SPRING

OVERCOATS

No Spring Overcoat is just about as bad as no overcoat at all. The winter overcoat is too heavy, no overcoat is too light.

There's no excuse for going without a Spring Overcoat when we are offering such exceptional bargains.

TENNESSEE QUARRANTINES.

Ticket Agent Meroney Received a Telegram in Regard to It.

Tennessee has quarantined again. Last year it quarantined against yellow fever. This time it quarantines against small pox and other infectious diseases.

Ticket Agent W. R. Meroney, of this place, received a telegram last night notifying him to warn all persons entering Tennessee to have a certificate of vaccination with them. On failure, they would be stopped. Knoxville, Morristown, Bristol and a number of other towns were named in the telegram as having the quarantine regulation.

A gentleman going west this morning and having to pass through Tennessee after purchasing his ticket was informed of the law, returned it and procured another by the northern route.

Agent W. B. Strachan, of the depot, tells us he has also received a circular in regard to the matter. The railroad company will not sell tickets to parties going into Tennessee without telling them of the regulation. If they persist in buying the same, they will do so at their own risk.

Mr. John Rymer Dead.

News has been received here of the death of Mr. John A. Rymer, who formerly lived in Salisbury.

At the time of his death Mr. Rymer and his family, a wife and five children, were at Alexander City, Ala., coming toward Salisbury. For the past year they have been in the West and South, having traveled over Illinois, Missouri, Mississippi and Alabama.

Mr. Rymer died last Saturday of congestion of the lungs, and was buried Sunday.

His body will, however, be taken up within the next fifteen days and sent to China Grove for final interment.

Mrs. Rymer and the children will come on to China Grove at once. Mrs. Rymer is a sister of Mr. J. N. Maxwell, of this city.

The deceased was 34 years of age and had many friends in this county.

Profitable Farming.

From 68 acres of cotton, corn, fodder, oats, hay and pork, Mr. Fletcher, of Marlboro, S. C., cleared last year \$1,738.60, or an average net profit of \$25.56 per acre, not counting the proceeds from the dairy, poultry yard, garden, orchard and other minor sources. Each acre in other words, yielded enough profit in one season to buy outright from two to ten acres like it. Thirteen acres of cotton cleared \$472. Thirty-five acres of corn and peas cleared him \$692. Twenty acres of oats and grass cleared \$352. The net profit on the cotton per acre was \$36.61; on the corn and peas was \$19.77; on the oats and hay was \$17.60. After cutting \$320 worth of oats from a twenty-acre lot it was plowed once and treated to \$26 worth of fertilizer and yielded \$200 worth of hay extra.

All Negotiations Off.

Raleigh Post.

The negotiations are off for a lease of the Atlantic & North Carolina Railroad by Governor Russell, on behalf of the State, to the Southern Railway.

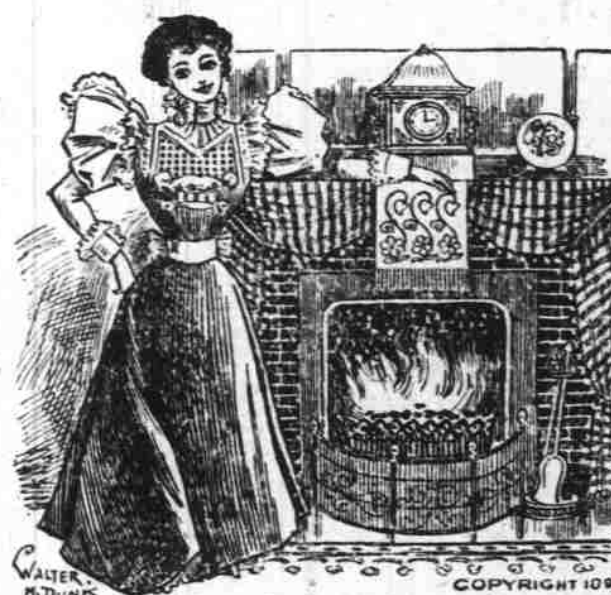

Unless the order reducing passenger fares is rescinded, the Southern, so it is said, does not desire to acquire control of the property.

The Southern had under consideration the proposition submitted by the Governor for the lease of the road and a compromise of the fight against the lease of the North Carolina Railroad, which was told in the Post last Sunday, but the action of the commission in reducing the passenger fares has brought all negotiations to a close.

The Governor is still very desirous of leasing the road to the Southern. Whether he will submit another proposition to the Southern is not known.

Food for Thought

Why does the coal supplied by us always burn clear and free, give out more heat, burn longer and need replenishing less often than the other coal you can buy. We won't charge you anything for telling you that it is because it is carefully selected, high-grade and carefully screened, and we don't ask any more for it than you will pay for inferior grades.
