SATURDAY, MARCH 3, 1877

Our legislators are timid. They fear to tax dogs and prot ect sheep. The Rothchilds have five family

mansions in l'aris valued at 100,000,000 francs. Willing Accomplice Wheeler is

suggested as the real name of the Fraudulent Vice President. Esp"Sir James Gordon Bennett" is

what the l'aris papers have got to calling him how. Brigham Young is now so feeble

that he has to be rolled about in an easy chair, being unable to walk, The Legislature will adjourn on Monday the 12th. So a caucus on

Monday night decided. Ex-Senator Carl Schurz, whose wife and father died recently, is now

called to mourn the loss of his mother. A letter addressed to "Robert Burnes, poet, Heaven," lately reaced the returned-letter branch of Glosgow'

postoffice. The U. S. Senate is endeavoring to give Hayes \$50,000 a year. The House had previously fixed Tilden's salary at \$25,000.

Congress has appropriated \$375, 000 to pay mail contractors in the South, the amount due them for services performed in 1859, 1869 and 1861.

Quite a debate in the Senate last Tuesday, in regard to the public' debt question, the proposition before the Senate being the bill of Mr. ME-BANE, of Rockinghym, to re-enact the | title, like a giant's robe, hang loose funding bill of 1874 75.

Mr. CRAWFORD carried his bill, proposing an amendment to the Constitution, requiring the pre-payment of poll tax before registration for voteing, through the Senate on yesterday by the requisite three-fifths vote.

Grace Greenwoyd says she "feels somehow like a mother to the Republican party," Such may be her feelings but unless she has been at one time wedded to the Devil, it is hardly probable she is the mother, she feels herself to be, -Courier Journal.

The Washington correspondent of the Baltimore Sun says it can be stated as very nearly fully determined upon that Judge Settle will go into Hayes' Cabinet. It is equally certain, this writer says, that ex-Senator John Pool will not receive a Cabinet appointment although he would take it could he get | A cutpurse of the empire and the rule,

The cold in Russia has been more severe this winter than for 135 years. In St. Petersburg, on December 30, the thermometer fell to 32 degrees (Reamur) below zero. Several cab-men were frozen to death on their seats, and cats, pigeons and sparrows were found dead in the streets. Large fires were kept burning at night for the benefit of thepublic.

Governor Hayes is a very bleasant gentleman (we hope none will construe that into one of Ben Hill's "overtures"); but if he's counted in he will have to sit under a blue-glass vase and live on a fish diet to cope with the Democratic Senate of two years hence. His Presidential limbs will not be stretched on flow ery beds of case, and the smoke of his torment will ascend for a couple of years at last .- Cincinnati Enquirer.

Les Just as we go to press we learn by a private telegram that the electoral Count has been finished and that Returning Board Hayes will on next Mondency on "the black wings of fraud" rather than Tilden should have gone in on the Oregon vote, that is is if we can secure the control of the State Govern ments in Louisiana and South Carolina · Senate will be nearly a tie.
