FUSION IN THE WEST.

Fusion in the west is about as bad as in the east, the difference being that in the eastern part of the State negroes dominate while in the western part, where the fusionists succeeded, had n. en rule. Watauga county is an example. A Republican by the name of Johnson, in that county was elected county supervisor of schools. He was elected because he was a loud-mouthed worker in the party and not because he was capable. He, however, assumed his duties, visited the schools for several months and things went well. About this time a man by the name of Jones, a school chart agent, came into the county called upon and made friends with Johnson. Johnson then drove Jones over the county to see the different school committees and upon his recommendation Jones sold a great many charts at \$38.50 a piece. The charts were only worth \$7 or \$8 each.

Johnson soon raised a mortgage of \$500 on his property. Suspicion was aroused that there was crooked work and an investigation followed. Johnson was allowed to resign his position by the board without prosecution. Thus, there was a further disregard of honor. The public school children of Watauga county will have to be without a school this year, their public school fund to the amount of \$2,000, so far as known, (and there will perhaps be more) has been spent for charts, the county is likely to be involved in law suits over the matter and so it goes.

Does anybody believe that fusion is the best for the State? This case may not be all of the robbery and disgrace in the western counties by the fusion crowd. It hardly is if an opportunity has been offered.

The fusionists were evidently

out for spoils and intend to have it. Good men of the State should rise up in their might against the gang.

—Mr. A. W. Thompson says in a letter to the Raleigh News and Observer: "I went into the Populist party from good motives and thought it would bring about reforms, I am sorry now that I did it because instead of bringing about reforms it has brought negro rule upon my State. I went into the first Populist primary held this year. I there saw that it was engineered by Republicans, and that in making up the committees, Republicans who claimed to be Populists were given control of the party. I then made up my mind to quit the party. I did not join the Populist party to be used as a tool for negro elevation. I did not like fusion two years ago. I feared then that the party was drifting toward the negro party. Now I know it has become simply a sideshow to the Republicans. As an honest white man who believes in white supremacy, I cannot longer affiliate with the Populist party, so-called. As now organized and controlled, it is not a Populist party, but a part and parcel of the gold and negro party."

—The Wilmington Star says it will be interesting to see the names of the twenty-four candidates for magistrates that will be nominated by the Republicans for the city of Wilmington. The ticket will probably be made of twenty negroes and four white colored men; and it is not likely to be seen until the day of election.

—Judge Van Wyck last night formally accepted the Democratic nomination for Governor in New York.

REV. PAGE WRITES.

TELLS WHAT IS THE DUTY OF WHITE MEN.

Mr. W. A. Kirk, Esq., of Morgan Township, Rowan County Receives a Letter From the Noted Divine.

The following letter has been received by W. A. Kirk, Esq., of Morgan township, and one of the leading citizens of the county. The author of the letter needs no introduction to the people of Rowan county. He has served his God and people faithfully for perhaps a greater number of years than any dozen ministers in North Carolina. He is a leading Methodist divine, known all over the State as a man of deep piety and Christian rectitude. He has never taken any active part in politics, but the deplorable plight to which our State has been reduced by negro domination has aroused him to a sense of the danger impending in the homes of his race. Every white man in Rowan county should read and reflect on this letter. It runs as follows:

ROCKINGHAM, N. C., Sept. 28, '98.

MY DEAR BRO.:
Your favor of the 26th reached me this morning and I comply with your request to answer by return mail.

I wrote the letter to H. A. Gil- leland and every word in it is true; also one to Yount, of New- ton, and to Saunders, at Monbo, all of which were published in the papers in your section of the State. Every doubter of the truth of the statements made in regard to the deplorable condition of many of the eastern counties under negro rule can have his doubts speedily removed by coming down and seeing with his own eyes.

There are eleven negro magis- trates in this county, one in my own town, and there are other counties that have more than double this number. Negro road overseers with white men at work under them; negro constables and deputy sheriffs, serving writs on white men and white ladies, and sometimes arresting them and bringing them for trial to negro dens before ignorant and vile negro officials; negro school commit- teemen having white teachers, young ladies as well as men, come before them for authority to teach and to get their pay.

You ask what I think your duty is in central and western Carolina. I unhesitatingly answer: VOTE SOLIDLY AGAINST EVERY CANDIDATE ON THE REPUBLICAN, POPULIST AND FUSION TICKET, FOR EVERY OFFICE FROM THE LOWEST TO THE HIGHEST. THIS IS YOUR DUTY TO GOD AND YOUR FELLOWMEN.

Sincerely,
JESSE H. PAGE.
