WISE THIEVES STEAL AND COMPROMISE.
Last summer a bank clerk in New York stole \$100,000. He lost the money by "fighting the Tiger." He then called on a lawyer and informed him that he was a ruined man and thought of suicide. He led to the following dialogue:
"How much does your defalcation amount to?"
"One hundred thousand dollars."
"Got any of it left?"
"Not a cent."
"That's bad; you have left nothing to work with."
"What must be done?"
"You must return to your desk and extract another hundred thousand."
"What must I do that for?"
"To preserve your character and save us from going to the State prison.—With the hundred thousand dollars you are to steal to-morrow, I intend to compromise with the bank. Your stealings to-morrow will amount to \$200,000. I will call at the bank and confess your offense; I will represent myself as your heart-broken uncle, "honest but poor;" will offer the bank \$50,000 to hush up the matter. The bank will accept. This will leave \$50,000 to divide between you and me—that is \$25,000 apiece. With this sum you can retire from business."
The young man listened and took on wisdom. He doubled his defalcation and compromised as the lawyer said he should. He is now worth \$250,000, and is counted "one of the most respectable gentlemen in the city of New York."

The sensational story about a minister from Maximilian to President Johnson, presenting himself to the secretary of State with a letter of condolence on the death of President Lincoln, and being politely bowed out, conveys at least as much information to the State department as to the public. Nothing is known in Washington of any such letter, or any such interview.

NEW SKIRT FOR 1865 HOOP SKIRTS.

J. W. BRADLEY'S NEW PATENT DUPLEX ELLIPTIC, (OR DOUBLE) SPRING SKIRT. This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For children, Misses and Young Ladies their use is superior to all others.

The Hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable comfortable and economical skirt ever made.
