Buy Coal Now--Do Not Delay.

Simply to insure to consumers a supply of coal for the winter are we urging them to buy early whether they buy from us or not. Lower prices are not probable this season. Higher prices may and we believe will come later. We base our belief on high freight rates, high cost of production and general railroad conditions that there will be a shortage of coal and higher prices as the season advances as was the case last year. Consider well the placing of your order now while coal is available at reasonable prices.

USELESS TYPHOID FEVER

It Costs Nothing To Be Insured Against this Awful Waste.—The County Board of Health Will Offer This Insurance To All the People Again This Year Free Of Charge.

Why risk your life in typhoid fever? No one is too good or strong to have it. Mr. A. L. French, one of the states best men had it and died of it. Why? Doubtless Mr. French was in the management of his own affairs a clean, sanitating man. He was such a careful farmer he can hardly be thought of as slovenly in personal habits, or careless in sanitary conditions of his farm. But he who was worthy to be Agricultural Commissioner of North Carolina was not out of reach of typhoid fever.

Mr. French was not vaccinated against typhoid fever. He doubtless fought it on his own premises; but after that he succumbed to it. Somebody else did not fight it as he did. That somebody was responsible for the carrying of the poison of typhoid to Mr. French, and did it while he was unprotected, that is, unvaccinated. It slew him.

You can not be too clean nor too strong for some one to bring it to you. You can not see it coming. It is a sneak you have to prepare for, or you risk your life. It is a waste of life to have typhoid fever. It may be partial, or it may be total.

It costs nothing to be insured against this awful waste. Just get vaccinated. The County Board of Health will offer this insurance to all the people again this year. Both white and colored, free of charge for the vaccine and vaccinators. Watch the Public Ledger for the dates and places. It will be earlier this year than last year. Everybody come the first date for his place the second date and the third so you will have full protection. Advertisements of date for your place will be posted. Watch for them. Get protection.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Treatment Of Common Colds.

"If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such an attack" says a well known physician "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy. Whether sick or well the bowels should move each day.

—A New York magistrate sentenced a barber to five days in the workhouse for presenting a bill of \$6.15 to a customer desiring only a shave.

GIRLS! WHITEN SKIN WITH LEMON JUICE

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

—More than 100,000 volumes and thousands of pamphlets on the Great War have been collected by the French Government. The collection of manuscripts, photographs and war records is appalling as to numbers and a building will be erected having five miles of shelving. Princeton University and the University of California, in this country, are especially strong on war material.

—A New York garage owner whose safe had been cracked twice improvised a shrapnel shell, consisting of a liberal charge of gunpowder and buckshot. He placed this in the cash box of the safe in such a man-

ner that upon opening it the charge would detonate. Following a loud report the watchman found the charge exploded and blood on the floor. The burglar had escaped.

Periodic Bilious Attacks.

Persons subject to bilious attacks at regular intervals, know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one-meal and take three of Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.

Pittman Says

After you eat—always take **EATONIC**

FOR YOUR STOMACH'S SAKE

Instantly relieves Heartburn, Bloating, Gas, Souring, and all the many miseries caused by

Acid-Stomach

SOWING AND REAPING

The principle of "as ye sow" stands undaunted through the ages. Man has ever reaped as he sowed. If we sow good seed, we reap bountiful crops of rich grains, and fruits. If we sow bad deeds we reap sorrowful results.

It is important to sow good seeds. It is important also to have good means of cultivation. The necessary **FARMING IMPLEMENTS** at the minimum of cost may be found at our **HARDWARE STORE** on College street and the necessary **BUILDING MATERIAL** for any farm building is in stock at our yards at Southern Railway Station.
