### How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Theo. F. Klutz & Co's drug store. 50 cents per bottle.

### The Evils of the License System. (CONTINUED.)

Can we not increase our revenues in the license business by enlarging its scope and embracing such things as prostitution, murder, arson and theft, for instance? Is it not better to have free liquor if it is right, than to license it? If it is wrong is it not best to have no liquor at all except for medicinal and mechanical purposes and for the arts of science? Who is most to blame for the whiskey traffic anyhow? Is it the whiskey men? Is it the Christian voter, the Christian citizen? Is it the Church member who is afraid to preach Temperance, pray for Temperance and vote for Temperance? Is it the pulpit afraid of the pew, lest they will be too far in advance of the pew on this great question, or is the pew standing aloof from the pulpit, afraid to hold up the hands of the preacher of Temperance and righteousness, as Aaron and Hur held up the hands of Moses? To be a preacher is the noblest occupation and calling on earth. We believe in the preacher. He might turn to his pews and say: "Who sends those whitewashing reports on intemperance from the Church to the Church courts, anyway?"

### An After Dinner Speech

made by a *bon vivant* who knows a good thing when he tests it, says: "In responding I may say that I never eat a better dinner, and as I am told the excellent things we have eaten came from T. M. His Coffee, Teas, table delicacies from all parts of the world and everything kept in his stock is summed up in one word, UNEXCELLED.
