No Drunkard Can Enter the Kingdom of Heaven.

Temperance or Prohibition is our theme. Prohibition is nothing but Temperance enacted into law.

(CONCLUDED.)

We all say, don't commit murder, yet if there was no law and no penalty against murder and other heinous crimes this world might be turned into a perfect hell on earth. God says in the Bible, His Holy Word, which is full of Prohibition from beginning to end, thou shalt not do this thing and thou shalt not do the other thing. But does He stop at this. No. He proclaims a law and prescribes a penalty: eternal death and destruction. We contend that Prohibition is right, morally. To make it effective we must have law; to enforce that law we must have a party behind it, else we can never put the law on the statute book, and it would be a dead letter without one. Making faces, calling names, ostracising, cutting acquaintance is a game that two can play at, will not alter facts, nor change the aspect of affairs, for facts are stubborn things, but though unpopular and unpalatable as many of the great truths of Holy Writ and human history are and have been from the foundations of the world we thank God and take courage because we believe our cause is the cause of righteousness and justice. We may go down to an overwhelming defeat and overthrow in this campaign, as has been the case in previous ones, but we will nail our colors to the masthead and go down in honor and in glory remembering that with God on our side one is a majority, without Him all the world on our side would be a minority. His word says, "Woe unto them that go with a multitude to do evil."

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. James Plummer.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. James Plummer.

North Carolina Car Service Association.

Raleigh, N. C., Sept. 10, 1898.

To all Consignors and Consignees of Freight:

Serious loss and much inconvenience has been caused, both to the shippers and the railroad companies, by the unnecessary detention of cars in loading and unloading freight. Shippers are often unable to procure cars, tracks are encumbered, and the speedy movement of freight is impossible under the practices that have prevailed. The railroad companies are obliged to correct this evil, and have issued the notice printed below.

The system thus established has been in successful operation in nearly all of the States in this country during many years, and with advantageous results to the public, as well as to the railroads. The amount charged is not sufficient to compensate the railroads for the use of their cars and tracks for warehouse purposes and is not collected for the purpose of revenue, but for the prevention of the detention of cars, which affects both the public and the transportation lines. The rules will be enforced without discrimination by the North Carolina Car Service Association, which will act for all interests alike.

NOTICE.

Notice is hereby given that on and after Oct. 1st, 1898, cars not unloaded within forty-eight (48) hours after arrival and cars which are not loaded within forty-eight (48) hours after being placed in position, shall be subject to a charge of one dollar (\$1.00) per day or fraction thereof, for the detention of cars and use of tracks, Sundays and legal holidays excepted.
