**Rev. Brown's Sermon.**

The following is handed in an "interesting listener:"  
One seldom witnesses a more attentive congregation than the one which assembled at Chestnut Hill church Thursday night to hear Rev. David Brown. Notwithstanding the great age of the speaker, 83 years, he preached 50 minutes with a voice strong, clear and distinct, holding the attention of his large audience as if spell bound. His subject was "Holiness." Surely this consecrated brother in the service of the Master will have many souls for his lire.

**The Beautiful Senorita Escapes.**

Havana, Oct. 7.—The beautiful young Cuban patriot, Senorita Evangelina Cisneros, heroine of the sensational adventure with the Spanish Governor of the Isle of Pines, has escaped from the Cas. Recogidas (House of Scrapings), where she had been confined for several months, on a charge of conspiracy against the Crown of Spain, and of an attempt upon the life of Governor Berez, Governor of the Isle of Pines.

According to the statements of the officers or attendants, she made her escape some time last night. At this morning's roll-call she was missing, and when search was made she was found in a room in which she had been confined had been filed and sent outward. The bar could not have been moved except by a great out-law of strength and all the circumstances go to prove the co-operation of outsiders in her escape.

The authorities have not yet secured any clue as to the whereabouts of the employees of the establishment have been arrested.

**Overcoat Talk!**

When you buy an Overcoat you want it to come up to several preconceived ideas of what an Overcoat should be. Above all things it should be dressy; the cloth must be good, all wool, fast color; the finish careful, to say the least; the fit perfect; the price, moderate. We have an overcoat for you that will meet all these requirements.
