Robt. Bostian, the negro man who was knocked in the head several weeks ago, was up town today for the first time since being hurt.

The World office seems to be an ill fated place just at this time. Another compositor, J. S. Williams, was taken sick today and had to leave his case.

The family of Dr. J. M. Flippin came over from Thomasville this morning. They will occupy Mr. P. P. Meroney's house on Horall street near V. Wallace's.

Mr. T. D. Roseman has returned from a business trip to Texas. Mr. Roseman says that free silver has swept the State, and that the people are almost a unit on it.

Not the new woman but the coming girls will serve ice cream to-morrow evening on the lawn of Mr. P. P. Meroney. Encourage these fair young workers in doing good.

You cannot be promised a refreshing rain but you can be served with refreshing ices if you will come to the lawn party to-morrow evening on the lawn at Mr. P. P. Meroney's.

The members of the running team of the fire company and those who have been requested to join are urgently requested to meet at the Mayor's office tonight at 8 o'clock.

Do not refrain from doing good when the opportunity offers. Help the young ladies at their lawn party to-morrow evening. They will have a variety of tempting ices, cakes, etc.

W. J. Todd says that it was not during the balloting that Judge Russell called him a d-d spy but during an interim. The difference is immaterial but we make the correction at Mr. Todd's request.

Mr. H. G. Miller, while out seining this morning near Zeb, was bitten in the hand by a water moccasin. The moccasin left three fangs in his hand which were taken out. He has suffered but little with his hand although it is considerably swollen.

Mr. P. Haut Meroney is a duly authorized collector of the WORLD and will call on those who are due us from time to time. Mr. Meroney will also attend to receiving subscriptions, job work, etc.

Mr. H. T. Simpson has been appointed a delegate to represent the Salisbury Methodist Sunday school at the conference of Sunday schools and Epworth Leagues which meets in Statesville on the 29th.

The Comedy Company did not meet last night on account of the absence of a number of the caste. New plays have been received and it is highly important that every member should attend a meeting to be held to-night.

The committee which is collecting money for the firemen's tournament is meeting with fairly good success. They would be glad, however, if all who could would call at Swink's store and not necessitate the committee calling upon them for a settlement.

"There By His Love O'erlaid."

The infant child of Mr. John Brandon, who lives on the farm of N. B. McCanness near town, died this morning. It was buried this afternoon.

Many Strawberries on a Small Scale.

Mr. Ed. Fesperman, of Franklin, one of the largest strawberry raisers in the county, has brought to the city about five hundred quarts of berries since Saturday morning. A number of these were shipped to other points.

In Bar Circle.

Mr. John Moyle, who for a long time conducted a saloon here but who has been in Winston for several years, is in the city making preparations to come back to Salisbury and conduct a saloon in the room adjoining H. C. Trott's bar on Inniss street. He will open up in July.

Gov. Carr Pleased With Rockwell Farm.

Gov. Elias Carr was evidently pleased with his recent visit to Rowan, as may be judged from the following in the Raleigh correspondence of the Charlotte Observer:

Governor Carr tells me he has never seen so fine a herd of cattle as the 150 on Capt. E. B. C. Hambley's farm at Rockwell, Rowan county. One hundred cows are now being milked, and these yield on an average seven pounds of butter each per week.

Says the Populists of Rowan Won't Vote For Russell.

Capt. John Beard, chairman of the Populist county executive committee was asked this morning what he thought of Russell's nomination.

"I am not at all interested in it," replied the Captain.

"Will the Populists of Rowan county vote for him in case the Republican and Populist parties fuse?" was asked him.

"Speaking for the Populists of Rowan, I can say that they will not," he replied. This is the sentiment of nearly all the Populists with whom we have talked concerning Russell's candidacy in connection with fusion.

Attention, Consumers.

R. W. Price has the nearest beef market in the city. He has recently furnished his room; has a refrigerator of his own design, which has proved itself a complete success by keeping meats cool and fresh. By giving his business his own personal supervision, his customers are assured they will always find the very best. NO ADVANCE IN PRICES.

I have bought 27 steers and heifers as good, if not the best, lot of cattle as were ever sold on this market. Buy the beef and be your own judge.

M. L. JACKSON.

Swift's Silver Leaf is the most popular Lard on the market.

TWO WOMEN BEATEN.

An Infuriated Mob in Search of a Political Speaker Visits Two Houses and Mistreats the Women. Much Excitement in the Neighborhood.

There was, as we understood at the time, an organized effort on foot in the neighborhood of Yost, where A. L. Lingle and A. F. Hileman were advertised to speak last Thursday, to intimidate Mr. Lingle before he had completed his speech. The discussion, however, was not held and Mr. Lingle left the appointed place on Mr. Hileman's failure to appear. Our correspondent from Yost writes us of the search of a mob for Mr. Lingle and, failing to find him, their assault upon two women. He writes as follows:

On May 14th, there was quite an excitement in this section. A mob made up at the speaking grounds at Fink and Yost to see after A. L. Lingle. The mob went to Kinkick's and failed to find him and assaulted Laura Roseman and from there they went to Gus Schenck's and again they failed to find him and there assaulted Schenck's wife. The mob will be looked after at the August term of court. This mob was not what it should have been.

A Big Storm Reported.

A big storm, accompanied by thunder and lightning is reported to reach here tonight. At the present writing the indications are that the prophecy will be realized even before night. The country around is parched and a good rain at this immediate time would prove a blessing.

Down an Embankment.

Walter Williams, colored, while under the influence of whiskey, took a tumble down the embankment next to the second bridge over the Southern last night. He fell a distance of about twenty five feet and was pretty severely cut up about the face. He is laid up to-day but is not seriously hurt.

Contractor Hamilton Builds for Salisbury.

Contractor S. A. Hamilton came up from Concord last night and will remain here this week. He will soon begin the erection of the stores on Fisher street for Shaver and Woodson. Work on the hotel Mr. Hamilton is building at the new Southern shops is progressing rapidly.

Another Change.

At the called meeting of the town commissioners yesterday evening complaint was made by Mr. T. L. Swink before whose door the commissioners recently ordered the country beef wagons to stand. The board thereupon ordered a change and the country man with his beef wagon will hereafter stop in front of the old jail building near the Lutheran church.

The commissioners granted permission to J. J. Allen to repair the Rowan house which is being fitted up by W. D. Walker, the present proprietor. A double veranda will be placed in front of the house.

Please Read This.

Go to J. S. Marable's tent in the old Washington building opposite the Opera house. He has a new refrigerator, has tested the same and it does the work to perfection. He will handle the best stall feed cattle that the county can afford, regardless of cost, and he will sell the same as cheap or cheaper than ever before. No flies on his meat, and correct weights guaranteed.

Flour—Roller King, Majestic and New South Superlative Patent Flour. Same flour under different brands. Advertisers in The Sack and its excellent quality is Found In The Oven and Upon The Table. Ask your Grocer for it.

Get your beef roast and chops, Bologna, smoked and mixed sausages at Jackson's.

A DOUBLE TRACK.

The Southern Crossing Business Necessitate a Double Track Between Greensboro and Salisbury.

The Southern is soon to lay a double track between Salisbury and Greensboro. This we learn from a reliable source. A new iron bridge which is to span the Yadkin for the double track has been built and will be placed in a few months.

The Southern's bridge force which has been in the city several days left yesterday but will return to erect the new bridge as soon as they have placed two other bridges. The double track will be to accommodate the immense traffic which will be brought over this road.

It has been apparent for some time that a single track between these points did not meet the requirements of the Southern's enormous traffic both freight and passenger and it is to this end that the increased facilities will be provided. Traffic, by this means, will be very much facilitated and serious delays on account of wrecks, blocked tracks and such will be avoided.

They Pay for the Fight.

Milas and Rosa Kaziah, the participants in the fight on Council street Sunday night, were before the Mayor last night and paid into the city treasury \$5.05.

Mrs. Holder Buried.

Eugene Holder returned from Statesville last night, where he went yesterday to attend the funeral of his sister-in-law, Mrs. William Holder, who died Sunday evening. Mrs. Holder, who went up yesterday morning, is still in Statesville with her son.

The Executive Committee Meets Tomorrow.

The Democratic executive committee of the Seventh district has been called by chairman Pinnix to meet in this city tomorrow. The committee will select a time for holding a convention to recommend two delegates to be elected by the State convention to the Chicago convention.

The City Hall To Be Built at Once.

Another column will be found a notice to contractors calling for bids for the new city hall which is to be erected next month. The plans for the building were made by Mess. Tinley and Seay, of this city, and it will be a credit to the town when completed.

Just as soon as the bids are opened and the lowest bidder announced work will be begun on the building. It is something that Salisbury has long needed and our commissioners acted wisely in deciding to build it.

The Watchman Suspends.

The Carolina Watchman, published here in the interest of Populism, has suspended publication. Edor Atkins has not been in the city for several weeks and Mr. Mott, of Redell, who was getting out the paper became discouraged last week and quit work.

The Watchman is probably one of the oldest papers in North Carolina, having been established in 1832. It is the property of a stock company in the county.
