SIFFORD-DAVIS

Marriage Last Night—A Quiet Home Affair.

Mr. Wiley L. Sifford and Miss Fannie G. Davis were married at 8 o'clock last night...

The marriage was a quiet home affair only a few friends of the contracting parties being present to witness the wedding.

The bride was dressed in a white satin costume and carried a bouquet of white roses in her left hand.

After the nuptial and congratulations those in attendance were invited to the dining room where nice refreshments were served.

Mr. Sifford is a splendid young man. Mrs. Sifford is the daughter of Mr. J. Rowan Davis, and is an industrious young lady.

The couple will spend a short while at the home of the groom in the country.

The bride and groom will soon go to house keeping on south Lee street.

The Sun extends congratulations to the young couple and wishes for them much happiness.

Walter George Newman Jr., Dead.

Walter George, the son of Mr. and Mrs. W. G. Newman, of Salisbury, died yesterday at 3 o'clock at Somerset, Va., the summer home of Mr. Newman.

Death was caused by pneumonia complicated by profuse pulmonary hemorrhages and heart failure. The interment will be made at Somerset.

Walter was a very bright little boy and was much liked by the children of Salisbury who had made his acquaintance.

The special train which carried Mr. Newman from Jersey City to Somerset made a remarkable record, covering 319 miles in six hours and thirteen minutes.

LAST CROP REPORT.

The Closing of the Crop Season at Hand.

The weather and crop report for the State, issued by the government for the week ending last night is the last one for this year. It says: The marked change in the weather indicates the rapid approach of autumn and the close of the crop season.

The entire week was agreeable cool, with moderate midday and low night temperatures, the mean for the week averaging over four degrees per day below the normal.

Although scattered showers occurred on the 12th and 14th, the amount of precipitation was very small, and in many sections drought continues practically unaltered.

The amount of sunshine was abundant, and the conditions generally were very favorable for farm work, especially for picking cotton, saving fodder and hay, making sorghum syrup and gathering other crops which are ready for harvest.

Rain is still needed for late gardens, potatoes and turnips, and to soften the soil. Fall plowing did not progress favorably during the week and ginning is well advanced.

Many reports on cotton indicate good quality of lint, though very short yield. The number of unopened bolls is now small. Gathering corn has now commenced; late planted did not mature very well.

Pulling fodder is now over except in the west; large quantities of hay were saved, and the dry weather was favorable for cutting and curing tobacco; considerable quantities of tobacco remain uncut in the northwestern counties, but probably the entire crop will be housed by the end of September.

Early sown turnips are ready for market; late sown have a very poor stand and much re-seeding will be necessary. Digging peanuts is advancing slowly with prospects of a good yield.

Sweet potatoes appear to be generally excellent. Peas, fall Irish potatoes and late cabbage have been damaged by drought and need rain. The golden color of early rice indicates that the crop is ready for harvest.

Small amounts of winter wheat, oats and rye were seeded, but this work is much delayed.

LUCY YOUNG'S CASE.

"Stricken" at the Mourner's Bench—Takes no Solid Food.

The strange case of Lucy Young the colored girl who, the worshippers at "Baby Zion" church believe, was "stricken by the Lord" while at the mourners' bench, continues in its mystery at the church, and the sessions of the protracted meeting still in progress have full houses of the faithful.

Lucy went to the altar on the night of September 1, and while in a devout attitude she suddenly fell over and all efforts to aid her in "coming to" failed. She was removed to a house near by, where she remained for a week in a state of semi-consciousness, and it was then decided to take her back to the church and "camp" with her. This was done, and the girl's resounding prayers at intervals arouse to the keenest pitch the emotions of the congregations.

The girl lies on a pallet spread in a corner of the floor near the pulpit, and she is closely covered with a quilt and the weight of a heavy ulster. She has not partaken of solid food since she was "stricken." Her only expressed desire is for water. Attempts have been made to have her drink milk, but she turns from it, and though some of the fluid has been given her, the diet for fourteen days has been almost entirely of water.

A physician was called in by the watchers and his opinion was that the girl was all right and no medicine was given. "Baby Zion" is a mission of Zion church on College street, and its membership is stirred to the depths over Lucy's "manifestations," and say the case is a warning for the people to "get right."

WILL IT PAY?

THAT IS THE QUESTION TO ASK YOURSELF.

You want a piano and have needed one for some time. You have put off buying one from spring to fall and from fall to spring for the past two years. You now have a chance to buy a strictly high grade piano at factory price and save at least \$100 by doing so.

The question is, can you afford to let this opportunity go by without taking advantage of it. These pianos can not be sold in the U. S. for this money.

We get them in carload lots, not only to supply our branch houses, but for these special sales. We can afford to sell (20) pianos in one week at a profit of \$10 each and then make \$200, while a dealer who sells one piano a week at an expense of \$50 must make at least \$50 more for himself and thus the man who buys pays a profit of \$100.

Don't wait until the finest styles have been sold, but come and select a PIANO AT ONCE. We have a beautiful instrument with all late improvements at only \$174.

You can buy a \$450 piano now at only \$317. Our terms are \$25 cash and \$10 per month. There are now (80) of our pianos in use in the city of Salisbury.

All pianos are warranted five years by a firm worth \$50,000. Don't miss this chance of a life time. In Woodson & Shaver building on Fisher street.

This sale will positively close in eight days.

Items From Faith.

John Barger is confined to his bed by sickness.

Two wagon loads of window sills and lintels were shipped to Chapel Hill from the Salisbury depot Saturday. There being no depot or agent out at Woodside. Lots of granite has to be hauled all the way from the settlement of Woodside and Faith to the Salisbury depot.

If a depot was at Woodside postoffice, that is Granite Quarry siding, a big lot of business would be done there, as all the stores and business men in this section would ship and receive their goods etc., from that point.

J. T. Wyatt has been awarded a contract to get out another extra large granite base. It will take a big wagon to haul it to Salisbury. It goes under a large monument in the old Lutheran cemetery near the freight depot.

Mr. and Mrs. Walter Burrage, the former postmaster at Pool, N. C., were visiting at C. C. Wyatt's Saturday.

Don't Ask it. For reasons unnecessary to mention here, I will not hereafter loan dishes, only at the rate of ten per cent of the retail price of the glass or chinaware.

Broken or otherwise damaged dishes and glassware to be paid for by the borrower. No deviation from this rule.

THEO. BUERBAUM. Have you seen those beautiful genuine Wedgwood paperies at Buerbaum's, just the style, just the thing and so elegant. Large stock, low prices.
