A recognition of this policy and principles would be required of those who receive office and patronage from the Government. George Francis Train and the Philadelphia Convention.—We give the following from the above named gentleman. George is at all times a little peculiar, and the despatches are decidedly characteristic. They are creditably, however, and we commend their good sense.

### GEORGE FRANCIS TRAIN.

He Withdraws from the Convention.—Despatches to the President—His Suggestions.

[Special Despatch to the National Intelligencer.]  
Philadelphia, Aug. 14.—George Francis Train, Esq., has issued the following card, and sent the enclosed despatch to the President:

NEBRASKA DELEGATION CONVENTION, MORNING,  
PARLOR No. 5, Aug. 14, 1866.

### To the Executive Committee:

My proxy is in your hands. I wanted harmony. We have got it. Sometime since I proposed to withdraw if one or two others would. They kept their promise; I kept mine.

The following despatch to the President expresses my views, and I congratulate you all on the result:

### Despatch to the President.

August 14, 1864.

### To the President of the United States, Washington, D. C.:

Your Convention is already a gigantic success; all harmonious; every body slaking hands; National Union party a great fact; conservative Congress secured.

### GEORGE FRANCIS TRAIN,

Nebraska Delegation.

"The Union must and shall be preserved," said Mr. Jackson.  
"The Union must and shall be restored," said Mr. Johnson.

One million of Irish voters, representing six millions of the Irish in America, (instead of asking the Convention to pass a resolution friendly to Irish nationality,) respectfully offer the following platform for its consideration:

### The Irish American Platform.

"We pledge our lives, our fortunes,

and our sacred honors to maintain the Union, the Constitution, and the Law."

### The National Union Party.

Permit me to add a suggestion:  
Tuesday—Organize.  
Wednesday—Pass resolutions.  
Thursday—Adjourn.  
Friday, and every day till the fall elections, all the delegates should make speeches for the NATIONAL UNION PARTY, the only party for the two offensive words—*Democrat and Republican*.

Sincerely,  
GEORGE FRANCIS TRAIN.

### THE OFFICIAL VOTE.

We annex the official vote of sixty counties on the adoption and rejection of the new constitution, which leaves only twenty nine to be heard from. The vote now stands for ratification 13,342 to 15,484 for rejection, making the majority adverse to it thus far 2,142. It is barely possible it may be adopted, though, our first estimate, rejection by from 800 to 1000 majority, will probably be near the truth.

### Progress.

A youngster, while perusing a chapter in Genesis, turning to his mother, inquired if the people to-day are to remain on the ground? It was answered that he had been reading the passage, "And the sons of man multiplied upon the face of the earth."

### SOMETHING NEW UNDER THE SUN! A New Era in Medicine!

Let the suffering and Diseased read the following.  
Let all who have been given up by Doctor and spoken of as incurable, read the following.  
Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord One Thousand Eight Hundred and Sixty-six, personally came Joseph Maggell to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGELL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITRE,  
Notary Public,  
Wall Street New York.

June 1, 1866.

D. MAGGELL.—I take my pen to write you of my great relief, and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep—I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,  
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhea, and have been cured by Dr. Maggell's Pills.

WILSON HARVEY,  
N. Y. April 7, 1866,  
27 Pitt street

The following is an interesting case of a man employed in an iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy, I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggell's Salve, and it cured me in a few weeks. This is all true and any body can now see me at Jack's Iron Works, 2nd Avenue.

J. HARDY,  
119 Goerck street.

### Extracts from Various Letters:

"I had no appetite; Maggell's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggell has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggell's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes I want one for a poor family."

"I enclose a dollar; your price is 25 cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonials as this, but want of space compels me to conclude

J. MAGGELL, M. D.

### PERPETUAL CALENDAR.

COMBINING the Julian, or old Style, and the Gregorian, or New Style, of reckoning time. Dates from the birth of Christ to the year 3200 of our Era, readily, and accurately found.  
Neatly and plainly printed on Cards 10x14 inches, suitable for

Counting House, Library, or Office.  
Each Card contains "Directions for Using," and "Explanatory Remarks." These give a brief, but comprehensive, account of the Julian Calendar, and of the Astronomical causes which led to its change. Every reader of History; every professional man; every merchant; every mechanic and every student should have a copy.  
One copy furnishes the purchaser with an Almanac, of inflexible accuracy, for the past years of our Era, for the present year and for more than thirteen hundred years to come.

### TESTIMONIALS.

Prof. CHAS. PHILLIPS, of the University of N. C., and one of the ablest mathematicians of the country, thus speaks of it: "It is a thing of beauty; simple, exclusive and accurate. Every one who refers to dates ought to have a copy of it; the man of business for the present; the student of history, for the past; and the dabbler in prophesy, for the future."  
Gov. SWAIN, President of the University, says:—"I entirely concur with Prof. Phillips in the views he entertains concerning the value of your Almanac."  
Rev. W. A. CURTIS, D. D., a clergyman well known for high attainments in literature and science, thus writes of it: "I have examined your calendar with considerable care, verifying dates and days in several instances, including the first, and have been unable to detect any error in either the Julian or Gregorian tables. So far as I can discover, the scheme is perfect. It seems to me to merit the attention of every one who has any use for a perpetual calendar."

From Lieut. Gen. D. H. Hill, late of C. S. Army.  
"I have just examined the Perpetual Calendar, of which Jas. Rumley is the inventor, and you the proprietor. It contains all that an Almanac for the year has, except to look out for rain about this time. In addition, it is a complete Almanac from the birth of Christ to 3200 A. D.—about as far forward as most of us care to investigate. I have found it very useful in verifying some dates of battles, about which I was doubtful. In some cases, I remembered the day of the week, and not of the month. In others, I had forgotten the day of the week, and had remembered that of the month."

The Calendar, as the invention of a native North Carolina and the property of a brother soldier, shall always be kept upon my desk."  
One half of all the net profits of sales in each State of the South, for one year, to be appropriated to the use of the Ladies' Memorial Association of that State, to be expended as they may direct.  
Railroad and Express Companies should furnish all their offices with this valuable Calendar.  
Booksellers and others are invited to correspond with me on the subject.

AGENTS to sell it wanted.  
Very soon the Proprietor will be prepared to supply the demand in every locality in the country.  
Copies of the Calendar can be found for sale in Goldsboro, N. C., at the office of the Daily News.  
Single copies 50 cents; \$5 per hundred.
