A Terrible Threat.

"George," said Mrs. Younglove, "do you know that you have kissed me only once during the past three hours?"
"Yes," he replied, "and if you eat any more green onions I may make it three hours and a half next time."
She could only tremble and wonder if it were to turn out that her love had been misplaced after all.
—Chicago News.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used."
James Plummer.

If you have piles, cure them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you. James Plummer.

Mind Our Own Business.

It is indeed absurd that we should be engaged with two European nations in setting up one "cannibal king" and putting down another in a miserable little island on the other side of the globe. But when this tripartite entanglement leads to the loss of brave men under conditions of savage atrocity and causes a serious difficulty with Germany, the folly of departing from our historic policy of minding our own business and sticking to our own hemisphere takes on the aspect of a crime.

It makes no difference how bad the wound if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar. James Plummer.

Pneumonia, la grippe, coughs, colds, croup, and whooping-cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. James Plummer.
