# WILL THERE BE A TOBACCO MARKET IN OXFORD NEXT YEAR?

Their Tobacco Can Be Sold Right Here At Home.

Quite a number of farmers from time to time ask the Public Ledger co market in Oxford next year?"

sition to know that without doubt there will be a tobacco market here the coming year. Farmers in planhandled right here at home.

We understand that there will be a meeting of the tobacco growers of North Carolina, South Carolina and Virginia early in the new year to sea date when the cooperartive plan will go into effect. It is claimed that more than two-thirds of the tobacco that may be produced next year in the three Staates has been signed up. That being the case, it is unreasonable to suppose that the the warehouses to handle it.

If the cooperative marketing plan is effective, there will be a market in Oxford. In that event, the farmers will be told how much to plant, how to grade it, where to take it when cured, how much he will get for it THE SLOGAN OF "NINETY on delivery and that 60 percent of the fixed price will be handed to him. In the event the pool is effective, the association will need all of the warehouse room they can get to grade and store the tobacco.

One thing is sure, there vill not be any idle warehouse property in Oxford next year, and there will be just as many men engaged in handling tobacco then as now.

000. The producers want a fair warehousemen, bankers and business men have said so, and it is now

beging in any part of the world.

### THESE CATTLE EXIST IN ALL COMMUNITIES

#### A Masher Got All That Was Coming To Him.

The Greensboro News has stated that on one of the principal streets of Greensboro no woman who is alone is safe from insult after nightfall. That paper had vigorously denounced the condition and promised that something would happen-and it did a few days ago. A 14dy was left alone for a few moments by her husband. A vulture on the watch approached and when the lady tried to walk away, he followed. Then the husband appeared and gave the fellow a beating he will remember to his dying day; and the police court sent him out with the con-

victs, where he belonged. These cattle exist in all communities and it is hoped the Greensbero man's example will be followed in dealing with them.
