## NEW BUILDINGS.

### Mr. J. W. Kesler to Build Five More Houses—Other Buildings.

Mr. Jos. W. Kesler is to build five more houses on his lots in the east ward. The contract has been given Contractor Lefler. This gentleman has just finished two houses for Mr. Kesler.

Mr. Charlie File has given Mr. Lefler the contract to build a house for him on Chestnut Hill.

Contractor McCannless began work this morning on the new residence of Prof. J. A. Graham, on North Main street.

Brick has been hauled for the foundation of two houses to be erected by Mr. T. P. Johnston between North Main and Lee street.

### The South Yarkin's Rage.

The following is from Capt. Jack Lindsay, South River.

I drop you this to inform you and friends that we are still in the land of the living and not washed away. I wrote you before of the hail and the rain; well it was equally as severe Saturday night as then but no hail. The river rose all day Sunday six inches per hour and Monday until 3 p. m., 4 inches per hour.

It reached the same notch in the mill house exactly as it did in August 1889, two feet, seven inches. It has been higher only once since the present mill has been built. That was in '77 or '78. The mill is alright as far as we know after a good scouring.

Our lumber and gunnels for the new flat started but we were fortunate in getting them tied to trees and saved them all right.

### Telephone News.

In the ensuing two weeks work will be begun by the Salisbury Telephone Co., on their exchange with the view of perfecting the service and giving our people as good, if not better, service than that enjoyed by even larger towns than ours. A new and improved switchboard will be put in; the long distance lines, especially those to Charlotte and Winston, will be put in first class working order, and new out-of-town lines will be built. The aim of the management is to give our people the very best service.

### Reduced Rates.

On account of the annual reunion of United Confederate veterans, at Charleston, S. C., on May 10-13, the Southern will offer greatly reduced rates.

The rate has not yet been announced but it will certainly be very low.

Those desiring to go will please make it known so that extra accommodations may be had.

### A School Entertainment.

Miss Bessie Freeman's pupils will give an entertainment in the old Methodist chapel, at Spencer, where Miss Freeman has been teaching school, Friday night. The exercises will consist of recitations, dialogues, etc. The object of the occasion is to raise money to purchase desks for the school. A fee of 25 cents will be charged.

### Service Postponed.

The service announced to be held by Rev. Geo. H. Cox at Chestnut Hill, next Sunday afternoon, has been called in on account of a service to be conducted by Dr. Tracy at the same hour.

## VOTERS' COLUMN.

Tickets Suggested and Matters of Interest Discussed.

### MUNICIPAL.

What's the matter with this ticket? Better it who can!

Mayor—Hon. Kerr Craige.  
North Ward—D. A. Atwell, M. A. Shank,  
East Ward—J. M. Peacock, G. W. Whitlock.  
South Ward—R. L. Shaver, A. W. Winecoff.  
West Ward—W. B. Smoot, O. D. Davis.

This ticket represents true and tried Democracy, material wealth, energy, impartiality, municipal enterprise and sterling principles—in fact many elements to insure successful municipal government.

We believe no stronger ticket can be nominated; and as our town, bright with promise if the opportunity is seized, must develop to meet the demands of the times, we are ready to risk the gentlemen above mentioned. Let us concentrate on them, and elect them. PROGRESSIVE CITIZEN.

### APPEAL FOR GOOD MEN.

I see no objection in rotation, when we select town officers. But Christian men, members of the church, friends of temperance, who try not and select men for various offices who are in sympathy with our temperance movement regardless of whether they are now in office or not. While it's true this is not a prohibition election, it is also true when we elect anti-temperance men we cannot expect their support when the time comes. But rather to the contrary. Brethren, friends, the devil says, "Prohibition does not prohibit," and he is not far wrong, when men in office are on his side to help carry his points. Let us be wise. Can we not foresee the evil? God help us to see it and direct our minds in selecting our men for the coming municipal election. May they be intelligent Christian men who are fearless as regard to duty, men who love young manhood, who are in sympathy with the widow and orphan. These are the kind of men who can lay the foundation for prosperity. Then our sons and daughters, who are to soon fill our places, will call us blessed for having removed a curse, that awful curse the liquor traffic.

### VOTER.

### ROTATION IN OFFICE.

MR. EDITOR:—I wish to take up a few lines of your valuable paper, in answer to the article that appeared in same last Saturday, the 18th, signed, "a Voter and Taxpayer," in regard to "rotation in office." I don't wish to discuss the Mayoralty question as advanced by the writer, but wish to come to the Tax Collector part of his article. He says that "Rotation in Office," is one of the "principles of Democracy." It may be to the writer's mind eye, but not to ours. We grant that the last County Democratic Convention declared that we make a change in the county officers next time. But as we understand it, the city has never taken any such steps. We can't see the advantage of making a change in the tax collector's office, as the present incumbent, Mr. George H. Shaver, has always been a competent and reliable officer, affable, kind and obliging to all and has always been found in the foremost ranks of Democracy. We have nothing personally against Mr. Brown, the aspirant for the office, as we believe him to be a man of untarnished character and good report among his fellow men, but we don't see the necessity of a change just because a man wishes to try his hand at the job, when we have already a true, tried and capable officer, one well deserving our support. As Salisbury is now just about to push herself to the front and keep stride with her sister cities in the march of progress, a sure way to success is to have good, experienced officers, and we think that Mr. Shaver as our tax collector will well know how to push our city to the front. Let us urge upon the citizens the importance of not making a change just yet. We feel assured that after you have carefully considered the matter that you will unanimously give Mr. Shaver your support in the coming primaries.

## LECTURE LAST NIGHT.

The Mississippi of Intemperance and Its Tributaries.

The Mississippi of Intemperance and some of its tributaries was the subject of the illustrated lecture by Dr. Tracy last night.

The scenes of this lecture were prefaced with scenes of Cuba and the Battleship Maine.

The lecture was illustrated with a hundred scenes, some of them very real.

The headwaters of the stream, Appetite, and some of the tributaries, including Treat creek, Tobacco river, Wine lake, Whiskey river, Blood river and others were discussed and scenes on them were vividly depicted.

To-night the tributary Beer river will be touched upon. The subject will be "The effect alcohol has upon the human system."

This afternoon a woman's meeting is being held in the opera house.

### Railroad Notes.

Quite a subscription list was gotten up at Spencer Tuesday among the employes of the shop for the benefit of Mrs. Norris, whose husband died recently.

Mr. R. M. Rosebro is soon to build a nice residence. His old house is to be moved back.

Mr. B. A. Knox is having two houses built. Mr. A. B. Watson, of Salisbury, is the contractor.

### Nothing From Injured Son.

Mr. C. F. Atwell heard nothing from the message he sent yesterday asking for particulars of his son's injury in Louisiana. He sent another message this morning to Camp where "O" was working, but heard later that the message could not reach that place on account of the wires being down.

So Mr. Atwell has heard no more about the matter than the simple announcement of the stabling.

### Hypnotists to Lexington.

The company of local hypnotists left this morning for Lexington where they give performances to-night, to-morrow night and Saturday night. The boys do some wonderful things in the way of hypnotizing and they feel confident of a degree of success on the road.

The graphophone grand will have a place on the program of this company.
