

# Special Corset Announcement.

**A GOOD CORSET** invariably costs no more than a poor one—and a poorly made, ill-fitting corset is dear at any price. Ask to see our line of **AMERICAN LADY** Corsets as illustrated herein.

They are **GOOD** corsets—and are superior to all others in perfect fitting qualities, and in the excellence of the material used in their manufacture.

### Strength of Ice.

According to a report made by the Prussian Government, ice two inches thick will support infantry in marching order; four inches thick will bear light cavalry, and four and one-half inches thick will bear heavy cavalry and light artillery. At six inches its strength is sufficient to bear heavy field guns, and at eight inches siege guns on sledges, where the weight does not exceed 500 kilos to the square foot. At twelve inches the heaviest artillery may safely be transported without any extraordinary precaution.

### Merchants, be Wise.

A sensible husband said to his wife: "Susie, don't spend a cent with merchants who don't advertise in the papers."

The wife, who was a business woman, replied: "You old goose, I learned better long ago than to go where I was not invited. You would be an old bachelor now if you had not invited me to be your wife. Catch me going to a store without an invitation. I guess not."

For frost bites, burns, indolent sores, eczema, skin disease, and especially Piles. DeWitt's Witch Hazel Salve stands first and best. Look out for dishonest people who try to imitate and counterfeit it. It's their endorsement of a good article. Worthless goods are not imitated. Get De Witt's Witch Hazel Salve. James Plummer.

### The Meanest Man.

The meanest—man we've heard of lately, sold to his son-in-law one-half interest in a cow and then refused to divide the milk, maintaining that it was only the front half of the cow that he sold, so he obliged the son-in-law to provide the food, and water the cow twice a day. Recently the cow hooked the old man and he is suing his son-in-law for damages.—Webster Herald.
