THE LOOM OF LIFE. All day, all night, I can hear the jar Of the loom of I'e, and near and far It thrills, with its deep and muffled sound, As the tireless wheels go round and round.

Busily, ceaselessly, goes the loom In the light of day and the midnight's gloom; The wheels are turning early and late. And the wool is wound in the warp of fate. Click, clack! there's a thread of love wove in; Click, clack! another, of wrong and sin; What a checkered thing this life will be When we see it unrolled in eternity.

Time, with a face like mystery.
And hauds at basy as hands can be.
Sits at the loom with arms outspread.
To catch in its meshes each glanding thread.

Dr. Demite Templeton, their candidate for Governor, declared that fallure to nominate a ticket then was cowardice, and that results were nothing. Now he and W. H. Dr. Templeton is known to believe that to the sugar growers. Now the tax made up by recruits. A DISMAL FAILURE.

A friend has privately taken us to

task for saying, in a late editorial, that the People's Party is a Dismal Fail-

There are many people calling them-selves Populists who are not failures. They are among the best of our citi-zens, but the People's Party is a fail-Where are the men who were its leaders two years ago? Where are Gresham, Weaver and Watson? Everybody in this country, who knows

angthing, knows that Gresham is a member of President Cleveland's Cab-inet. Heis the watch-dog of the Demperatic tanyard. Weaver was the candidate of the Peoples' Party for President at the last election, but what is he new? He is a Democratic candidate for Congress and says he will "wipe the ground" with his Populistic opponent. Is that so? "True as preaching." Gen. J. B. Weaver was nominated for Corgress last Wednesday by the Demecrats of

the Ninth Congressional district of What does it mean? Why, it simply means that in the opinion of Walter Q. Gresham and James B. Weaver the Democratic party is the best party in 26.53 the field. Watson has not yet come in, but he would if there was an opening 30,45 for him. Cleveland has no room for him in his Cabinet, and the Democrats of Georgia don't want him to represent them in Congress.

Look at Alabama. Kolb is getting himself together and wonders what struck him. Oates thrashed the filling 16 to 31 10 to 27 out of his shirt, and his friends are free looking for a blanket to hide his nakedness. That was "a high old time" they had in Alabama last week. Keib mustered every discordent element, but Oates whipped out the whole managarie; bears, coons, rattlesnakes and all. Now look at South Carolina. Tillman will probably beat Butler for the Senate—but, who is Tillman? A political hermaphrodite, a blackguard and a bully. He is for Ben Tillman, and it free makes no difference with him what

means he employs to accomplish his object. Even the papers of his own State denounce his campaign as a shame and a disgrace. But how is it in North Carolina? Some days ago the People's Party met n solemn State Convention and nominated a Chief Just'ee and three Associate Justices of the Supreme Court, not one of whom belongs to the People's Party. They are perfectly willing to have Populist speakers go about the country, inflaming the minds of the country people against the Democratic Party but when it comes to selecting judges to 12.12 decide issues relating to life, liberty 14.34 and property, they have not a man for the place. They actually nominated two Republicans and two Democratfor Judges of the Supreme Court. If the People's Party is not a Disma Failure, we would like to know what constitutes failure. True the party has not absolutely surrendered but it has done worse. It has formed a coalition with the Republicans that will run its best men out of the party like panic stricken people fleeing from a city of

pestilence and death. Recognizing the worth of very many Populists, and having for them the highest personal regard, we repeat our assertions that The People's Party is a Dismal Failure.
