PNB Directors OK Transfer of Funds, Raises Loan Limit

Directors of The Planters National Bank and Trust Company have approved the transfer of \$500,000 from undivided profits to surplus.

The effect of this action increases the bank's capital and surplus to \$6,000,000 and raises its legal loan limit to \$600,000. The legal limit is the amount of money that the bank can legally lend to any one entity.

Archie W. McLean, president of the bank, said the move was desirable to provide capital growth concurrent with the bank's overall growth, and to meet the needs of expanding major businesses in the area.

Savings interest paid to customers of the bank increased \$239,866 to \$1,514,752 from \$1,274,886 a year ago. The directors also voted the regular quarterly dividend of 20c per share payable on October 18 to stockholders of record, October 8.
