REV. MR. ADAMS IN ASHEVILLE.
 Asheville Baptist.

Bro. Adams preached two sweet gospel sermons to our people last Sunday. The sincerity, the tenderness, the earnestness of the man attracted all who heard him. He lives to please Christ and Christ alone. O that every preacher could lay aside every other thought and purpose but this one and on all occasions, in season and out of season, preach Christ. The world needs Christ—nothing else. Souls are thirsting after the water of life. Why not

give it? Why preach theories and dogmas to the exclusion of this one, great and only theme? Is it at all surprising then that the people were so delighted with Bro. Adams' sermons? By no means—they gave us spiritual food. We cannot see why two kinds of sermons are ever necessary. If the object of preaching is the salvation of souls, why not preach revival sermons all the time? If other kinds of preaching is the best to bring about interest in one's salvation, then why change to revival preaching when it is desired to awaken interest and save souls? The religious world is waking up to this great idea: *Evangelistic preaching is all that people need to hear*"

THE VALUE OF COINS.

The value of gold coin is to its weight; the value of silver coin is the government stamp on it. The value of Simmons Lever Regulator is the relief it gives from Brounsness and Sjek Headache. A 25 cent package of powder has permanently cured many a one.
