#### Cape Fear Road to be Sold.

The appeal has been abandoned in the Cape Fear matter and it is to be sold, the sale being fixed for December 29th, at Fayetteville.

Speculation now turns on who will purchase it. The road is to be sold as a whole, but reports are current that the Southern has made some arrangements about it and will buy it, though it did not want all of it. In fact it is said that the Southern virtually bought the branch lines some time ago.

However, the matter is not yet definitely settled and it is possible that the Seaboard will be heard from.

#### CHINA GROVE HIGH SCHOOL.

C. L., a Visitor, Gives This School a Write-Up.

At China Grove, in a lovely oak grove, is located a most flourishing high school, under the management of Prof. P. E. Wright.

It was our good pleasure to visit the school, and on entering the class rooms of the several teachers, we were favorably impressed with the good order and close attention to instruction of teachers whose modes of teaching are excellent.

China Grove should feel proud that she has such a school under the principalship of that grand educator, Prof. Wright, where the sons and daughters of the town and community can be educated at such a small cost. Yes, proud should she feel that she can boast of a high school not to be surpassed by any in the State.

At the present time it has an enrollment of nearly two hundred we were informed.

The course of instruction is thorough, and he who goes there properly applying himself will in the end find that he has thus armed himself with that weapon so essential in fighting the battles of life.

Success to the China Grove High School. May it ever go onward and upward is the sincere wish of

C. L., A VISITOR.

#### Father of Twenty-Nine Children.

Mr. Riley Shepherd returned to his home in Indiana this week, after spending several days in this section with relatives. He is about 77 years old, and survives four wives. In all 29 children have blessed his four marriages. He tells us that he has nine grandchildren. He is still quite "spry" and intimates that he would not mind taking unto himself a fifth wife, if a suitable one could be found. He is a native of Wilkes, but left this county 50 years ago. He says he has a brother who is the father of 26 children. The combined number of the offspring of these two brothers make 54 children.—North Wilkesboro Hustler.
