## THE OLD STORY.

A Stove, An Oil Can, a Little Girl, Almost a Death.

Mr. Young, who runs a boarding house at Spencer, came near having a death in his family yesterday. His little girl was making a fire in a stove and, as is frequently done, she used oil, pouring it out of a can. The oil ignited and the fire caught the girls clothing. A boarder who was present had presence of mind enough to wrap his coat over the girl. He thus smothered out the flames and saved her life.

## EXCURSION TO ASHEVILLE.

A Select Party Will be on Board—\$2.50 Round Trip.

On Thursday, July 6th, I will personally conduct an excursion to Asheville, the profits of which will go to Mont Amoenia Female Seminary. The train will start from Concord at 7 a. m., returning the next day, leaving Asheville at 1:30 p. m. The excursion will take passengers from Concord, China Grove, Salisbury, Barber Junction, and Cleveland. Positively only 280 tickets will be sold. These will be on sale at Cook & Foil's, Mt. Pleasant; Dry & Miller, Concord; Patterson Manufacturing Co., China Grove; and C. M. & H. M. Brown, Salisbury. When all of the seats of the five cars are engaged by the sale of the 280 tickets, positively, not another ticket will be sold, as a select crowd is desired. The excursion is planned to secure a first-class party, and to derive as much pleasure from it as travelling on a regular train.

I have been to Asheville and have secured special favors from the livery stables and hotels. The beautiful Oaks hotel has given our party a rate of \$1.25 per day. An orchestra will be in attendance that night. Board may be had cheaper at the boarding houses. A card will be issued on the train giving addresses of the boarding houses, hotels, and livery stables, which give our party favors. Every arrangement has been made to make the excursion the most pleasant one possible. If you miss it, you miss an opportunity that seldom comes.

You are invited at once to secure tickets for this select excursion. You help a good cause by so doing. You can not take advantage of this excursion after all the tickets have been sold. Therefore, secure at once your ticket.

Respectfully,

## IMPORTANT TO TEACHERS.

Candidates For Life Certificate to be Examined on the Second Thursday of July.

The State Superintendent of Public Instruction directs me to say: "On the second Thursday in July an examination for life certificate will be held in the court house". The questions for this examination have been prepared by the State Board of Examiners and are now in the office of the County Board of Education. The examination papers will be forwarded to the office of State Superintendent of Public Instruction and graded by the State Board of Examiners. A certificate will be issued to all successful applicants and will entitle the holder thereof to teach anywhere in North Carolina without examination by the county superintendent of schools. The questions are on the following subjects: English Grammar, English Literature, History, Geography, Physical Geography, Arithmetic, Algebra, Physics, Physiology and Hygiene, Elementary Botany, Philosophy and History of Education, Civil Government and School Law. The following books in addition to these adopted by the County Board are suggested as indicating the scope of examination on the several subjects: Whitney's Essentials of English Grammar, Pancoast's Composition and Rhetoric; Lockwood's Lessons in English; Maury's Geography; Tan's Physical Geography; Sully's Psychology for Teachers; White's Elements of Pedagogy; Physics (Avery and Gaze); Berzen's Botany; Martin's Human Body. Messrs. Edwin Cuthrell and Theo. Boerbaum, who have on sale the books used in the public schools, can give any information wanted in regard to books. According to the new school law civil government is constituted a subject to be taught in the public schools. Teachers will therefore be examined hereafter on that subject, and should procure the required books, if they have not already done so, and prepare themselves for the examination. Finger's Civil Government and Peterman's Elements of Civil Government, N. C. edition, are on the list adopted in this county. Either one of these books or any other will answer. The main thing for an applicant for a certificate to know is Civil Government. No examination will be held this year for the Peabody scholarship for the reason that none will be awarded to this State, all the vacancies having been filled in accordance with the other rules governing the appointments. All applicants for license to teach in the public schools of the county should remember that the first regular public examination for the school year will be held at the same time and place and should avail themselves of this opportunity to apply for certificates, in order to be prepared to make contracts with committees for the ensuing fall term. The examination will begin at 9 o'clock a. m.

## Work on the Streets.

The following item was handed a SUN man yesterday by one of the paper's good Salisbury friends and a well-wisher of the town, and which makes interesting reading:

"I hope the SUN will stop publishing accounts of roads being macadamized in the suburbs at least until the biggest holes are filled up, on the principal streets in town. It is really discouraging. Many want to keep horses and vehicles, but the streets are in such a miserable condition. The hands working on the streets do very inferior work, dumping in the most careless manner a few shovel fulls of earth from the ditches. Please keep harping on this question Mr. SUN until an improvement is made."
