SUNDAY MORNING STORM.

A Roof Lifted—Many Persons Frightened By Hard Winds.

About 2 o'clock Sunday morning a storm struck Salisbury, and many citizens were awakened by the shaking of their houses and the noise occasioned by the heavy winds.

Many expected their houses to go over at any minute and some were badly frightened, but no dwelling house in this part of the country was blown down. Some damage was done, however.

Nearly all of the roof of the Salisbury Roller Mill was taken off and portions of it were carried some distance.

A portion of the wall of the Central hotel, above the roof, was blown off.

The wind continued blowing at a cyclonic rate for some time.

Meeting Continues.

The meeting at the Baptist church continues, services being conducted at 3 and 7:45 p. m., the same hours that were observed last week.

Yesterday Dr. Dew talked to the Sunday school in the morning, preached at 11 o'clock and at night, and conducted a men's meeting at 3 o'clock in the afternoon. All the services were well attended.

At the morning and evening services several persons expressed the desire to be baptized and join the Baptist church. They were received by the church as candidates.

The subject of the Bible service this afternoon is, "Shall we know each other in Heaven."

Chartered a Train.

Mr. Webb, of New Jersey, arrived in Salisbury yesterday morning en route to Statesville. On learning that Western 11 would not leave until 2 o'clock on account of the vestibule's delay, he chartered a train to take him to Statesville.

Mr. Webb, we understand, was going to drive to a point 25 miles out from Statesville, and was anxious to make the trip yesterday afternoon.

Wild Alligator Killed.

An alligator measuring 3 feet 5 inches is on exhibition at Jackson's beef market.

It was killed by several boys Saturday afternoon in a small lake near Town creek, below the hosiery mill.

It is thought that the alligator escaped when much smaller from some one about here and had since made its home in the lakes near the creek.

Temperance Meeting.

There will be a meeting of the Rowan County Temperance Association to-morrow night at 7:30 in the Sunday school room of the Church Street Methodist church. All friends of temperance are earnestly requested to be on hand. Matters of importance are to be discussed. D. P. TATE, Sec.

IN MAYOR'S COURT.

Gold Watch Stolen But Recovered—Several Cases To-day.

A number of offenders occupied seats within the railing at the city hall this morning, at the 9 o'clock session of court.

Two white men, one a former soldier, were sent to the roads for thirty days. They had been arrested as hoboes, having beaten their way here on the vestibule.

One man, who was charged with disorderly conduct at a house in the country, was held until 2 o'clock, there also being a charge of drunk in town against him. The disorderly conduct case goes over to a magistrate's court.

A third man was given his choice of paying \$7.25 or going to the roads. He was charged with being drunk and disorderly.

Three little colored boys were bound over to court each in a \$50 bond for stealing and receiving a stolen watch.

Arthur Walker, about 9 years old, stole a fine gold watch belonging to Mr. G. S. Turner, and sold it for five cents to Baxter Smith, an older boy and he sold it for a small sum to Forney Peterson, a still older boy.

The case was worked up and the arrests made by Policeman Eagle and Deputy Sheriff Monroe. The watch was recovered.

Wife and Furniture Gone.

Last week while Tom Eller, who lives near Trading Ford, was out in the field working a man named Travis Tippet came and took Mrs. Eller and a good deal of the furniture away. So a neighbor tells us.

When Mr. Eller came home he found his wife and furniture gone. He heard where the wife was and on Saturday went to see her. We have not heard what the result of his visit was.

A Fall.

Mr. T. B. Ennis fell about twenty feet yesterday. He was on the top of the Salisbury roller mill arranging a piece of tin to protect some wheat, the roof of the mill having been taken off by wind, when he fell to the floor of the top story, about twenty feet. He was badly bruised but no bones were broken. He is unable to leave his bed today.

Mean Negro Killed.

Sheriff Monroe was informed yesterday by Officer Scott, of Greensboro, that Charlie Brown, colored, who was killed recently by another negro named Cotten, was the same negro who threatened Sheriff Monroe's life several years ago, and to whom the sheriff administered a severe chastisement.

One Received by Mr. E. W. Burt for a Concert Company.

This machine is the crowning wonder of a century of marvelous inventions.

It has a giant's voice but not a giant's body. It is the key that opens the gates of melody. The eloquence of the orator; the quaint sayings of the comedian; the song that one loves to hear; the waltz; the march; the interlude; the instrumental solo—all come at bidding full-toned and real. It renders, with all volume and quality of the original, the music of all instruments, and the fine melody of the voice. What is there in the marvels of modern science, or in the fabled achievements of the magicians of old that will compare with such an instrument as a pleasure maker? It is the real living sound.

The bill to provide \$10,000 as appropriation for the sewerage system and water-works at the State University came up as a special order. The bill was finally withdrawn.

THE HOUSE.

Bills repealing the railroad commission and establishing the corporation commission came over from the Senate, with amendments, making the railroad commission expire April 4th and the corporation commission take office on April 5th. These amendments were concurred in.

The House at 2:20 took up the election of two railroad commissioners. Mr. Rountree nominated Frank McNeill to succeed Major Wilson, and Samuel L. Rogers to succeed S. Otho Wilson. These were elected.

The Congressional district bill came up. It repeals chapter 307, acts, 1897, and transfers Catawba, Cleveland, Gaston and Mitchell to the eighth district, and Davie and Yadkin to the seventh district. Mr. Overman sent up an amendment to strike out Catawba. This was adopted. Mr. Hampton, Republican, said he opposed the bill because it made his district (the eighth) Republican. Mr. Council said he wanted Catawba left as it was in the bill. Mr. Pritchard, Republican, said that no matter what district Mitchell was put in that district would be Republican. The bill, as amended, then passed its readings.
