

**DEMOCRATIC POSTMASTER  
HAVE A FIGHTING CHANCE**

**If They Can Get Two Other Democrats To Stand the Examination.** Red Buck Bryant, Washington correspondent of the Charlotte Observer says: "North Carolina democrats now holding postoffice jobs can give the aspiring republicans a run for their money. If they can get two other democrats to stand the examination and outrank republican applicants they will be certified, and one of the three must be appointed. If the postmaster is the only demo-

crat to stand, he will be ousted, for three eligibles must be certified for the postmaster general to pick a winner from.

"Postmaster can serve out their four years under the Harding executive order relating to first, second and third class appointments. No one will be thrown out without 'cause,' but those in must walk the chalk line, lest somebody file charges against them. Any little irregularity may bring about a vacancy."

**Wisdom of the Bankers.** (Richmond Times-Dispatch.) Resolutions adopted at the final session of the annual meeting of the

executive council of the American Bankers' Association, show a comprehension of public needs that is a splendid tribute to the wisdom which marked its deliberations. Among commendable resolutions adopted were those opposing Government ownership and operation of railroads, approving American representation on the Supreme Council and Reparations Commission, opposing further issuance of tax securities, approving the budget system for handling Government finances, and suggesting the need for bringing into operation at the earliest possible moment financing machinery for the extension of long-time credit to restore foreign credit.

**SHORT CUTS**

—Gold assaying ninety-one dollars to the ton has been discovered in the Gatineau district, Quebec, about fifty miles north of Ottawa.

—As a result of many years of study, a machine has been developed in Lyon, France, to make raised embroidery in gold and silver. The stitch is a copy of an ancient form of embroidery and gives an impression of handwork. The machine uses the metallic thread.

—A London man placed a plum pudding in a tin box embedded in a sack of lime. Tying a rope to it he lowered the sack ten feet below the surface of the Thames. When raised to the surface at the expiration of two hours the pudding was found to be cooked thoroughly. On contact with the water the lime slacked, causing sufficient heat to cook the pudding.

—Seeds from the chaulmoogra tree of India, the oil of which forms the base of a treatment successfully used in treating leprosy, have been received in the Philippine Islands by the Bureau of Science. An attempt will be made to grow the tree for this purpose.

—The prison population of the Middle and Southwestern United States decreased 12.4 per cent in the last six years. This falling off in prison population of this section is equivalent to more than the combined prisoners of Kansas, Iowa, Wisconsin and North and South Dakota in 1914.

—Many New York families are planning to eliminate rent bills during the summer by erecting tents in state and municipal parks which are thrown open to campers. For \$2 a week one is permitted to erect and live in a tent not larger than 10 by 12 feet and containing not more than four persons.

—"Carrying coals to Newcastle" has actually been accomplished by a firm of French exporters, who sent a direct shipment not only to Newcastle, but also to Cardiff, the center of the South Wales coal fields. The coal was sent in response to a demand by English industries suffering on account of the coal strike.

—Six skeletons, believed to be those of white soldiers who lost their lives in combat with the Indians during the early wars in the Oregon country, were unearthed by excavation crews working on the Columbia River highway near the Deschutes River. Army accountants were found in the graves.

—A concert sung by members of the Chicago Grand Opera Company into a wireless telephone at San Francisco was heard as far east as Salt Lake, as far north as Southern Alaska, as far west of Honolulu and as far south as Point Loma, close to the Mexican border. Ships on the Pacific within a radius of fifteen hundred miles also heard the concert.

**EXAMPLE OF THE SPIRIT OF THE DEFIANCE OF LAW**

(Charlotte Observer)  
The tragedies precipitated on Greensboro and the surrounding community through the agency of an automobile loaded with whiskey, cannot fail to impress upon the minds of the people the extent to which the law-breakers are to rule in North Carolina. The occurrences of Wednesday afternoon were of the kind that might have been considered extremely improbable, if not impossible, in any other than an out-law community and among an uncivilized people. The scenes were enacted in no isolated community nor were they under cover of darkness. With defiant boldness, three men in charge of a large quantity of contraband product drove into the center of a busy city, and when a police officer attempted to place them under arrest, he was shot down in his tracks. Then the outlaws bolted into the country, and no military tank would have proved a greater menace to the traffic that might have been encountered. The furiously reckless party was bent on escape and they would have fired on anything in the way as quickly as they would have run it down.

The Greensboro occurrence was the most impressive example of the spirit of defiance of the laws that has developed in this State in many years, if, indeed, it has a parallel. It affords the best argument yet developed for an abandonment of the fine in dealing with liquor cases, and a fixed and an immovable determination on part of the courts to adopt and adhere to the prison sentence.

**ASPIRIN**

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Monaceticacidester of Salicylicacid.

**Photographs by the Air Route.** (Arkansas Gazette.)

A group photograph of twenty-six people, six women and twenty men, was dropped into the yard of M. E. McCowan's home at DeRoche last Friday when tornadoes were tearing up a part of Arkansas. Mr. McCowan thinks the photograph was brought a long distance by the wind. The photograph was made in Due West, S. C. Some years ago a photograph was lifted by a tornado high in the air and carried from Hot Springs to Searcy before it floated to the ground.

—A California bank has instated a device which it is believed will protect its vault from the most skilled of safe crackers. Huge bottles of mustard gas have been placed inside the heavy steel door and so arranged that the slightest jar will break them, allowing the deadly contents to escape.

—The famous railroad car in which the armistice was signed has been transported to the army museum in the Invalides. The table, chairs and cabinet are arranged in it exactly as they stood on the morning of November 11, 1918.

**Many Tell Of Quick Relief  
Of Long Standing Troubles**

**Real Power of Hospital's Home Treatment Shown By Results in Chronic Disorders of Stomach, Liver and Kidneys.**

**Three Cases Typical of Scores of Others Reported at Hospital from Points Where Sanux is Now Being Distributed**

Perhaps the most striking evidence of the remarkable power of the prescription now known as Sanux, which was used at the United States Medico-Chemi Hospital for indigestion, dyspepsia, constipation, torpid liver and stomach complaints arising from stomach, liver and kidney troubles, is found in the speedy manner in which chronic, long standing disorders respond to the treatment.

A great many of those who received the treatment at the hospital during the past several years were suffering from severe and complicated troubles, and it was the seemingly miraculous recoveries in many of these cases which created so much comment and caused the fame of the medicine to become widespread.

Thus it was that the demand for the prescription became so great that the directors of the hospital decided to offer it to the public for home treatment.

The following statements which have recently been reported to the hospital are typical of scores of cases in which Sanux has promptly relieved disorders of long standing, in many cases after all other means had failed.

**R. R. Man Is Relieved  
After Long Suffering**

Vinton, Va.—"I suffered for years with chronic indigestion," says Mr. S. E. Settle, a well-known railroad man of Vinton. "I had headaches all the time, was nervous and could hardly sleep at night. Food soured in my stomach and didn't seem to do me any good and I lost flesh and got in a terrible run-down condition. I tried many medicines, but nothing seemed to do me any good.

"Then I heard about Sanux and began taking it. I am now on my second bottle, and it has done me a

lot of good. My digestion is better. I am not troubled with headaches any more, I sleep better and feel stronger and have more energy. My son is troubled with constipation and I've started him taking Sanux also, and it has helped him. Sanux has helped me after other medicines had failed, and I am glad to recommend it to others who suffer as I did."

**Mrs. Robertson Says She  
Suffered For Seven Years**

Roanoke, Va.—"For the past seven years I have suffered with constipation and indigestion, and one bottle of Sanux has given me relief I was never able to secure by any

United Medico-Chemi Hospital, 10th and Clay Sts., Richmond, Va.

means," declared Mrs. G. T. Robertson of 1710 Norfolk avenue, this city.

"My indigestion was so bad when I lay down nights, I would almost smother, but today I'm looking better, have a good color, my appetite

is improving, and I sleep fine, resting better than in many years. Those smothering spells have ceased entirely, and I am relieved for once of constipation troubles. It has brought such quick relief I know I am now on the road to good health. I gladly endorse Sanux."

**N. C. Farmer Relieved  
Of Three Years' Suffering**

Pelham, N. C.—Mr. R. H. Jones, a well-known farmer living on Route 2, near this place, has been the victim of a severe case of indigestion for three years, and what Sanux accomplished in his case testifies to the remarkable power of this great Hospital Home Treatment to relieve disorders of a chronic nature.

"I had suffered from indigestion for three years," says Mr. Jones, when I heard of what Sanux was doing for others, so I decided to give it a trial. I have taken three bottles of the medicine and it has done me lots of good. My indigestion has been relieved and I feel stronger and better in every way. I gladly recommend Sanux as a fine tonic."

Sanux aids digestion, acts as a mild laxative, gently cleansing the system of impurities, stimulates a natural, healthy appetite and builds up and strengthens the whole system.

Sanux is sold by most of the leading druggists in this section in eight-ounce bottles. Take a bottle or two home with you today and commence this splendid "Hospital Home Treatment" at once. Do not accept a substitute, or something offered as "just as good."

If no druggist in your section has it in stock, the hospital will supply you direct on receipt of price—\$1.25. Sold by J. N. Pittman, Druggist, and J. G. Hall.

## Something New

I have put in a high-class cleaning and pressing machine, which affords the very best service and quick delivery.

# BEAVER BOARD

FOR BETTER WALLS & CEILINGS

## Make a Clean Job of It

WHEN YOU REPAIR OR REMODEL

See how easily you can cover up old dingy cracked walls and build-in permanently new rooms all over the house—all without muss or litter.

Quite a contrast between doing your repairing and remodeling with clean panels of Beaver Board than trying to get a permanent job with messy lath and plaster.

Now you can use Beaver Board and put it right on top of the old walls and ceilings. With Beaver Board you can make usable rooms out of useless spaces in attic and basement.

Then, too, it is as good for the new home as it is for remodeling the old one.

Beaver Board is a new form of lumber. It's built up from the strong clean fibre of the spruce tree into large sturdy panels of knotless, crackless manufactured lumber. It's moisture-proofed by a patent Sealite process that prevents warping. Beaver Board will last as long as the building.

You owe it to your home, old or new, to see us about Beaver Board now.
