## LEGAL NOTICES

**TRUSTEE'S SALE OF LAND**  
Under and by virtue of the power of sale contained in Deed-of-Trust executed on the 4th day of November, 1919 by W. S. Watson and Nannie Watson his wife to the undersigned Trustee in Mortgage Book 137 at page 485 in the office of the Register of Deeds of Granville County, default having been made in the payment of the bond secured by said Deed-of-Trust, at the request of the holder of said bond I shall on  
**MONDAY, DECEMBER 13, 1920,**  
at 12 o'clock M. offer for sale at the Court-house door in Oxford to the highest bidder for cash an undivided one-fourteenth interest in and to those three certain tracts of land situate in Tally Ho Township, Granville County, State of North Carolina, described as follows:  
1st Tract. Adjoining the lands of John Bowling, William Mangum, Louis Williford and others, and bounded and described as follows: Beginning at a Hickory, Bowling's corner; thence North 1° E. 32 chains 64 links to a stone, Mangum's corner; thence N. 68° W. 4 chains and 21 links to a Blackjack; thence N. 29 chains to two Sourwood stumps; Mangum's corner in L. C. Williford's line; thence S. 87° E. 19 chains 65 links to a stake in Williford's line; thence S. 62° 1-2 chains to pointers in Latta's line; thence N. 87° W. 17 chains and 72 links to the beginning, containing 113.9 acres, more or less, it being the tract of land conveyed to Henderson Williford by Mrs. Mary C. Cannady. See Deed Book 60, page 309.  
2nd Tract. Beginning at a Black-gum on Meadow's branch, corner of Lot No. 6; running thence by line of Lot No. 6 S. 88° E. 37.69 chains to a Lightwood knot and stone in a line of Lot No. 9; thence by line of Lot No. 9 N. 1° 3-4' E. 20.95 chains to a Pine, corner of Lot No. 8; thence by line of Lot No. 8 N. 88° W. 31.19 chains to a Sycamore on Meadows' branch, corner of Lot No. 8; then up the branch to the beginning, containing 75 1-4 acres, more or less. See Deed Book 47, page 194.  
3rd Tract. Adjoining the lands of Henderson Williford, Jessie Williford and others, described as follows: Beginning at a stone in Lot No. 7, running South 3° W. 18.09 chains to a stake and pointers, corner of Lot No. 5; thence N. 87° E. 21.76 chains to a stone, Jesse Deane's old corner; thence N. 3° E. 18.09 chains to a stone and pointers in Dean's line; thence S. 3° W. to the beginning, containing 38 2-3 acres more or less, it being one-half of Lot No. 9 in the division of the lands of L. D. Williford. See Deed Book 47, page 209.  
This 9th day of November, 1920.  
T. G. STEM, Trustee.

**Why Go to College?**  
I know a young Yale graduate in Philadelphia who is now convinced that a college education is a bar to wealth. "Girard" writes in the Philadelphia Press.  
He is a clever electrician and got a job after leaving Yale which paid him \$30 a week. In his new place he came in contact with an uneducated foreman who tried to persuade the college lad to "turn a day laborer and join the union."  
He was assured that in a fortnight he could get \$80 a week.  
The young son of Eli stuck to his electrical job and when wiring a building in Philadelphia a boss painter told him he could get double the \$30 a week he was then getting if he took up the paint brush.  
Do you wonder that this youth who holds his Yale sheepskin is puzzled in figuring out just how a college education pays him?

**Diphtheria Being Conquered.**  
In the October issue of the State Board of Health's bulletin a successful warfare against diphtheria is indicated in a line of statistics beginning with 1915. Then there were 525 deaths in each 100,000 population. In 1916 the number was 418, in 1917 it was 308, 1918 the drop was to 252 and in 1919 to 242. Available statistics for 1918 show that there were 252 deaths in 1,306 cases and in 1919 there were 242 deaths in 3,519 cases; the fatality in the first being 18.47 and in the second 6.88. Thus there is a marked, radical reduction in deaths. To antitoxin belongs the credit for this assault on the citadels of disease. This antitoxin is furnished by the State Board of Health at 25c which is below cost. Appropriations from the Legislature makes up the difference. The bulletin prints a letter from a woman who says her druggist charged her \$12.00 for the antitoxin. The Board does not rail at the druggist. It appeals to his moral sensibilities and asks him if he will cooperate in saving lives by selling this medicine at cost. The family doctor can get the medicine, and he is asked to do as he should look after the financial interest of his patients as well as the disease. When results are the same he should save them money.

**A Business "Proposal."**  
There was no sentiment about Herbert Jones. He met the girl he wished to marry, and he proposed like this—"Mary Dugh, will you be my life-partner. I am a business man. If you are agreeable, I will draw up a marriage-contract, we'll both sign before witnesses, and then we can carry on the world's work."  
She gasped, but presently regained her composure. "Fortunately," she said, "I've had a little business training myself, so we can discuss this proposed contract properly and dispassionately."  
"I'm glad to find you so sensible," he told her.  
She smiled sweetly. "I regret I can give you nothing better than the second option," she said.  
"What!" he exclaimed.  
"I'm afraid I have to inform you I am already engaged—that is to say, the first option is already taken. But a first option does not necessarily mean a closed contract. If you don't want to take a chance on a second option, say so; if you do, I'll drop you a line if I find myself on the matrimonial market again."  
"That's cold-blooded!" he complained.  
"It's business!" she averred.  
"I'd rather have first option!" he pleaded.  
"A first option in such a case never has been and never will be secured by business methods," she replied.

**IT COSTS TOO MUCH TO BE SICK**  
Keep Your Blood In Good Condition and You Throw Off Disease.

**PAY ATTENTION TO YOUR HEALTH**  
No Need To Take Chances With It. Pepto-Mangan Makes Rich, Red Blood.

When you first feel a tired, afgone feeling and look pale, your blood is losing in quality. Weak, impoverished blood has no power to fight disease. It takes red blood to keep you well.  
If you keep your blood in good condition it will fight off disease. You will not be such an easy prey to cold and expensive sickness. With thin blood you take chances every day.  
There's no need doing that. You can take Pepto-Mangan and build up rich, red blood. With red blood you are able to win in the fight against prevailing diseases. Try Pepto-Mangan. It comes in tablets or liquid form. Take either kind. The tablet has the same medicinal value as the liquid. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name, "Gude's Pepto-Mangan," is on the package.  
—You can't make a man believe that any man who has a chin will grow a flock of whiskers and hide it.

One Billiard table together with Cues, balls, racks and etc.  
Six Mission Chairs to go with the above table.  
One leather covered sofa or couch: One typewriter and typewriter desk.  
One roll top desk.  
One desk table with drawers and etc.  
Also a lot of mission chairs and other miscellaneous furniture.  
Time of sale 12 M.  
This October 30th 1920.  
11-2-9-pd. T. LANIER Attorney.

**THE DIALOGUE FOR DECEMBER**  
Publisher—I suppose you know something about smallpox?  
Chief Health Officer—Yes; this is the smallpox season.  
Publisher—Suppose there will be quite a number of deaths?  
Chief Health Officer—Usual number. I expect unless there is an epidemic.  
Publisher—What a pity we must have this condition right along.  
Chief Health Officer—Yes, but it's all in a day's work.  
Publisher—I suppose lots of these deaths are preventable?  
Chief Health Officer—Oh, yes! if the people had good sense they'd soon be cut down to nothing.  
Publisher—They don't know anything about smallpox—how to prevent it or what to do when they get it.  
Chief Health Officer—That's it. They don't know anything.  
Publisher—If they knew what you knew about it, conditions would be different.  
Chief Health Officer—They certainly would.  
Publisher—Why don't you tell them what to do?  
Chief Health Officer—How can I tell them?  
Publisher—Advertise in the newspapers.  
Chief Health Officer—Now, my dear fellow, don't be absurd. Don't you know it is unethical to advertise, and, besides, we have no appropriation for that purpose.  
Publisher—Is it unethical to save the lives of American babies?  
Chief Health Officer—Oh, that's not the point! You see—  
Publisher—Where do you get the money to pay your salary—from the public?  
Chief Health Officer—Yes, but—  
Publisher—Well, why don't you kick to get enough money to do the job properly? Do you think the people would object to putting up the money?  
Chief Health Officer—Oh, I suppose they would not if—  
Publisher—if—if—if—if—if George Washington had if-if-if-if-if we wouldn't hve any American babies to save. They'd all be English.  
—A woman can sit down and worry over how terrible it would be if she did not have anything to worry over.

**FOUR MILLION DOLLARS ANNUAL TAX BILL**  
Three-Year Program For Tax Revision Required, According To Analysis.

(Washington Special)  
The nation will face a continuation of the annual tax bill of four billion dollars for a period of at least three years if Congress adopts recommendations drafted by treasury officials and which, it was understood have been laid before Secretary Houston for approval.

Mr. Houston, it was said, probably will include such recommendations in the form of an analysis of the government's financial condition in his forthcoming annual report to Congress. The analysis will show, and accompanying recommendations will suggest, it was said, that a three-year program for tax revision is in order to meet maturing government obligations and cover current federal expenses. Approximately eight billion dol-
