Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at Theo. F. Klutz & Co's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

Fine Trout Fishing.

The estate connected with the hotel which has recently opened in the beautiful Sapphire Country contains about 26,000 acres. It is well stocked with various kinds of game and is under careful patrol. There are seventy-five miles of river and brook fishing. The only restrictions made as to hunting and fishing are such as regulate any well ordered game preserve. Many miles of roads have been graded around the margins of the lakes and over the property with a due regard for views which cannot well be surpassed for beauty and grandeur. Within a radius of ten miles of Sapphire there are fifty water falls, their height ranging from fifty to three hundred and seventy feet. Any agent of the Southern Railway will be glad to give you information in regard to rates and schedules to Brevard, N. C., via Hendersonville, where you take a stage for these famous trout streams, or write to B. L. Vernon, Trav. Pass. Agent, or W. A. Turk, Gen. Pass. Agent, Washington, D. C.

Is it Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.: "It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by James Plummer, druggist."
