Convention Committee on Recreation

Following is a letter from Gen. Secretary to the committee. Also Section 9 of Resolutions read to B-P Convention in Henderson.

"The delightful trip that you Oxford people planned and carried out so successfully deserves special mention, and I want to thank you—the Power behind the Throne—for all you did to make this trip so wonderfully successful, and one so greatly enjoyed by everyone. To me it stands out as a very unusual thing, and I am telling it everywhere because I think it deserves honorable mention. I shall tell it at Detroit, and speak of it every time I mention the convention. Please again express to the Baracas and Philatheas and friends of Oxford our appreciation and thanks for their kindness, hospitality, and every courtesy shown. Please thank every person who took a car to Henderson, whether they were filled or not. Please thank every Pastor, every superintendent, and every officer and teacher of every class; in short you know who helped, who had a share in making this trip so very successful, so please tell them.

MRS. N. BUCKNER, Gen. Sec.

(9) To the Baraca and Philatheas of Oxford we extend our heartfelt thanks for one of the most delightful afternoons of the Convention. The trip to their beautiful city was most enjoyable. It was an inspiration to observe the great work being done at the Masonic Orphanage. Baracas and Philatheas of North Carolina were enabled by their visit there to catch a new vision of this phase of welfare work in the State. The reception tendered the delegation at the Lyon Memorial Building made each one present feel like saying with the poet:

"What's this? For joy our hearts stand still,
And life is loved and dear;
The lost and found the
Cause hath crowned,
The Day of Days is here."

Respectfully submitted,
R. P. Benson, chairman Baraca Committee; Miss Eunice Watson Chairman Philatheas Committee.

The amateur gardener may not realize it, but when working at his fractional part of an acre he is urged on by very remote ancestors, those who contrive to set every normal boy at hunting or fishing at some stage in his youthful career. The boy and the gardener have no immediate need for game, fish or vegetables, but the remote ancestors knew that unless they secured food they would starve and experience had taught them that hunger was a very unpleasant sensation. Because they realized this grim fact boys now desire to hunt, and fish, and men disregarding the nearby store, raise or attempt to raise, vegetables.

Buy Coal Now--Do Not Delay.

Simply to insure to consumers a supply of coal for the winter are we urging them to buy early whether they buy from us or not. Lower prices are not probable this season. Higher prices may and we believe will come later. We base our belief on high freight rates, high cost of production and general railroad conditions that there will be a shortage of coal and higher prices as the season advances as was the case last year. Consider well the placing of your order now while coal is available at reasonable prices.
