ing the present campaign, and the newspapers are loud in their praise

of him as an orator and campaigner. The Williamston correspondent, where Mr. Brummitt spoke last Thursray night said:

"The former brilliant speaker of the house, and our next attorney-general covered himself with glory when he laid bare the scandals of the Republican party.

"Mr. Brummitt spent the major portion of his time in the discussion of state issues, but put an emphasis Best 3 reflex yellow, \$2.00-Miss on the national campaign that hardly has been given by any of the state candidates., In a speech of remarkable brevity for a subject of so many ramifications he detailed the incidents in the oil scandals and pictured an attitude of President Coolidge toward them. "The presidential office should receive the respect it deserves," he said, "but a people have the right to assess the qualities of a candidate whether in the White House Best 1 reflex yellow, \$1.00-Miss or only seeking it. Judged by his past performances, the Republican candidate for President does not have the courage or the capacity for office.'

Mr. Brummitt, as it his wonted directions, began at the beginning, Ap-ril 29, 1922, and 1-id bare the category of crimes of the Republican party, showing that the transfer on May 31, 1921, was made when President Harding signed the order and the control of these oil lands went to Secretary Fall of the interior. The committee reported the transfer illegal and that congress had juristiction over these lands. The leases were made privately and without competent to Sinclair and Doheny."

## A Helpful Hint

What a Few Grains Of Rice Will Accomplish.

A good housewife states to the Public Ledger that in damp rainy again. This is not only inconvenient and a waste of time but is also not necessary. By placing a few

grains of rice with the salt in the salt shaker you will do a lot to remed this. The rice being larger than the salt will not shake out with the salt and it will tend to absorb most of the moisture, thus leaving the salt dry Dr. Holliday, president of Oxford and able to shake out through the small holes in the top of the shaker.
