The remembrance of the incident in American history above referred to is causing considerable anxiety to thinking republicars at the p esent time. Aithough every effort was made to take advantage of the fact that a democratic administration was in power when the height of the of which J. W. McNeil was chairman, panic was reached, and that, to a large extent, the American public was misled, those republicans who were permitted an insight into the actual state of affairs in the Treasus ty, realized that the McKinley tuiff was too high to produce revenue and that the credit of the country was maintained only by the reduction of Lindsay Patterson for Chief Justice, the schedules accomplished by the as they regard him a much stronger Wilson bill. It became necessary, however, for the success of the res publican party to again increase the schedules in accordance with the demands of the protected interests, and, therefore the Dingley bill was passed. At the present time history is showing a tendency to repeat its self. The country is enjoying an unusual prosperity owing to the Rural Hall judicial convention. The county board had not taken earlier a co tion because Kernersville is an incorporated town and it thought the local authorities would do all that was neeessary. Dr. Bynum found a number of cases there, seven in one family, and learned that there had been about forty cases in the neighborhood. At his suggestion Mayor Ray called a meeting of the council last night and better arrangements will be made at once to stamp out the disease.
