At 70 of Heart Disease Contracted

During Civil War-Veteran Grateful.

Dr. Miles' Heart Cure Effected Cure.

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a reg-ulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil war I contracted heart disease, and in 1896, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I said nothing to anyone I never expected to live to return to the dear old town. On reaching Mrs. Kirby's she insisted I should try Dr. Miles' Heart Cure. 1 procured a few bottles of it, al o the Nervine and Tonic. After using one or two bottles, I could see no improvement, and I despaired of ever being better, but my faithful wife insisted on keeping it up, which I did. Im-provement soon began in earnest and I took in all fifteen or sixteen bottles. I was restored to perfect health and while I am 70 years old, I am comparatively a boy. You sir, are a benefactor, and I cheerfully recommend Dr. Miles' Heart Cure to suffering humanity."—J. L. SLAUGHTER, Salem, Va.

Some of the friends of one of the candidates are trying to array the republican masses against the office holders, but it won't work. Our republican voters are too patriotic for that. ANDREWS' CAR IN ACCIDENT. Richmond Times-Dispatch,

Yesterday morning about 7.15 the private car of Col. A. B. Andrews, first vice president of the Southern railway, while standing on the siding between the junction of the Richmond, Fredericksburg and Potomac railroad and the station used by the Chesapeake and Ohio and Seaboard Air Line railroads, was struck by an engine running backwards into the station.

Fortunately the occupants of the car escaped without any injury, Col. Andrews suffering only a bruise on his left knee and left foot. Mr. S. B. Patterson, his clerk, received a two-inch cut on the head and some bruises about the body. Dan Polk, the colored porter, was thrown through a face, besides being bruised. Mr. H. escaped without a scratch or a bruise.

Col. Andrews, Mr. Patterson and the porter returned to Raleigh last night by the Seaboard Air Line, none the worse for their experience of being in the accident. The car was sent to the shops to repair the damage it raceived.

Asheville Citizen. Rev. R. G. Pearson has decided to move from Asheville and he and Mrs.

and he and Mrs. Pearson are at Miss Moore's on Victoria road. Naturally great regret will be felt ov everyone at Dr. Pearson's leaving, because for many years he has been endeared to the people and the constantly increasing reputation of the distinguished evangelist has been a matter of pride to the city, but his leaving is really a matter of necessity and not of choice. For twenty years Dr. Pearson has labored incessantly in the evangelical field and this trying work has so affected his heart that Dr. Burroughs has peremptorily forbidden his patient to continue longer in this service. Raleigh Times.

News reached Raleigh today of a case of white-cappers rendering summary justiec to a wife beater near Clayton. It seems that a white man who is a prominent farmer, named Charles Whitely, who lives about four miles from Clayton, had some domestic trouble with his wife and proceeded to beat her unmercifully. She fled from her home to the home of her relatives and there told her pitiful story, exhibiting marks of the inhuman cruelty to which she had been subjected. The next night an organized body of unknown men visited the house of Whitely, tied him up and carried him out into the woods and there beat him with horse-whips until he was almost dead. Their parting injunction to him was to leave the community by the next night, and if he didn't, they would come back and kill him. Instead of leaving he got together a crowd of his friends and waited for the avengers, but as yet they have not carried out their threat. More trouble is expected.
