HOUSE ENTERED

The Thief Was After Money But Did Not Get Much.

Yesterday while Rev. and Mrs. D. R. Myers, who live on Main street between Salisbury and Spencer, were in the city, their house was visited by a thief who was evidently a tramp.

He entered by breaking a sash from the window blind and opening a window. The thief ransacked the entire house, breaking open every place where money might be kept, except one box in which was quite an amount. He succeeded in getting only a small amount of change.

He helped himself to some dough and rations from the kitchen and also took a gold watch.

Mr. Stablebine's Sermons.

Miss Bessie Keen, reporter for the Thomasville department of the Davidson Dispatch, says:

Rev. Mr. Stablebine, of Salisbury, has been holding a series of meetings in the Heidleberg church. His sermons are plain, forcible and eloquent, and his singing is a very attractive feature. Monday night he gave an illustrated lecture on "Life in the Slums of New York," which was listened to with rapt attention. In fact the large audiences that attend each night attest the interest felt in the meeting.

Mrs. Burgess' Funeral.

The funeral service over the remains of Mrs. Charles Burgess was conducted from St. John's Lutheran church this morning and was attended by a large number of friends. The body was taken to Concord at half past ten to be interred in the family plot where her mother was buried not many months ago.

The body was accompanied from here by the husband and near relatives and the pastor of the deceased.

LITTLE GIRL'S EXPERIENCE.

While Asleep she Jumped out of a Moving Train—Not Hurt.

Little Miss Mary, the 11-year-old daughter of Mr. John Ide, of this city, had an experience Tuesday which might have caused her death. She had been in Richmond with Mrs. H. H. Yount and was returning home with Mr. Yount. When the train pulled out from the Richmond station Mr. Yount went into another car, leaving Mary asleep on the seat by an open window.

Mary is somewhat of a somnambulist and she surprised the other passengers by leaping through the window headforemost without waking or making any preparation for the leap. The train was stopped and several of the gentlemen rushed out expecting to find the little girl badly hurt. But a policeman picked her up unhurt. She had landed on her feet which were somewhat bruised but otherwise she was unhurt. Mary fainted and it was some little time before she knew what had happened.

She has not fully recovered from the nervous shock but besides that she feels none the worse for her leap.

At Crescent.

The following items are taken from the Crescent Rays:

Society meetings are booming at Crescent. A new organization is known as "The Weekly Temperance Meeting." It is conducted by the workmen of this place. This meeting lasts from 3 until 7 o'clock once every week. Attendance is good, every member being present at each meeting.

The present prospects are that the Crescent Literary Society for young men will have to be divided, as it is too large for its members to get the opportunity to speak as they need. They are occasionally detained until midnight, even then not giving a sufficient time to discuss the questions in full. This is encouraging.

Last night after the prayer meeting service at St. John's Lutheran church was over, Rev. L. E. Busby was called upon to marry Miss Carrie Rothrock, of Rockwell, this county, and Mr. Frank Marsh, of New York. The ceremony was performed in the church.

Mr. Marsh was seen by a SUN reporter this morning. He is interested in gold mining he said and had for the past two weeks been with his friend, Mr. Graf, at the Beam Gold Mine, in this county. He visited this county eight years ago and met Miss Carrie, who was then but a small girl. Three years ago he was again in the county, and two weeks ago he came here for the third time and he and Miss Rothrock, who is a daughter of Prof. Rothrock, of Rockwell, decided to marry. They will leave soon for the groom's home in New York.

The list of officers to be mustered out has already been prepared for the office of the adjutant general, but is subject to a change and will not be published now. A Train Held Up.

[SPECIAL DISPATCH TO THE SUN.]

Cleveland, Ohio, Sept. 29.—The greatest excitement and apprehension was caused by the report today that the east-bound train No. 72 on the Lake Shore railroad was held up twenty-five miles west of this place by four masked men who boarded the train at Amherst while it was ascending a steep grade.

Two stood in the doorways while others rifled the luggage and packages of passengers. Several shots were fired to emphasize the command to hold up hands.

Hands went up and the robbers neglected nothing. They forced one woman to remove her earrings. Seven men were compelled to remove their coats and waistcoats and deliver them up.

The robbers then escaped. At 6 o'clock this morning one man was arrested on suspicion.

The Queen's age was eighty one.

CLUB TO BE ORGANIZED.

On Chestnut Hill To-Night—Large Attendance Expected.

Mr. EDITOR:—A small boy carrying around hand bills announcing a Democratic club to be organized at the school house at Chestnut Hill to-night, came around through the mill giving them to every one he met, and a Republican got hold of one of them and wrote this on the back. "Democratic club meeting to try to gain votes for the dead party. Hurrah for the Republican party, the laboring man's friend."

I will say Hurrah for the Republican party, the negro's friend.

Some one made a remark about our superintendent being such a strong D—. I will say he is a man after Thomas Jefferson and Zeb Vance's own heart.

Now Mr. Republican are you willing for the present incompetent, vicious, corrupt and disgraceful political monstrosity of fusion to continue? It has discredited the civilization and respectability of the State by placing a premium upon ignorance and corruption, and outlawing virtue respectability and intelligence.

The last legislature which assembled in our historic old capitol was the laughing stock of the country, and damned Radical and Populist fusion for all time to come. No self respecting man in the rank and file of either party favors its continuance.

Its advocates are to be found among the professional politicians, who are willing to sell out the honor of the State, provided they can obtain some office in return for their treachery.

Now we appeal to all good people who want good government to consider well the condition of our good people who are in the eastern part of the State who are suffering so much on the account of negro rule. White people of North Carolina, let's come together and save our grand old State. Such a state of affairs are existing, now that we are afraid for our sisters, and wives to step outdoors, afraid of molestation. Look out white people, the warp of fate is trying to weave its web close around us again.

Now we ask every white man to come out to-night and join the Chestnut Hill Democratic Club. We are going to have good speaking. Mr. John M. Julian and R. Lee Wright will speak for us. Come out.
