SALISBURY, N. C., FRIDAY EVENING, SEPTEMBER 16, 1898.

10 Cents Per Week

MAJ. GRAHAM YESTERDAY.

Had a Small Audience But Made an Excellent Talk.

Maj. W. A. Graham, of Lincoln county, filled the first of his several engagements to speak in Rowan this week, at Faith yesterday afternoon. He had only a small audience but made an excellent speech. He took up State matters—education, the penitentiary and election law—and dwelt upon them in an interesting manner.

His talk was a splendid dissertation upon the present conditions in the State, it was devoid of any inflammatory remarks, it was conciliatory, it was passive, mild and kind, at the same time it was assertive, positive and convincing.

Maj. Graham should have been heard yesterday by every Populist in Rowan.

He was a prominent Alliance man in the State for several years, is still a member of the order, we believe, and has for some time been trustee of the business agency fund of the State Farmer's Alliance. Unlike many other prominent men in the Farmer's Alliance Maj. Graham did not go to the Populist party. He remained in the old ship and is a good Democrat.

We trust he may do some good in Rowan by bringing to the Democratic party some of the good men who were led into the Populist party deception.

A Head Cut.

A soldier who was coming down the Western this morning was painfully hurt by glass cutting him in the head and face. He went to put his head out of the window but the window being down he broke the glass and injured himself badly.

The time for the day service, after Sunday, will be fixed and announced Sunday. Regular services will be held at Calvary Saturday at 2 p. m. and Sunday 11 a. m. A part of the negro regiment which passed here Wednesday night and which raised so much disturbance were badly shaken up near Asheville. The following dispatch from Asheville tells of the accident:

The second coach on the second section jumped the track and fell on its side, near Azalea, a few miles east of Asheville. Corporals Watson, Law and Wm. Milton and Private George Jones, all of Company E, of Greensboro, were injured, but not seriously. About a dozen others were slightly bruised."

HORRIBLE DEATH.

Caused by the Bursting of an Oil Can—The Old Story.

A little girl, a kerosene can, a stove with fire in it, a death—this is the story that comes from Lexington this week.

From the Dispatch we get the following:

While building a fire in a stove with kerosene oil on yesterday morning, Undine, the little eight-year-old daughter of Mr. and Mrs. A. L. Smith, was so badly burned as to cause her death at 10:40 o'clock last night.

She was pouring oil on a blaze, when the oil in the can became ignited and the can burst, catching her clothing on fire and almost in a moment she was in a mass of flames. The little girl ran out of the house and her screams attracted the mother, who rushed to her rescue. Her clothes were entirely burned off, her body badly scorched, and her hair was on fire when Mrs. Smith reached her.

The mother's hands were severely burned in endeavoring to extinguish the flames, and the little daughter was found to be in a horrible condition.

A physician was immediately summoned and dressed the burns, and did everything possible to relieve the sufferings of the little girl. It was all in vain, however. She had inhaled the flames and, after suffering agonies for many hours, death mercifully came to her relief.

The funeral of Miss Undine will take place from the residence this afternoon at 4 o'clock and the body will be laid to rest in Lexington cemetery.

The sympathy of the entire town and community go out to Mr. and Mrs. Smith in their sad bereavement.

"D. Schenck, Jr., received notice from Judge Simonton this morning that his appeal in the now famous Stanly county bond case had been granted and that November 8th had been fixed as the date of the hearing before the Circuit Court of Appeals at Richmond."

The Salisbury correspondent of the Charlotte Observer says:

Another move has been made in the now famous Stanly county bond suit. A copy of the order made by Judge Simonton, appointing Hon. Kerr Craige, of Salisbury, receiver of the funds now in the possession of County Treasurer Snuggs, of Stanly county, was served upon Mr. Snuggs yesterday by a deputy marshal.

To Presbytery.

Dr. J. Rumble and Mr. O. D. Davis left this morning for Newton to attend the Concord Presbytery which convenes at that place to-night.

There will probably be no service at the First Presbyterian church Sunday as Dr. Rumble will not be here. He may secure some one to conduct service, however.

Rev. John Wakefield also went up to Newton this morning to attend presbytery.

"Strange Adventures of Miss Brown."

Manager Marsh has seen something good to open the season at the opera house this year. At least it is something funny and will no doubt be enjoyed by a large audience. The comedy to be presented on the 10th of next month is the "Strange Adventures of Miss Brown." Of it the Richmond Dispatch of a recent date says:

"Miss Brown," whose strange adventures entertained a very appreciative audience at the Academy last night, is about as unconventional and exhilarating a young lady as has been here lately. If, as her managers claim, "Charley's Aunt" has encircled the globe with a laugh, "Miss Brown" is close on her trail, and her remarkable escapades kept the audience in a roar last night.

The comedy deals with a man masquerading in feminine attire, and although delicate ground for playwright and comedian, it must be said that both keep within due bounds, and derive all the amusement possible from the situation. There is nothing risqué about it, but there are numerous ludicrous scenes which throughout amuse. The company which is presenting the farce is large and thoroughly competent, so that taken as a whole the "Strange Adventures of Miss Brown" will prove a laugh-producer of the first class.

TO HOLD ALL LANDS.

This Idea is Growing—Disposition of the Islands.

[SPECIAL DISPATCH TO THE SUN.]

Washington, Sept. 16.—The impression is growing that when the terms of peace with Spain are finally concluded they will be found to include provisions for the practical ownership or certain control of the Philippines by the Americans, although nothing official can be learned further than the statement of Judge Day last night.

A member of the administration said, regarding the control of the Philippines:

"There is no escape from it. The American people demand it and the conditions are such as there can be no alternative."

Senator Freye said the idea of holding all land secured by conquest is growing.

It is believed the instruction to the commissioners will be hard and fast except as to the general policy. They have the discretion to deal with unexpected developments as they occur.

General Merritt will meet them in Paris. It is expected he will give the commission much information which will largely determine their action. Chairman Day and Senators Davis and Freye will go to New York this afternoon and there join Gray and Reid.
