## BAPTISTS COLLECT \$38,918,000 CASH

LARGE ADVANCES ARE MADE

REPORT ON CONTRIBUTIONS TO 75 MILLION CAMPAIGN ISSUED BY HEADQUARTERS OFFICE

DR. EVERETT GILL  
European Representative Baptist Foreign Mission Board.

Up to January 1, 1923, Southern Baptists had paid in cash on the 75 Million Campaign, their five-year program for the advancement of the general missionary, educational and benevolent activities of the denomination the sum of \$38,918,191.10, according to a report issued by the general headquarters office.

These contributions have come from the various states and other sources as follows: Alabama, \$1,653,739.40; Arkansas, \$1,165,153.35; District of Columbia, \$143,564.70; Florida, \$609,016.02; Georgia, \$3,669,516.70; Illinois, \$320,482.95; Kentucky, \$4,122,039.78; Louisiana, \$1,035,640.23; Maryland, \$489,494.29; Mississippi, \$1,591,011.34; Missouri, \$1,537,067.49; New Mexico, \$170,998.36; North Carolina, \$3,365,330.21; Oklahoma, \$1,052,438.20; South Carolina, \$3,309,252.60; Tennessee, \$2,340,766.77; Texas, \$5,002,785.32; Virginia, \$4,192,802.12. Special designated funds, Texas, \$1,223,640.55; New Mexico, \$403,072.68; Louisiana, \$105,100; Illinois, \$148,591.11; Tennessee, \$192,853.25; Oklahoma, \$59,000; received direct by Home Mission Board \$15,340; received from special sources by Foreign Mission Board, \$86,103; contributed by native churches on foreign field and expended by them directly on their work there, \$1,003,356.68.

Indicating something of the progress which the impetus of the Campaign has brought to various phases of denominational effort in the South it is reported that during the three years of the Campaign period that have expired, Southern Baptists have had 150,000 more baptisms than they did for the three years immediately preceding the Campaign, organized 3,000 more new Sunday schools with 400,000 new pupils, enhanced the value of their local church property by \$33,000,000; increased their contributions to local causes by \$22,000,000; gave \$18,938,862 more to missions and benevolences, and advanced their contributions to all causes by \$43,480,494 during the three years of the Campaign over what they gave to all causes for the three years immediately preceding the Campaign.

**Gains in Special Fields.**  
The Campaign has enabled the various state mission boards to greatly enlarge their programs of state and associational missions within their respective boundaries. It is pointed out; made it possible for the Home Mission Board to complete its \$1,000,000 Church Building Loan Fund, extend its work among the foreigners, Indians and Negroes, administer 134,382 baptisms, secure 218,371 additions to the local churches, provide larger equipment for its system of 38 mountain mission schools, establish the Southern Baptist Tuberculosis Sanatorium and greatly increase its work in other directions.

Some other gains in the homeland include the better equipment and maintenance of the more than 84 academies, colleges and seminaries other than the mountain schools; increasing the number of Baptist hospitals from 18 to 20, and providing better equipment and maintenance for all of them; increasing the number of Baptist hospitals from 12 to 20 and beginning the erection of three others at the same time all the older ones have been better equipped; while the number of aged ministers helped has been doubled and the stipend giver each has been greatly increased.

**Mission Work Extended.**  
In the realm of foreign missions the Foreign Mission Board has been enabled to send out about 250 new missionaries, employ over 500 additional native workers, greatly increase the equipment in the way of church buildings, chapels, schools, hospitals, publishing houses and mission residences in the older fields of China, Japan, Africa, Italy, Brazil, Argentina, Paraguay, Uruguay, Chile and Mexico, and open up new work in Spain, Jugo Slavia, Hungary, Roumania, Russia, Palestine and Siberia. In the territory now occupied by the Foreign Mission Board there is a total population of 900,000,000, or more than half the people of the world.

Due to the enlargement of the missionary program in Europe the board has been compelled to station a general representative there in the person of Dr. Everett Gill, who has general oversight of the work on the continent and maintains his headquarters at Lausanne, Switzerland.

## PECAN TREES

Plant Them Along the Roadway.  
Suggests Judge Clark.

I note that the ladies have recommended that between Greensboro and Winston trees shall be planted on each side of state highways, and that in one of our Eastern towns they have caused papershell pecan trees to be planted on each side of the streets.

Will you permit me to repeat a suggestion which I made through your columns many years ago on my return from Europe, which was that on each side of our public roads, trees should be planted that will bring in some profit and thus aid in paying the expenses of the maintenance of our highways?

I called attention to the fact that in France and Italy this is almost universally true. In France the roads are in three classes: national routes, departmental routes and commercial routes, which roughly correspond to (1) great roads laid out and maintained by the national government; (2) state roads; and (3) county roads. On each side of all these is a row of trees which are a striking feature of the landscape. In France, these trees are at stated periods cut down to give room for younger trees which are growing up alternately.

In Italy the trees, Lombardy poplars, are used for the grape vines to run on. In France the wood is sold and goes far for the support of road maintenance and in Italy a rent is charged for the use of the trees by vine growers.

I suggested then as I venture to suggest now that papershell pecan trees be planted on each side of every road in this state and the fruit be sold for road maintenance. They would produce a considerable revenue. The shade of the trees will make traveling more comfortable and the roots would keep the road bed dry. All three of these advantages have been the result in other countries, though the trees used have not been pecan trees.

I respectfully submit this to public consideration.—Walter Clark, North Carolina Supreme court, Raleigh, N. C.

## The Empire Of Spindles.

(Charlotte Observer)

The town of Kings Mountain which voted itself out of Gaston and into Cleveland, seems intent on gaining reputation as the Gastonia of Cleveland. It has eleven cotton mills, which gives it a majority of one over Shelby and all of Cleveland County. Kings Mountain is a lively youngster and though it has considerable distance to cover, it may yet catch up with Gastonia. That town now claims 45 cotton mills, but in that are included the assets from Spencer Mountain, Ragan and South Gastonia. These mills, however, are sufficiently closely clustered as to bring them within proper claim by Greater Gastonia. The investment in the 45 mills foots up almost \$16,000,000. These mills have an annual payroll amounting to \$4,451,972 and they consume 102,697 bales of cotton a year. Outside of Gastonia and within the borders of Gaston County, there are 59 cotton mills, which easily make Gaston the Empire textile county of the Nation.

## Man's Best Friend.

There has always been more or less disputation as to whether man's best friend is the dog or the horse. There is no question whatever about the horse being man's best servant—his best slave. But when it comes to understanding the human moods and tempers and sympathizing with them, which is the true test of friendship, the dog surely wins out over the horse, the cat, the canary bird and all the rest of the animal and bird tribes which man has tamed and made a part of his household outfit.—Baltimore American.

## Horace Knew.

Little Horace had been allowed the privilege of sitting up a little later than usual. Finally his mother called to him to come upstairs.

"Oh, say, sir," begged the boy

"can't I stay up just a little longer? I want to see you and Mr. Todd play cards."

"But we are not going to play cards tonight, Horace," said Mr. Todd.

"Oh, yes, you are; you can't fool me," replied the boy. "I heard mother tell sis that everything depended on the way she played her cards tonight."

In every walk of life, the crying need of people is co-operation, so why shouldn't the churches combine to give co-operation? What difference does it make how man was created?"
