DEMOCRATIC VICTORY.

The Sun this morning told of Democratic victory.

The victory was a rebuke to fusion misrule in North Carolina. The white electors of the State were put to the test and met the issues in a solid phalanx. They showed that they were true to their country and to themselves. They were called upon and found at their post of duty. They came in contact with the enemy and routed it. They drove the foe from the ramparts.

The result was beyond expectation. Old Rowan did nobly. The State showed itself glorious. The white men voted true to their color. The Legislature—both branches—is Democratic. An able and honest judiciary, and a majority, if not all the members of Congress, have been elected.

The fight was for white supremacy and the white men won at almost every point.

The Democrats are to again have control of the State, and we bespeak an era of peace and good government.

—In 1870 the white men of North Carolina arose in their might and threw off carpet-bag rule. History repeated itself yesterday.

—The co-partnership between the Republicans, Populist leaders and negroes was dissolved yesterday by mutual consent.

—The Wilmington Star says a number of the most prominent colored men and colored property-holders in Edgecombe county announced their purpose to vote the straight Democratic ticket yesterday, among them F. D. Dancy, formerly a State Senator from Edgecombe, and a brother of John C. Dancy, collector of the port at Wilmington.

Iredell county makes a gain of 750 votes, going Democratic by 800 or more. Every township in the county shows heavy Democratic gains, Shiloh leading, with a majority of 209.

Pitt county made a gain of 800 votes in yesterday's election, and elected her Democratic legislative and county ticket.

Texas went Democratic by 250,000.

Messrs. Charles Creswell, Warren Roark and R. G. Noble, of Hartford, Conn., were out squirrel-hunting yesterday, says the Charlotte News, and brought in thirty squirrels and a rabbit as a result of the hunt.

The bad roads of this country are estimated to cost \$60,000,000 annually. North Carolina and Florida have the credit of having the best roads in the South, but with few exceptions, they are bad enough for frightful examples.

Manly McCauley, the negro who eloped with the pretty wife of a farmer near Chapel Hill last week, was caught and lynched by a mob. The woman is now at the home of her parents in Orange county.

NEWS OF THE DAY.

Telegraphic News Condensed for the Convenience of Hasty Readers.

The Greek cabinet has resigned. Two more steamers sailed from Havana with Spanish troops who are going home.

The Cuban national assembly at Santa Cruz elected Domingo Mendez Capote president.

The bodies of eight passengers who lost their lives in the Mohagan disaster arrived yesterday in New York.

Ernest Terah Hoolcy, testifying in bankruptcy proceedings in London, said he spent \$195,000 in charity last year.

Gen. Carlos Roloff, who is investigating the subject, finds that half the enlisted men in the Cuban army read and write.

Lemuel Ayres, of Hagerstown, Md., aged 83 years, committed suicide yesterday because he was afraid he would be buried alive.

Spanish officers have arrived at Santiago de Cuba to recover the bodies of Generals Vera del Rey and Santocildes, who were killed in battle.

It is reported that Spain has addressed a note to the powers asking if they will support her in protesting against the intentions of the United States toward the Philippine Islands.

Few Chances For Americans.

Americans have already been warned, says the Omaha Bee, that there are few chances for them to make a livelihood by their labor in Hawaii. Now there is like information from Porto Rico, the American consul having sent to the State Department a warning to Americans that there are few, if any, opportunities for them in that island now. The labor market, he says, is overstocked. Several hundred thousand Porto Ricans stand ready to take all places that may be vacated, and at low wages, and any American who goes there with the idea of "striking it rich" is sure to be disappointed. All who go should be prepared with money to pay their board and secure a return passage to the United States.

A New York girl had a man arrested for kissing her. She kept tally on the first six kisses, and then became so much interested in the performance that she forgot to keep up the count. The Wilmington Star says if he had kept on kissing she might not have had him arrested.

Neckwear for Fair Maids.

Silk shirt waists will be worn through the winter, but a stock tie like the waist will prove more appropriate to the season than a collar of linen and a string tie. One should wear the tiny inch wide linen collar with the stock, which, if bought at a men's furnishing goods store, will cost a dollar and a half.—November Ladies Home Journal.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened it clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottle free at Theo. F. Kluttz & Co's., Drug Store. Regular size 50c. and \$1.00. Every bottle guaranteed.

PAWNEE BILL'S WILD WEST.

Will Exhibit in Salisbury Thursday, Nov. 17th, for One Day.

An exchange says: The combined shows of Pawnee Bill, which exhibited here yesterday, is first-class in every respect; as a life-like portrayal of savage modes, it has no equal, requiring 100 genuine Indians, brave cow boys, noted scouts, trappers and Pawnee Bill's humanely educated mustangs. The performances of the trained animals were excellent, and equal to any ever exhibited in this city. May Lillie's shooting is wonderful, and the riding and driving of 35 wild mustangs are all grand features. The wild buffaloes and long-horned Texas steers, the grand Mexican Hippodrome races, by seniors and senioritas, are most wonderful and exciting. Taking it all in all it is one of the best shows that ever visited our city.—Charleston, S. C., Sun.

The Pittsburg Times said: Many thousands spectators witnessed Pawnee Bill's Historic Wild West Show, which is a great one and worthy of bountiful success.

BACHELORS AND OLD MAIDS.

There are 7,218 More Men Than Girls in this State.

The Government at Washington has issued a volume of statistics on bachelors and spinsters in the United States. In it are the following figures: North Carolina, 86,860 bachelors, 79,642 spinsters. These figures show that if every woman in the land had a husband there would still be 7,218 lonely old sticks in the State, standing around utterly forlorn and hopeless. Nor is the surplus of men confined to North Carolina alone. It is all over the whole country. Not a State but is in a like condition, the smallest per cent. of spinsters and the largest of bachelors being found always in the newer Western States. In New England, though, where it is popularly supposed that the old maids are so numerous that if a bachelor appeared there he would have to take a dog along to keep the girls away, the excess of bachelors is something enormous. Vermont for instance, has 50 per cent more bachelors than spinsters. Be it said to the credit of the gallantry of Rhode Island, though, that her excess of men is only 2 per cent., the smallest in the Union.

There are two serious objections to the official publication of these figures by the Government: One is that they fail to state whose fault it is. The other objection is that if it's the girl's fault these figures will but make her the more independent and harder to catch, knowing as she does that there are thousands of wifeless fellows to choose from.

The figures quoted include only persons who never married and divorced persons—widows and widowers are excluded and only persons over 20 years of age are on the list.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. James Plummer.

Constipation prevents the body from ridding itself of waste matter. De Witt's Little Early Risers will remove the trouble and cure Sick Headache, Billiousness, Inactive Liver and clear the Complexion. Small, sugar coated, don't gripe or cause nausea. James Plummer.

Many a household is saddened by death because of the failure to keep on hand a safe and absolutely certain cure for croup such as One Minute Cough Cure. See that your little ones are protected against emergency. James Plummer.

Come see our plush capes.—Carolina Racket.

The Baltimore Sun says: "It is a curious and significant fact that in this year of peculiar grace and humanity, when a Republican administration has been shedding tears over the evils of Spanish misrule in islands hundreds of thousands of miles from our shores, the representatives of that party should be straining every nerve to keep under a vicious, incompetent and intolerable negro domination the white people of one of the States of our own Union. Millions for the blacks of Cuba and the Philippines, but not even sympathy for down-trodden white people at home.
