An Endangered Charter. (Philadelphia Record.)

Hartford, Connecticut, is in danger of losing its charter. The Charter Oak has perished, so there is no proper hiding place for the document if the State shall start out to get it. The State, being run by farmers, who are a small minority of the population but control a majority of the towns, has rejected daylight saving, which would oblige the farmers to get up an hour earlier to milk the cows, and they complain that they have to get up too early for comfort now. But the city of Hartford defies the authority of the State by enacting a daylight saving ordinance, and the Legislature can't think of any suitable way to punish the recalcitrant city except to take its charter from it.

—A searchlight, sixty inches in diameter, will be installed on Mount Tamalpais, near San Francisco, to illuminate an amusement park on the mountain. The rays of the searchlight will pick up a battleship twelve miles at sea and is five hundred times stronger than a locomotive headlight.

Tax Listing Notice

Beginning on the 3rd day of May and continuing during the month tax-payers must list all the property owned on the first day of May 1921. For the first twenty days of the month, you may list with your Township list-taker, according to the schedules given below and, unless prevented by sickness or accident, you must list with him. If so prevented, but on no other condition, you may list with me during the last ten days of the month.

All farmers are requested to come prepared to tell the list-taker the number of acres cultivated, number of acres plowed, and number of acres planted to each crop. I want to emphasize that this information will be kept confidential and will not be used for tax purposes.

Better Farm buildings Pay

Farm implements are too valuable now-a-days to have them ruined because of a leaking roof. Live stock is worth money, too. Take it all around, it's mighty good economy to put barns and sheds into first class shape.

How about your granary space? If you need more room, why not see us now about material for building?

Remember, we carry everything in lumber, including that handy wall and ceiling material, Beaver Board—and our prices are right. Why not ask us to give you estimates and help you plan your work? Phone or call any time.

COMMON AILMENT EVEN MORE DANGEROUS THAN SEVERE ILLS

Symptoms of Stomach, Liver and Kidney Troubles Mild in Early Stages But Serious Results Develop Often, Says Specialist.

FAMOUS PRESCRIPTION USED BY HOSPITAL FOR INDIGESTION, DYSPEPSIA, CONSTIPATION, TORPID LIVER AND AS GENERAL TONIC NOW OFFERED PUBLIC FOR HOME TREATMENT.

In the opinion of a member of medical staff of the United Medico-Chemi Hospital, if the public could be made to realize that the seemingly slight ailments from which almost every adult person suffers, to some extent, are actually more serious in their ultimate results than many of the more severe diseases, untold suffering and a large percentage of untimely deaths would be avoided.

It is in the comparatively mild symptoms of every-day disorders of the stomach, liver and kidneys that lurks the real danger, according to this specialist.

When one contracts malaria, typhoid or pneumonia the symptoms are so severe that the sufferer is confined to his bed, and, in alarm, promptly secures medical attention.

With the average sufferer from indigestion, dyspepsia, constipation, torpid liver and similar ailments, however, the case is just the reverse.

No one thinks of going to bed with a disordered stomach, and very few of us bother with taking the proper steps to correct the trouble. With most of us, "spells" of indigestion or dyspepsia are of such frequent occurrence that we have come to accept them as a matter of fact, and to trust to our much abused and over-worked stomach to straighten itself out.

The result is the attacks become more frequent, the digestive organs become badly deranged and fail to extract the proper nourishment from our food, waste matter clogs up and accumulates in the intestines, poisoning the entire system. Soon the condition becomes complicated and the sufferer is doomed to a lifetime of chronic misery, or else, with health and vitality reduced to a low ebb, he falls easy prey to some serious, deadly malady.

However mild the symptoms may appear in the beginning, disorders of the stomach, liver and kidneys are, directly or indirectly, the underlying

causes of nearly all sickness, and should therefore be of the most serious concern to every one so afflicted.

If your tongue is coated and your breath foul—if food sours and turns to gas in your stomach—if you have a "stuffed," heavy, drowsy feeling after eating, and breathing is short and difficult—if you have shortness of breath, rapid palpitation of the heart, heart-burn or dizzy spells—if you have sharp pains in the stomach, back, sides or under shoulder blades—if you are dejected, depressed or sleepless at nights—if you are constipated—if your appetite is poor and food does not taste right—if you are weak and nervous and becoming thin, pale and haggard looking—if you have lost all energy and ambition for work and pleasure, and life seems hardly worth the living—then there is no time to be lost in taking steps to help nature correct the trouble.

A remarkable discovery of medical science now makes it virtually unnecessary for any one to suffer from these disorders.

This discovery was made some years ago by staff physicians and

chemists of the United Medico-Chemi Hospital, who, after long study and experimentation, produced a formula of drugs which proved remarkably effective in the treatment of stomach, liver and kidney trouble.

Hundreds of sufferers have received this treatment at the hospital and in practically every instance, except where complicated conditions of other organs existed, the patient was promptly and permanently relieved.

So great was the success of the medicine and so insistent the demand for it by those who could not visit the hospital that it was decided to offer the prescription to the public for home treatment. The formula was given the name of **SANUX**, and is now prepared on a large scale in the hospital's private laboratories, just as it was formerly compounded for individual patients. **SANUX** aids digestion, acts as a mild laxative, gently cleansing the system of impurities, stimulates a natural, healthy appetite and builds up and strengthens the whole system.

So confident are the directors of the hospital that **SANUX** will do everything claimed for it, that, to any one who is not completely relieved after taking the treatment as directed, they offer the entire facilities of the institution in making a thorough examination and diagnosis, and will fully advise the patient without charge or obligation.

SANUX is sold by most of the leading druggists in this section in 8 ounce bottles. Take a bottle of two home with you today and commence this splendid "Hospital Home Treatment" at once. Do not accept a substitute, or something offered as "just as good." The genuine prescription used by the United Medico-Chemi Hospital is plainly branded **SANUX**. Look for this name on the carton and on the bottle, as shown below, and insist on the genuine.

If no druggist in your section has it in stock, the hospital will supply you direct on receipt of price—\$1.25. (Sold by J. N. Pittman, Druggist.)

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 7c.

'INDIGESTION'
If you are troubled with indigestion fill in name and address below writing very plain, take it to J. N. Pittman Drug Store and he will give you free one full size package of DAVID'S INDIGESTION POWDERS we believe it is the best made. Use it as directed then tell your neighbors about it. The first twelve persons will be served free, hurry 4-8-2tc
