Leaving New York City. (Philadelphia Record)

High printing costs in New York City seem to be running the magazines away from there to other places. Collier's after next week will be printed in Springfield, Ohio. A number of other New York magazines have already moved to other cities and others are talking of doing so. The Curtis publications long ago exploded the theory that New York was the only place from which a National magazine could be made a success.

WORK WEARS ON THE KIDNEYS

Doan's Pills Have Done Great Ser- vice For People Who Work In Oxford.

Many Oxford people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Pills are for weak kidneys and bad backs. Their effective work in Oxford is convincing proof of merit. Ask your neighbor! Mrs. T. R. Frazier, 75 Broad St., Oxford, says: "My back just throbed with pain and it was stiff and lame in the morning, which made it hard for me to dress. The longer I stood, the more tired I became. It was all I could do to get around to do my housework. It felt as though there were a weight tied around my waist, which was pulling me down. At times my kidneys acted irregularly and my limbs were swollen. Spots floated before my eyes. It was Doan's Pills, which I bought at the Lyon Drug Co., that relieved me of the misery."
Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Frazier had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THE HOUSE-WIFE

Chocolate Eclairs
Follow the same recipe for Cream Puffs—the only difference being in shape. When dropping the mixture on the greased pans, spread in length-wise shape instead of round. When baked fill with cream filling and cover with chocolate frosting.

Cream Filling
1½ cups of milk; 3 tablespoons sugar; 3 tablespoons cornstarch; 1 level teaspoon butter; ¼ level teaspoon salt; 1 teaspoon vanilla; 1 whole egg.

Mix flour, cornstarch and sugar, add to well beaten egg. Pour on the milk, heated to scalding. Return to double boiler and cook until thick, let cool, add extract and fill cream puffs.

Devil's Food Cake.

2 cups flour; 2 level teaspoons baking powder; 2 level teaspoons cinnamon; ½ of a nutmeg (grated); 1¾ cups granulated sugar; ½ cup sweet milk; ¾ cup butter (scant); 2 whole eggs; 1 cup warm mashed potatoes; 2 squares chocolate (grated); 1 cup nut meats.

Cream butter and sugar, add yolks (well beaten), then add mashed potatoes, chocolate and nut meats, stir well; then add alternately milk and dry ingredients, which have been sifted together. Fold in square pan twenty-five to thirty-five minutes in moderate oven, at 325-350 degrees F. This cake will keep indefinitely.

"Feather Fluff" takes lots of good wind (from your own lungs, I mean). The children can sit around a table and form sides. A little fluffy feather (don't pull it out of the old rooster's tail!) is placed in the middle. Each side tries hard to blow the feather into the other's camp and to keep it out of their own. This results in much funny puffing and blowing.

Feathers, Figs and Fun.

After your feather game you'll be quite hungry. Wouldn't it be a treat if mother could have a steamed fig pudding made like this?

¼ cup shortening
1 cup sugar
1 egg
1 cup sweet milk
2 cups self-rising flour
1½ cups chopped figs.

Cream shortening; add sugar slowly and beaten eggs; add milk; mix well; add flour. A half teaspoonful of vanilla is next and then the fruit. Pour into greased mold and steam for two hours. Serve with foamy sauce.
