FURNITURE FACTORIES.

Much has been written urging the farmer to diversify his crops if he would improve his condition, and the same may be urged of the manufacturer in our cities if he would have his business prosper and see valuable returns for his investment. In discussing the establishment of enterprises in this direction Charity and Children, published at Thomasville, says: "For the life of us we do not know why a community wants to break itself to raise \$75,000 to build a cotton factory that will declare 10 per cent. when one-fifth of that amount will equip half a dozen spoke and handle or chair factories that will declare 25 per cent. How do we know? Here they are in Thomasville doing that very thing, and with the labor of men, not babies. High Point is rich and growing richer every day. It is full of furniture factories."

The Charlotte News says Charlotte needs to follow this suggestion. The same is true of Salisbury. There is quite a number of cotton mills, a cordage factory and the knitting mill which was burned some time ago will soon be in operation again here, but the city needs furniture factories, a chair factory, a plow factory, etc. The city, in fact, needs a variety of manufactories, if we would have it distend and grow rich. More or less skilled labor is employed in factories of this kind and thus a splendid class of citizens is added to the community.

The Sun urges the citizens to build a furniture factory and other industries of the sort here.

Great interest is manifested in Washington political circles in the approaching campaign in Maryland. It is said ex-Senator Gorman will take an active part in the campaign.

The State Treasurer makes a report of the resources of banks 10 years ago and now, which shows the resources then were \$15,900,000 and are now \$24,700,000, the increase being 55 1/2 per cent.

The appointment by the President of Thomas F. Lyons, of North Carolina, to be a first lieutenant in the regular marine corps, is the first case where an enlisted man in that corps has succeeded in obtaining a commission.

An administration official at Washington, while speaking of the war in the Philippines on Thursday, is quoted as saying: "Otis with twenty-two thousand men, in February drove the rebels many miles into the interior. He finally returned to Manila June 10, with his forces depleted, his army disheartened, and is now defending Manila with the help of the navy. The total casualties were 1,416. Upward of three thousand men have been disabled by disease. The cost of the campaign has been a million dollars a day, making a hundred and twenty millions for a hundred and twenty days."

A St. Louis man carried a lucky penny till it wore a hole in his pocket, through which he lost a \$10 gold piece.

"When the soldier has finished with the Filipinos," says the Raleigh News and Observer, "the work of the missionary will be greatly shortened and simplified. Americans were always great on short-cuts.

St. Louis has raised \$4,500,000 of the \$5,000,000 required for the great fair which is to celebrate the centennial of the Louisiana purchase made by Thomas Jefferson in 1804. It is expected that the fund will be completed within two weeks, and the great concern will be incorporated without further delay.

A Good Sign.
Newton Enterprise.

We have never known a time when the columns of the North Carolina papers contained so little politics. They are full of news about the building of cotton factories and starting new industries and the improvements in farming. The attention of the people is concentrated in business, and politics are sent to the background. This is a good sign. It shows that the idea that has been so industriously inculcated during the last few years by a certain party, that good and bad times are dependent on the laws enacted by Congress, and that perpetual campaigns are more important than planting and reaping and keeping the furnace fires aglow is losing its charm. Next year will be soon enough for politics.

American Guns in Europe.

The achievements of American guns in the war of 1898 have challenged respect abroad, and there is reason for stating that Spain contemplates placement of orders for war material in this country after things have settled a bit," said an authority on the subject, quoted by the New York Tribune. Russia is about to re-equip her field artillery with 6,000 new guns, at an expenditure of over \$50,000,000 a part of which will be placed with some American firm. Russia has already asked American firms to compete in an elaborate test of field guns at St. Petersburg, in August next.

Indians Starving to Death.

Vancouver, B. C., June 14.—Owing to the big rush to the Yukon gold fields, wild animals that have not been killed by the prospectors have fled to higher ground, and in consequence the Indians, deprived of their natural food, are starving, and in many instances ready to massacre the whites. Today a definite story reached civilization.

Robert Hitchcock, Detroit, and a French Canadian guide who arrived by the Cottage City, say that while camping on the Upper Branch of Stewart river, they came into a camp of 150 Indians, and were told in trade language by their interpreter that thirty of them had died of starvation during the winter, owing to the whites' driving deer from the lowlands. The men supplied the Indians with food and camped a short distance off.

The first steamer with news direct from Glenora reports that suffering on the trails has been terrible. The Hudson Bay Trading Company has saved hundreds of Americans from death by starvation.

By the time a man has saved up enough money to have a palm and a brussels carpet in his parlor his daughter has reached the "company" age, and he is not allowed to sit there.—Acheson Globe.

NEWS OF THE DAY.

Telegraphic News Condensed for the Convenience of Hasty Readers.

Two lynchings were reported yesterday from Appling county, Georgia.

Mobs in Cleveland, O., attacked non-union men who were running street cars in place of strikers.

A number of Albanian bands, assisted by Turkish troops, are reported to have invaded Servia.

Lightning struck the American camp at Manzanillo, Cuba, and 15 cavalrymen were rendered unconscious.

A kindling wood company will locate a plant at Norfolk, Va., which will give employment to 500 people.

General Otis estimates that in the fighting the Filipinos lost more than one third of their army of 4,000 men who were engaged.

President McKinley left Washington yesterday evening for a two-weeks sojourn in Massachusetts. The presidential party left on a special train.

Recruits will be sent from the United States to fill out three regiments which General Otis will undertake to enlist from volunteers discharged in the Philippines.

Cuban ex-soldiers at Guanajay assumed a threatening attitude in order to compel the mayor to give them guns so that they could get a share of the American gratuity.

Bellamy Storer, the United States minister to Spain, was received by the Queen yesterday and presented his credentials. Most cordial salutations were exchanged.

On the river Oder, off the village of Zuellachew, the passenger steamer Bluecher was run into and sunk by the steamer Poelitz yesterday. Thirty persons are reported to have been drowned.

As the outcome of the quarrels over the Dreyfus affair, two duels were fought in France yesterday, between two officers, naval and artillery, and professors at the public schools. One of each profession was wounded.

Governor McSweeney, of South Carolina, issued an order reducing the liquor constabulary one-half. He thinks the constables needless. The reduction of force will give the public schools twenty thousand dollars more a year.

The most appalling disaster in the history of Cape Breton coal mining occurred at the Caledonia mine at Glace Bay, the principal colliery of the Dominion Coal Company, when two explosions occurred, causing the death of 11 men.

Seventy-five Filipinos were killed yesterday, a large number wounded and thirty taken prisoners. Our loss was fourteen wounded. A Spanish officer claims to have been a witness to Luna's assassination. The story is still doubted.

George Beauregard Barrow, the principal in the kidnapping of Marion Clark, the infant daughter of Arthur Clark, of New York City, was yesterday sentenced to fourteen years and ten months imprisonment. Carrie Jones, who pleaded guilty, was sentenced to four years imprisonment. The trial of Mrs. Barrow, as her husband's accomplice, will follow.

A serious race war is threatened between Spaniards and negroes at Santiago, Cuba. Yesterday a fight occurred in a bakery and the Spanish proprietor killed his negro assailant. Negroes gathered and threatened to exterminate the Spaniards. The latter assembled in large numbers to protect themselves. Both sides were armed, but the arrival of police prevented bloodshed. The city was placarded last night with circulars calling on Cubans to expel Americans and Spaniards June 24.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dispeptic look; if your kidneys are affected you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Kluttz & Co's.

What you want is not temporary relief from piles but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles and they stay cured. James Plummer.

SAMPLE SHOES.

One Thousand Pairs

Just received and another thousand pairs on the way.

THE BIGGEST VALUES,

Even in Samples, we have ever offered.

Our trade this year has been fifty per cent better than the first six months of any previous year since we have been in Salisbury, and we propose to even beat this **RECORD BREAKER** between now and January 1st, 1900.

We already claim the distinction of selling more **ALL LEATHER** Shoes than any firm in this section of North Carolina; and while this reputation we shall endeavor to maintain, we intend, in addition, to sell in the future **MORE GOOD SHOES FOR LESS MONEY** than we have ever sold.

Remember we propose to sell Good Shoes at a Low Price, **NOT TRASH** at any price.

We still have a few of the big lot of Oxford Ties we have been selling at 50 cents for choice pair.
