### CONCORD.

WE were absent last week at Concord, attending the Superior Court. William Cook was convicted of perjury, but upon the petition of numerous citizens of the County, the judgment of the Court was suspended on condition that he leaves the State.

We were pleased to remark the many evidences of improvement in that prosperous town. Its kind intelligent and public spirited citizens deserve success and prosperity. We regret that Dr. HARRIS has closed his Hotel. He has placed a seal on THE WHIG AND ADVOCATE the mouths of his customers. Their "ponderous jaws" will never again one at his hospitable board. Shenstone must have had some such Hotel as Dr. Harris' in his minds' eve, when he wrote :--

OUR friend, A. H. CRESS, exhibited to us a few days ago some duriosities, both in size and shape, in the way of sweet pota- year. toes. Mr. Cress had the potatoes weighed and measured, and the following is the result :

No 1, measuring two feet 101 inches in length, and eleven inches in circumference, weighing five pounds and eight ounces.

No. 2, measuring two feet six inches-circumference one foot, weighing five pounds. No. 3, one foot five inches in length-circum-

Mr. Cress intends to invite his friends to dine a la Marion, on these edibles, soon as a "possum" of corresponding size can be obtained. We have advised him to send an express to Milton for the one (which according to brother Evans,) lately ascended a pole 160 feet high, then fell-curled his tail and walked on laughing. Some fun in that "possum."
