PORTLAND CEMENT

a daily necessity

PEOPLE once thought of it for sidewalks only. Today no type of permanent building is erected in which Portland Cement is not an important part—adding to its permanence, its safety, its fire protection.

Your building material dealer knows types of construction, knows materials. Ask his advice on both—he knows the necessities for good building.

RED CROSS ADVANCING IN HEALTH CAMPAIGN

Extends Service to New Fields and Brings Healing Hope to Remote Sections.

"The supreme opportunity for leadership" for the American Red Cross is its health service. Thus a committee made up of prominent physicians, sanitarians and public health experts, after months of exhaustive study, reported and urged that not only should the Red Cross continue its present service, but should undertake a comprehensive educational campaign along public health lines. The annual report of the American Red Cross, just issued, discloses that it has grasped this opportunity in the fields of public health nursing, instruction in home hygiene and care of the sick, nutrition work, first aid to the injured and in water life-saving.

Health service is fundamentally, historically and practically an important function of the Red Cross, and each year marks its extension into new fields and along broader lines. In the Red Cross Nursing Service there are enrolled nearly 40,000 nurses, 20,000 of whom served during the World War. The past year Red Cross nurses were assigned to duty in isolated sections of Alaska and North Carolina and to work among the fishermen of Penobscot Bay, Me.

The Public Health Nursing Service, inaugurated by the American Red Cross in 1912, which operates chiefly in rural sections untouched by other public health agencies, has 1,033 Red Cross nurses working under the direction of Chapters. This work has won so high a regard that many of the nurses are taken over by the local authorities to maintain health services for their communities. Instruction in Home Hygiene and Care of the Sick is noting a steady advance. Since 1914 certificates of proficiency have been given 304,427 women who completed the Red Cross course. In the last year 26,595 certificates were awarded and 65,901 students were under the instruction of 1,054 Red Cross nurses.

The benefits derived from meals balanced to meet each person's peculiar needs is winning widespread recognition through the work of the Red Cross Nutrition Service, particularly in the schools. During the school year 2,688 carried on regular instruction in nutrition, reached more than 150,000 children and adults. More than 2,250 volunteers assisted in this work. Throughout the country 35,283 health meetings were held under Red Cross auspices, attended by approximately 254,500 persons.

STOVALL NEWS ITEMS

(L. C. Wilkerson)

Stovall, Oct. 25.—It is stated that the National Highway which is being hard surfaced between Stovall and Bullock, will be thrown open to the public in a few days, making a continuous stretch of 14 miles of hard surface north of Oxford.

The last section of the Pittman Construction Company, which has completed the National Highway project through Stovall will leave for Atlanta this week.

The Southern has recently made some changes at the local station, and we have a nice depot for a town the size of Stovall.

Quite a number of people from Stovall attended the "Society Circus in Oxford last week and greatly enjoyed it. It will bear repeating.

There is some talk of the Stovall High school issuing a paper soon, but the unborn publication has not been named.

Z. M. Williams, of the State University, and Rex and Joe Davis, of the State College, spent the week here with relatives and friends. Luther Pollard and family of Dur-

ham, spent the week end here with C. H. Norwood. Mrs. Howell Norwood is the guest of friends in Durham this week.

Mr. C. L. Emory has ginned quite a lot of cotton here this season. Miss Mary Fort of Oxford spent the week end here with relatives and friends.

 THE UNIVERSAL CAR

New Sedan

Changes featured in the new Ford Sedan make it a better looking, roomier car.

A higher radiator with a trim apron at its base lends dignity befitting a closed car. The higher hood and enlarged cowl curving gracefully to the dash give a stylish sweep to its body lines, and afford additional leg room for occupants of the front seat.

All body fittings—window regulators, door grips, door latch levers, door lock, dome light—are finished in nickel. The upholstery carries a fine dark line on a soft brown background that does not easily show dust or dirt. Silk window curtains to harmonize for the three rear windows enhance the style of the car and add to the comfort of its passengers. See the new Sedan and other new Ford body styles at our showroom.

These cars can be seen at the Ford Weekly

CRENSHAW'S

Oxford Chataqua, November 7, 8 and 9.
