COUNTY APPROPRIATES \$1,000 TO COMMISSION

Meets Requirement in Order to Partic-
ipate in Federal Highway Money
and County Will Get \$10,000—
Committee to Arrange Tax Rate
for 1917.

At a call meeting of the board of
county commissioners, held Thurs-
day and at which all members were
present, the following business was
transacted:

It was ordered that Mr. C. M. Hen-
derlite be given an order for two car-
loads of Virginia coal at \$6.00 per
ton.

Chairman Hall and Superintendent
Thomason were appointed to confer
with T. H. Knox relative to sidewalk
and hedge.

Register of Deeds J. C. Deaton was
authorized to go to Morganton to see
what could be done regarding the ap-
plication of the county for admission
of Mrs. Victor Hodge to the State
hospital. (Mr. Deaton was in Mor-
ganton yesterday and succeeded in
having the application favorable
passed on.)

Campbell's bridge across the Yad-
kin river was ordered repaired.

The sum of \$1,000 was appropri-
ated to the State Highway Commission,
this being ten per cent. of the amount
to be apportioned for this county of
\$11,000, as the \$1,000 will be refunded
to the county by the State High-
way Commission.

Application was made to the board
for the use of the Community Build-
ing auditorium for a concert by the
orphan class from Oxford orphanage
and this was cheerfully granted.

It was ordered that in place of us-
ing the change of road as reported by
the committee, from near J. K.
Goodman's barn through Mt. Ulla,
that said road be used as it now is,
crossing the railroad at the roller
mill and again beyond the station.
This action was taken on account of
the stringent financial condition of
the county.

It was ordered that Messrs. Hall,
Fleming, Gray and County Auditor
Neave meet with the county attorney,
Kerr Craige, Esq., to fix the tax rate
for 1917.

It was agreed that two pigs be pur-
chased for each of the county camps
to be fed on refuse from the camp
kitchens and when killed the meat be
sold and proceeds turned into the
county treasury.

On account of the financial condition
of the county it was decided to defer
the Renche's ford bridge matter.

SHERIFF KRIDER HAS REGISTRATION BLANKS

Sheriff J. H. Krider has the regis-
tration blanks and other matter nec-
essary to the registration for the con-
scription in securing an army in the
present war with Germany. All men

between the ages of 21 and 30 years
will be required to register on June
5th, the day designated yesterday by
the President as registration day un-
der the act passed by congress. Af-
ter the registrars complete their work
the blanks will be forwarded to the
proper authorities and those who are
to be exempt will be singled out.

The sheriff has been in possession
of the blanks and other papers for
some weeks but was instructed to keep
them well secured and not to make
it known that they were in his keep-

ing until after the President had
signed the bill and announced the reg-
istration date.

The registration books will be at
every voting precinct in the county
on June 5th and those who act as
registrars will serve voluntarily and
without compensation. There will be
no trouble in securing men for this
work, and already a number of men
have volunteered their services to the
sheriff for this work. These regis-
trars will be named by the sheriff and
will be picked out at an early date.
