CASWELL'S PROSPERITY.

Rev. J. R. Jones in Biblical Recorder. Can we speak of prosperity now? In these hard times is it not a thing of the part? An abundance of meney is not a necessary element of prosperity. People may do very well and be happy without a great deal of it.

In Caswell county there is an abund-

ance of corn, and a great deal more meat, from what I hear, than has been raised in the county in many years; and then there are thousands of gallons of molasses. So I think, so far as provisions are concerned, the condition of our people is much better than it has been for years.

In point of education, the county is far from being what it ought to be ; but the interest in education seems to be looking up a little, and it is hoped that in a few years we shall be better off in this respect. We ought to have at least three high schools in the county, but we have not one. We hope also that our public schools will improve.

Read His Positive Statement.

WASHINGTON, N. C., Feb. 14, 1895. Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:-I have used Mexican Mustang Liniment for ten years in my livery stable, and find that it is the best thing in the world for a HEAVEY HORSE. Put three tablespoonfuls of Mustang Liniment in a pint of cold water and give it to the horse and it will stop the heaves in 6 hours. I can also recommend it for Sprains, Stiff Joints, Harness Galls and as a first-class Liniment for Family use.

THE AVERAGE COST, OF DEMO-CRATIC LEGISLATURES COMPARED WITH THE REFORM

CONCERN.

The cost and actual expenses of the late "reform" Legislature have been much greater than any of its Demoeratic predecessors. This is no ide Court of Buncombe, etc., counties, assertion nor Democratic campaign lie," out is the simple truth which can

be easily proved. In 1876 the Democrats amended the constitut on so as to limit the pay of the Legislature to four dollars a day. for each member, for a period not exceeding sixty days, and since that amendia out was adopted not a single. solitary Les islature has cost as much as our lare Donglass Legislature In order to prove this stit ment we have examined the official reports of our State Auditors, from which we find that the cost and expenses of each of our Democratic Legislatures for the years named below are as follows:

Legislature of 1879.....\$53 598 10 Legislature of 1881..... 56,259.26 Legislature of 1883..... 57.475,38 Legislature of 1885 ..... 58.286 7 t Legislature of 1887..... 60 499.94 Legislature of 1889..... 59 951.28 Legislature of 1891..... 63,118.11 Legislature of 1893. ..... 65.976.18

So it appears from the above figures which cannot be disputed, that the gue has been turned down, but that an average cost of every Democratic Legsvowed enemy to organ zed labor, and islature for nearly twenty years was \$59.758.55, and the cost of the late "reform" Leg sla ure was \$72 604 66. 'It has been suggested to me that you, as the Attorney-General, might institute a proceeding to go behind the ratification by alleged fraud, and established the fact before the court that none of the acts essential to its validity as a law were in fact performed, except the enrollment and ratification. In Scarborough vs. Robinson the want of ratification was declared a fatal defect. Why should not the more important matter of failing to pass a bill tarough either house be sufficient to show its want of validity?
