## DECEMBER MARRIAGES.

More Than Usual—Fifty-Nine was the Number.

Register of Deeds Woodson issued fifty-nine marriage licenses during the month of December.

December is always the leading month of the year on the marriage score but the month just closed was a leader of Decembers.

The sale of licenses averaged nearly two a day.

Forty papers were issued to white couples and nineteen to colored couples.

## Dedicated Yesterday.

Christiana E. L. church, located six miles from here on the Gold Hill road, was dedicated yesterday. Rev. C. A. Brown, the pastor, was assisted in the dedicatory service by Rev. L. E. Busby, of this city. Rev. Busby preached the sermon, taking for his text the 17th verse of the 28th chapter Genesis.

A large congregation was present.

## Wedding Cake.

On the 31st of December Mrs. S. C. Ketchie, of the county, received a nice box of cake and some other presents from her son, Henry Ketchie, who lives in Illinois. This was some of Henry's wedding cake. He was married on the 25th of December to a pretty little sweet sixteen year old girl of Illinois. His mother was very fond of the cake and appreciated the presents very much.

## RAMSAY-ANDERSON NUPTIALS.

Salisbury Boy Married in Seattle—The Event of a Week.

The Seattle, Washington, Post-Intelligencer of December the 25th gives a long account of the marriage of Mr. Claudius C. Ramsay to Miss Grace Eleanore Anderson, and prints pictures of the bride and groom.

Mr. Ramsay is a Salisbury boy, the son of Dr. J. G. Ramsay, but has been in Seattle for some years. He was married on the 20th of last month to Miss Anderson at Trinity Parrish church. The church was not large enough to hold the many friends of the popular couple who gathered to witness the nuptials.

The Post-Intelligencer speaks of the wedding as "the one impressively beautiful social event of the week."

After the ceremony a banquet was served the bridal party and the couple then left for a trip through Southern California.

## Special Features.

The Methodist Sunday school met as usual yesterday afternoon but the Sunday school room proved to be too small and the school moved over to the main part of the church, where Dr. Weaver addressed the children. There were some special songs for the occasion and a collection was taken for the poor, the children of the school giving instead of receiving at this Christmas time.

## It Was a Good Move.

Our neighbors, Charlotte and Salisbury, did not suspend the ordinance against fire-crackers this year and seem to have seen the wisdom in it. Now let us start in time and dispense with the nuisance next year. Let there be fair warning so that the merchants do not invest in the crackers. Why don't we make noise and imitate war on the 4th of July, but let Christmas be given to appropriate celebration?—Concord Standard.

## Organization Postponed.

Owing to the absence of the pastor and the presence of a large amount of business the Lutheran Sunday school was not organized for the year yesterday. The organization will be made next Sunday.

The attendance at this school yesterday was larger than ever before at this season of the year.

## News From Rockwell.

A happy New Year to the Sun.

We wonder if the matrimonial cyclone has as yet struck our highly esteemed bachelor editors.

If it were not for occupying all your space we would send a complete list of the marriages around Rockwell, but as soon as the few remaining marriageable boys and girls can pair off will send a complete list and ask you to print a supplement. If there are any left we will close them out at cost as we are compelled to make room for new goods.

The Rockwell roller mill is now in full blast and turning out a high grade of flour.

Rev. Leslie preached his first sermon at St. Peter's yesterday (Sunday). He arrived too late to attend the Christmas tree Christmas eve, nevertheless the Sunday School Superintendent, County Surveyor Miller and his faithful assistants had a beautiful tree with appropriate exercises. Many of the children had never seen a tree at night, and this one lit up by about 100 candles and lanterns was a treat. The beautiful selection and arrangement of presents was the work of the Sunday school organizer, Miss Ellie Trexler.

The public school at Rockwell Academy is moving along nicely. The children as well as their parents are just carried away with their teacher, Miss Lillie Nussman.

Good schools are being run at Crescent, Rev. J. M. L. Lysterly principal, and at Hambry's Academy, Prof. L. H. Rothrock, principal. Both are within a radius of two miles of Rockwell. Parties wishing to educate their children should give Rockwell a call.

Watson, the proprietor, says there was less than \$2 in the safe. His greatest loss was a lot of valuable paper which was carried off. Wilmington Star: Copper mining in North Carolina is being revived, the greatest interest being shown in some new discoveries in Person and Granville counties, especially in the latter, where not many years ago there was no thought of copper, and its presence was scarcely expected. For over half a century copper mining has been carried on to a greater or less extent in a number of counties and quite exclusively in a few—Guilford, Randolph and Davidson—in which some of the miners paid handsomely, but in consequence of the low price of copper work in all of these was suspended some years ago, but has since been resumed in some.
