the credit of the nation-practical methods of effecting home-aid can be found without upsetting the government in any of its departments.

Entirely Free from Catarrh of the Stomach

"Peruna has positively done for me what many doctors failed to do. I have been time and again compelled to take to my bed for days. The first bottle of Peruna gave relief and while I always keep it in the house for emergencies, I consider myself entirely free from catarrh of the stomach, the trouble from which I suffered for so long before taking this remedy."

Liquid or Tablet Form Sold Everywhere Ask Your Dealer

Why Is It Done?

Occasionally you find ironing done by the old fashioned heat-the-ironson-the-stove method. What a waste! Particularly if a soilid fuel is used.

In a gas iron ALL the heat is used in the iron; your iron stays hot all the time; work done better and much more rapidly; and you don't have to carry five pounds of metal back and forth between range and ironing-board, a dozen times an hour.

Southern Gas Improvement Company

"They Say That Gas Can Do It Better."

Stop-Look-Read

MAKE THE SOIL RICH AND MAKE THE FEED AT SAME TIME!

Just unloaded 300 bushels fine new 1920 clover seed. These are one of the very best lot of seed we have ever seen. We have Red Top Clover Seed and Alfalfa Seed, Hairy Vetch and Rape Seed. Fine lot of Appler, Va. Winter Gray Turf, and Fulgham Seed Oats... Seed Rye. If we don't have your wants in the seed line in stock we will order what you want.

Only two more of those 8 Disc Grain Fertilizer Drills at less than wholesale cost today. They drill Wheat, Oats, Peas, etc. and increases the yield, protects against freezing, and disc the soil all at one operation. Saves labor and often pays the cost in one season.

Save the Crops and save labor, Corn Binders will cut and bundle the corn as they pass along, and saves 50 to 75 per cent labor and the Corn Huskers and Cutters combined wifi shuck your Corn, cut the feed and blow the feed into your barn all at one operation. Saves 50 to 75 per cent labor and these machines get these crops stored away in few hours time. Best investments, they last for years.

We have Oil Gas Engines, and Papec Feed Cutters. These machines are mounted on steel trucks, and the engine has wood saw and belt attached. Great labor Savers and will pay the cost price in one season.

Deering and McCormick Mowers and Rakes are the Standard and leading Mowers. We have the latest models light draft and high speed mowers and self dump steel takes. The factories have advanced the price 10 per cent. We have good stock at last season price.

We have large stock of Buggies and Surries and the Harness to match and we have the celebrated Hickory light running Wagons and these wagons are sold under the highest guarantee as to service and material and too we have the old reliable Spach Wagons and large stock Wagon Harness.

Large stock Chattanooga and Cast Plows.

Only eight more of the Little Dutch Riding Turn Plows at the old price which saves the purchaser twelve dollars on each plow. Large stock Roofing and the price is the lowest and the quality good.

We have large stock of Coles Hot Blast steel ranges and we have the Cast Iron Range also and we have have a large stock wood and coal heating stoves, the kind that saves the fuel.

Large stock Heavy Groceries and Feed Stuffs, Salt, etc.

We want your business and promise you our best efforts all the time.

Yours truly,

Lyon-Winston Company
