EVENING WORLD

LOCAL DEPARTMENT.

LEROY SMITH, - LOCAL REPORTER

TELEPHONE NO. 55.

LOCAL WEATHER REPORT.

COMMERCIAL AND MANUFACTURERS CLUB OBSERVER.

TEMPERATURE:—7 a. m., 73, 2 p. m., 91.

WEATHER FORECAST FOR TO-DAY:

Threatening with rain and possible thunderstorms tonight; Wednesday showers.

IT'S LOCAL.

SOME OF THESE ITEMS WILL BE OF INTEREST TO YOU.

One of Mr. Theo Atwell's children is quite low with pneumonia.

The Southern shops have begun working on the ten hour system. They work from 7 to 6.

We are glad to see Mr. L. A. Peebles on the street after a confinement of a week with chills.

Attention is called to the notice of seizure of Deputy Collector F. M. Thompson in another column.

We are glad to learn that there is some improvement in the condition of Mrs. N. P. Murphy to-day.

Jim Dunham, who has been with E. H. Marsh for some time, is now mending the collecting wagon of the laundry.

Inform rank K. of P. will meet tonight for drill, after the regular business of the lodge has been transacted.

The condition of Mr. Jno. Irvin, who was shot at the fairgrounds last Friday is unchanged today. Mr. Irvin still suffers very much with his arm.

M. C. Boyden who has been spending several months at home will return to the medical college in Baltimore in a few days to resume his studies.

Mr. J. A. Sloop, of Lipe, was in to see us today. Mr. Sloop tells us that there has not been enough rain in his neighborhood since March to lay the dust.

John Henry Lentz, who has been working at Concord for the past year came up last night and returned this evening. His wife will remain here for some time yet.

M. H. Caldwell, Esq., of Concord, came up last night to see his client, Dr. James White. White was taken to Albemarle yesterday evening so Mr. Caldwell failed to see him.

Several extra coaches were attached to the northbound train this morning to accommodate those returning from the general conference of the A. M. E. Zion church which has been in session at Mobile, Ala.

Solomon Carter, who has been wanted here several days for throwing a rock at another boy, was run in yesterday evening and placed in the calaboose. He was fined \$1.85 at the mayor's office this morning.

The running team of the fire department made several good runs last night. They have begun practicing in earnest and the team that outruns them in the tournament this year will have to get a move on itself.

The new schedule which will go into effect on the Southern the 14th of next month, will, it is said, effect a change in the morning trains that pass Salisbury. The northbound will reach here about 8 o'clock and the southbound about nine.

Annual Meeting Tonight.

The first annual meeting of the Manufacturers and Commercial club will be held at the club room tonight at 7:30. Officers are to be elected for the ensuing year and other business is to be transacted.

His Leg Broken.

Mr. W. D. Meacham, who lives in the lower part of the county, had the misfortune to break his leg yesterday. He was chopping down trees when one fell before he could get out of its way. He tripped up and the tree fell on his left leg breaking it.

To the Convention at Pittsburg.

Messrs. Edwin Shaver and T. P. Johnston left last night for Pittsburg, Pa., to attend the National Convention of the Prohibition party. They were joined at Greensboro by Mr. J. H. Southgate, of Durham. They will probably return the latter part of this week.

The New Laundry.

We again call the attention of the Salisbury public to the fact that the Salisbury steam laundry can turn out just as good work as any laundry in the State and better than any laundryman. Their money is all spent right here among us and they should receive the patronage of the Salisbury public.

Another Member of the Afflicted Family Dead.

Another member of the afflicted family of Mr. Shives, on Chestnut Hill, died last night at 8 o'clock. This is the fourth one of the family to pass away within the past few weeks.

David, the 16 year old son, was chosen by the death angel last night after a few days illness. The remains were interred this evening.

A New Mail Division.

The new train on the Western road will be put on June 14th, and this new train will be the means of bringing eight mail clerks to Salisbury. These clerks will be transferred from the Norfolk and Bristol division and will run between Salisbury and Chattanooga, Salisbury being the terminus for that division of the mail service. We are glad to know that these gentlemen will take up their abode in Salisbury.

A Spinning Wheel Wanted by Missionary Lingle.

A letter received by Mr. S. C. Russell from Rev. Will Lingle, missionary to China, asks him to secure a spinning wheel and send it to him.

Rev. Lingle is from Rowan and has been in central China as missionary for some time. He says that the little spinning wheel would be an improvement over the spinning machines used by the Chinese.

The small wheels have become very scarce in this State but if any person has one in good condition Mr. Russell would like to hear from them.

FLOUR—Roller King, Majestic and New South Superlative Patent Flour Same flour under different brands. Advertisements in The Sack and its excellent quality is Found In The Oven and Upon The Table. Ask your Grocer for it.

New lot of Irish Homespun for ladies skirts and walking coats. Also for gents Summer suits, at Young's.

There are no flies on Jackson's meats.

Attention, Consumers.

R. W. Price has the neatest beef market in the city. He has recently refurnished his room; has a refrigerator of his own design, which has proved itself a complete success by keeping meats cool and fresh. By giving his business his own personal supervision, his customers are assured they will always find the very best. NO ADVANCE IN PRICES.

Swift's Silver Leaf is the most popular Lard on the market.

Mr. Holder Dead.

Eugene Holder left this morning for Statesville in answer to a message announcing the death of his brother, William Holder, which occurred yesterday evening at five o'clock. Mr. Holder's wife and one child have died within the past three weeks.

To Prevent a Water Famine.

J. W. Davis, of the Southern, left this morning for Hendersonville to make arrangements for supplying the Asheville and Spartanburg engines with water at that place. We understand that the water supply is so low that the town refuses to furnish the railroad with water and it will have to be secured from some other source.

Union Bible Meeting.

Rev. Thos. H. Law, of Spartanburg, S. C., will be in the city the latter part of this week in the interest of the American Bible Society, of which he is district agent. Sunday morning he will preach in the Presbyterian church and at night he will conduct a union bible meeting at that church. There will be no night services held at the other city churches as they will join in the union meeting.

Dr. Murdoch Gets the Street Car Franchise.

The incorporators of the Salisbury Electric Light and Street Railway Company have transferred their franchise to Dr. F. J. Murdoch, making him the sole owner of the franchise. Dr. Murdoch tells us that an opportunity will be given all Salisburyans who wish to take stock but he expects to raise the larger portion of stock from outsiders. He has already secured a large amount of stock and will push the matter until the desired amount is raised. The motor power to run the cars and lights will probably be brought from the Yadkin river.

Teachers Elected For the Graded Schools.

The school committee met at the Mayor's office yesterday evening to elect teachers of the white graded school for the ensuing year. The session was a long and lively one. There were four applicants for the position of principal, Prof. R. G. Kizer, T. R. Foust, J. M. Weatherly and Edwards, and an equal number of applicants for the other places. Prof. R. G. Kizer was elected on the first ballot.

Prof. J. L. Graham was elected to Miss Neely's position and Miss Edna Lowe to fill the vacancy created by Prof. Graham's promotion. The following constitutes the corps of teachers as elected yesterday:

Principal, Prof. R. G. Kizer, J. L. Graham, Miss Edna Lowe, Miss Samantha Rutledge, Miss Sallie Sossamon, Miss Carrie Crawford and Miss Hattie Bringle.

The salary of assistant superintendent, to which Prof. Graham was elected, was reduced from \$60 to \$55, and that of the primary department, taught by Miss Bringle, was increased from \$35 to \$40.

The old teachers in the colored graded school were re-elected with the exception of Etta McNeely, who was succeeded by Bettie Henderson.

The Watchman To Be Resuscitated.

The publication of the Carolina Watchman will be resumed under a new management, Mr. Samuel Archie taking the editorial control. His political convictions are in perfect accord with the party whose cause he will champion—the Populists. The Watchman will appear this week under its new management.

To Organize a Brass Band.

A strong effort is being made by some of the young men of the city to organize a brass band. Those interested in the movement will meet at the old tobacco factory on north Church street tomorrow night. There is enough material in Salisbury to furnish several brass bands and it is earnestly hoped that enough will take hold of this movement to insure its success.

Bids for Ballot Boxes.

Chairman W. L. Klutz, of the county commissioners, has in his possession several bids from carpenters to furnish the ballot boxes for Rowan county. At the meeting of the commissions next Monday these bids will be considered and the making of the boxes let to the lowest bidder. Under the election law passed by the last legislature eighty-four boxes are required for the voting places in Rowan county. These are to be a cubic foot inside measure and a hole in the top will be just large enough to receive one ticket at a time. A sample of the boxes is to be seen at Klutz & Rendleman's.

Revs. King and Fisher in Charlotte.

Rev. Messrs. Fisher and King arrived in the city yesterday and are attending at the college, but the matter will most likely be decided to-day or to-morrow. Charlotte is still hopeful of winning the coveted prize. Mr. C. H. Duls, who has been employed as counsel, accompanied the above named gentlemen in visiting the several sites yesterday afternoon. The visitors are stopping at the Central Hotel while in the city.

The WORLD had not been able to get any information as to whether or not a decision had been rendered up to noon.

Not Satisfied With the Weather.

MR. EDITOR:—What is the matter with our weather report? It looks like there is a bit of contrariness somewhere. When they put up a flag for rain or snow it don't rain or snow worth a cent. When they put up a flag for warmer it gets cooler. Does the fault lie in weather or the flagmen? They could hit it more correctly by simply taking Hick's forecast in McLane's medical almanac. And if a fellow is very curious to know something more in advance of the weather and will procure Hick's word and works and one of his barometers he will be pretty well furnished. He hits it 95 per cent.

Mt. Holly correspondence Charlotte Observer: Euclid Fichte, son of Mr. John C. Fichte, who lives near Mountain Island, arose early recently in his usual health, and took a drink from water which had been standing all night. Within five minutes he commenced to get very cold and sick, aching all over, and went back to bed. He died within twenty minutes. His death was of a spasmodic nature, the muscles contracting so as to form large knots all the body.
