## Headquarters, Post Salisbury

SALISBURY, Aug. 31st, 1865.

General Orders, No. 4.

I. The preservation of order in the town of Salisbury, will be left entirely to the Civil Authorities, except when the Mayor shall call for the assistance of the Military forces. To this end, all guards will be at once withdrawn, except those actually on duty.

II. Soldiers will be permitted to visit the town under the following restrictions: Three men of a company at any one time, on passes approved at Company, Battalion, and Post Headquarters, but no pass will extend beyond a regular roll call. No pass will be granted after tattoo roll call.

III. When soldiers are in town, they will be required to observe and obey the rules and ordinances for the government of the city, and any violation of the same, will subject them to arrest and trial by the City Authorities.

IV. Patrols will be sent through the town at such times as may be deemed necessary for the purpose of arresting all soldiers found absent without authority, or who are in any manner disorderly. The latter will be at once turned over to the local police, to be disposed of according to law. The patrols will be always ready to assist the city authorities in the maintenance of order, when called upon by the Mayor or Chief of Police; and will act for them only when so called upon.

Any violation of the rules concerning passes, will subject the offender to imprisonment in jail.

## NEW SKIRT FOR 1865

The Great Invention of the Age in

### HOOP SKIRTS.

J. W. BRADLEY'S NEW PATENT DUPLEX SKIRT. This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For children, Misses and Young Ladies they are superior to all others.

The Hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable comfortable and economical skirt ever made.
