Newton Enterprise: A negro preacher has been going through Burke county telling the negroes that they have about all the offices in the east and will get them in the west before long. Prof. Harrison of this place has also started out preaching the same doctrine. At Statesville Wednesday night he harrangued a crowd at the depot, telling them that the negroes are just getting their eyes open, that they intended to have negro officers in every county at the next election. He said there are only 13,000 white Republicans in the State; the negroes furnish the votes and are going to have the offices.

—When Mr. Jessert, of Beaver Dam, Cumberland county, who is a red hot Democrat, saw his name published as a Republican, he was a Beaver Dam mad Democrat, who doesn't propose to be classed as a Republican even by mistake.

—The commission to investigate the conduct of the war with Spain met Saturday at the White House and had a long conference with the President. Its sessions begin to-day.

—George H. White, the negro congressman, makes the positive announcement that all Populists are in honor bound to vote for him.

—Andrew Carnegie, it is said, is to start at Homestead, Pa., a gun factory which he intends shall rival the famous one of the Krupps in Germany.
