SALISBURY, N. C., MONDAY EVENING, JANUARY 23, 1899.

PASTOR'S ASSOCIATION.

Series of Temperance Meetings—A Meeting Called.

The Pastor's Association met in regular session this morning in Dr. Rumble's study with all the churches represented.

Rev. O. H. E. Rouch, of Philadelphia, was present and again presented the matter of Dr. Tracy's coming to Salisbury to deliver a series of Evangelistic Temperance meetings in the opera house. The association extended an invitation and arranged for the meetings for March 16-27.

The committee on Citizens' Temperance meeting called a meeting of all the pastors in the county and all other public spirited workers in the cause of temperance to meet in the court house Friday Jan. 27 at 12 o'clock, noon. The following paper on social amusements was authorized to be published as the sentiments of this association.

SOCIAL AMUSEMENTS.

Whereas, Our holy religion enjoins the cultivation of every Christian virtue, as well as the practice of self-denial and abstinence on the part of Christ's professed followers from whatever may be detrimental to personal piety and prove an offense to the church or to the world and

Whereas, The indulgence of church members in sinful or "Wordly Amusements" such as social card-playing, social drinking, dancing, theatre and circus-going and indiscriminating and excessive novel reading and the like is contrary to the Spirit of Christ, tends to dissipation and excesses, creates questionable association, is destructive of growth in spirituality, becomes a stumbling block in the way of sinners salvation and retards the progress of Christ's Kingdom, therefore

Resolved, We, the pastors represented in this association, do exhort our people to abstain from all such worldly amusements and to use their influence in inducing others to abstain therefrom. We would further urge each member to habits of self-restraint and self-denial, cultivation of personal piety and works of piety and benevolence in behalf of others, through which the Christians will find ample fields of usefulness and will assuredly realize the truest happiness.

Signed—J. Rumble, D. D.; J. H. Weaver, D. D.; M. E. Parrish, J. N. Stallings, Jno. Wakefield, W. H. Stubblebine, D. P. Tate, L. E. Busby, R. L. Doggett.

Mayor's Court.

Two colored men who had been tried for fighting Friday night, were sent out to join the road force yesterday.

This morning several cases were disposed of. One drunk paid in \$3.35. Another defendant who had been drunk two times was sent to the gang for 60 days. A man for assault on another man was sent to the gang for 30 days, and allowed to pay off, his fine being \$10 and costs.

LEE'S LAST NIGHT.

A Large Audience—The Hypnotist Will Probably Return.

Hypnotist Lee and company had another large audience Saturday night to witness the closing performance of their engagement here. About the usual number of subjects were on the stage and they did much to make the audience enjoy the performance. Many new and amusing things were done by those who were under the influence of Mr. Lee.

It was announced that the company would probably secure a return date for this city before the season is over. They will have a full house whenever they return.

Mr. Lee and company left yesterday for Durham where they have a week's engagement.

THE SIXTEENTH.

Work of Legislature Saturday—Mr. Overman in the Chair.

Probably the most important bill introduced in the House Saturday was that of Mr. Stevens of Union, which comes under the head of anti-trust legislation.

The bill is really a reproduction, for the most part, of the Missouri law which was recently passed by the Legislature of that State. It is designed, as Mr. Stevens stated, to prevent corporations, belonging to trusts, from enforcing their legal contracts in the courts of this State. For instance, there is a provision which stipulates that no chancery, or other creditors, chasing the products or other goods or wares from a trust corporation or manufactory who fail or refuse to pay for the same (in case of credit being allowed them by the trust company) cannot be forced to make payment by reason of any action or suit brought against them in the North Carolina courts.

The provisions of the bill are very stringent and are purposely made so, it being Mr. Stephen's desire to have the law (if enacted) go as far as it can constitutionally be made to go, in the direction of breaking up the operations of trusts.

The Raleigh Post says: Speaker Connor being absent, Hon. Lee S. Overman, of Rowan, who was the Speaker of the last Democratic House and who made one of the very best Speakers the State has ever had, occupied the chair and presided over the deliberations of the House in his customary able manner, illustrating sensibly the fact that he was perfectly at home in the presiding officer's chair.

Mr. Julian introduced a petition from the citizens of Salisbury asking for the repeal of the merchants' purchase tax.

The following were among the bills that passed their final reading in the Senate: To amend section 2831 of the Code by making it lawful to impose a fine of \$10 or ten days' imprisonment for hunting on land without written permission; to prohibit fast driving in Pamlico county; to provide for the cross-indexing of wills; to amend chapter 253, laws of 1897, by adding to section 1 that any person violating or disregarding the provisions of this act shall be guilty of a misdemeanor; to repeal chapter 208, laws of 1897 (which allowed \$1 a day to special veniremen); to require the new promise or contract of a bankrupt to be in writing; to validate certain oaths (those made by holding up of hands) to prohibit the shooting of birds in Buncombe, Lincoln, Iredell and (by amendment) Alamance counties; to repeal chapter 290, laws of 1897, and allowing the citizens of Buncombe county to elect an auditor for the county; to exempt Confederate soldiers from paying peddlers tax (This was amended by adding, "and shall not act as agent for another"); to authorize the citizens of Bertie county to issue bonds and levy special taxes; to encourage the killing of certain wild animals in Graham county (by giving \$5 for killing panthers and wolves and \$2 for killing wildcats); to protect game in Randolph county; to repeal the charter of Dudley, Wayne county.

NO CURE—NO PAY

That is the way all druggists sell GROVE'S TASTELESS CHILL TONIC for Malaria, Chills and Fever. It is simply Iron and Quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating Tonics. Price 50 cents.

IMPORTANT TO SALISBURY.

A Blow at the South by Cutting off Mail Appropriation.

Congressman Moody, of Massachusetts, last week struck a hard blow at the South, especially the part of it traversed by the Southern Railway.

While the postoffice appropriation bill was being discussed in the committee of the whole Thursday, the paragraph appropriating \$171,228 for special Southern mail facilities was stricken out on motion of the Massachusetts Republican.

This special appropriation for mail facilities in the South, introduced by Congressman Hon. John S. Henderson, of Salisbury, was chairman of the committee on Postoffices and Post roads. The Southern was given the carrying of these mails and immediately placed two fast trains on their line in order to fulfill pledges made the Government.

Since that time the fast mail which arrives here at 8:37 p. m. brings all the New York mail and papers. Should the appropriation be taken away this mail would most probably not reach here until next morning.

But the bill, we understand, will go back to the House from the Senate with the fast mail appropriation in it, and it is said the House will pass it. A number of the Southern members were absent when the appropriation was stricken out Thursday.

The two-story residence in which Captain John Leonard and his son and their families have been living for some time, 4 miles east of Albemarle, burned to the ground Sunday night. The Captain managed to save nearly all of his furniture and goods, but that of his son was lost.—Stanly Enterprise.

Simon Douthit, a negro brakeman who has been in the employ of the Southern Railway for about fifteen years, met with a horrible death at Elkin, Wednesday afternoon. He was attempting to couple two box cars when he stumbled and fell across the track. One of his body cutting

His Death.

Although it was stated that "Caddy" Cauble was so badly hurt in Greensboro Friday night that he would surely die, his relatives here had not been informed of his death up to noon to-day. It was reported on the street, however, that he had died yesterday.

Speaking of the accident Saturday's Greensboro Record says:

Just before the engine stopped a man jumped from the blind baggage of one of the express or mail cars. He must have been benumbed from cold, for as he hopped off he fell and in some way got under the car, when the wheels passed over a part of his body, cutting off the right arm entirely from the body, mashing his leg as if a wheel had run along up that member. Another horrible looking wound was inflicted on his throat, so that when he undertook to drink any fluid it ran out at that place.

Japanese Lectures.

Kato, the Japanese lecturer, will deliver a lecture at the Baptist church Wednesday night at the regular prayer meeting hour.

He lectured at Chestnut Hill yesterday morning and at Church Street Methodist church last night.
