The new refrigerators and all other products in the prize kitchens are from the company's new 1950 lines of refrigerators, steel kitchen sinks and base and wall cabinets, freezers and electric water heaters, which have just been introduced by Crosley. The company introduced its electric range line and full line of television and radio receivers last spring.

Safety Talks Made At Nichols Meeting

The John Nichols Parent-Teacher Association held its second general meeting in the school library on Thursday afternoon, October 13, at 3:30 o'clock.

In the absence of the president, Mrs. Kelway Howard, vice president, presided. The meeting opened with a song "Come Thou Almighty King," followed by prayer by Rev. Ronald Hicks.

A short business meeting was held, at which time E. T. Regan announced that the annual Halloween carnival would be held on Monday night, Oct. 31. Mrs. Kelway Howard gave an enthusiastic report of the district PTA meeting which was held in Chapel Hill.

Safety was the topic for discussion. C. E. Coble gave some interesting remarks on safety. He discussed hazards caused by faulty electric wires. G. R. Harrison, fireman, spoke on Fire Prevention Week. He explained the workings and the equipment of the Oxford Fire Department.

F. R. Gregory Named In Ont.

Granville Native Chosen at Meeting of Directors of Marketing Association

Francis R. Gregory of Leamington, Ont., Canada, native of Granville County, was earlier this month elected chairman of the board of directors of the Ontario Flue-Cured Tobacco Marketing Association.

Mr. Gregory, who pioneered the flue-cured tobacco industry in Ontario, has been a member of the board since it was first instituted 16 years ago. He succeeds Archie Leitch of Guelph, chairman of the board since it was first formed in 1934, and who tendered his resignation at the annual meeting.

The Canadian board has not set the minimum average price for this year, but for the previous year it was 41.25 cents, the growers actually receiving an average of \$12.72.

Mr. Gregory went to Canada in 1901, taking up residence in Leamington, where he was assistant to his brother, Col. W. T. Gregory, manager of the leaf department of the Empire Tobacco Company of Canada, a branch of the then American Tobacco Company of Canada. The firm later became part of the British American Tobacco Company and became known as the Imperial Tobacco Company of Canada, Ltd. In 1920 he became manager of the leaf department of the company, retiring in 1932.

A pioneer in growing tobacco in Ontario, Mr. Gregory commenced growing burley tobacco in the Leamington district in 1926, starting to grow flue-cured tobacco in Norfolk the following year. He was the first to have Belgians as growers in his county.

Since 1926, he continuously has grown tobacco and at present operates 20 farms in Norfolk, Oxford and Elgin. He also operates 10 soybean farms in Essex and Kent counties.

A member of the board of directors of the Ontario Flue-Cured Tobacco Marketing Association since its inception in 1934, Mr. Gregory

was one of those instrumental in its organization.

He still maintains his old home in North Carolina, being the last member of a family of three children. He spends several weeks several times each year at his home in Granville County.
