LOOKOUT YOUNG MEN.

Young men anticipating a runaway trip to South Carolina, where they will embark in conugal bliss are notified to be on the qui vive. A bill to establish the license system in that State has passed the House of the present legislature. It is likely to become a law. The Charlotte Observer says South Carolina is the only Southern State in which marriage licenses are not required and the license system will probably be adopted.

A great deal of business has been done in recent years by Magistrates just across the line. Many young couples have thus been gratified to find themselves so easily married.

There will possibly be a halt to these Gretna Green affairs and young folks having such a thing in view are urged to hurry up before the system is passed or they may have to try some other means of having a wedding.

—Aguinaldo has managed not to lose any member of his family for several days.

—The British are disappointed in us. They thought the entire country was backing them against the Boers. Unfortunately they took Mac and Mark for the country.

—The State Capitol is to be enlarged. Plans will be prepared and submitted to the Legislature in June. The necessity for enlargement is said to be imperative, owing to the increase of population and consequent growth in business.

—The Winston Journal says if typhoid fever—which is tenfold more dangerous than smallpox—were guarded against and dreaded by the people in the same degree as its loathsome brother, what a roll of deaths would the people of the whole land escape each year!

—The Augusta Chronicle says the most discreditable thing against the American soldier is his readiness to apply for pension, with or without cause. Twenty-five thousand applications for pensions have already been filed on behalf of soldiers of the recent war with Spain, a ratio of one application to every 12 enlisted men.

Size doesn't indicate quality. Beware of counterfeit and worthless salve offered for DeWitt's Witch Hazel Salve. DeWitt's is the only original. An infallible cure for piles and all skin diseases. James Plummer.

L. T. Travis, Agent Southern R. R., Selma, Ga., writes, "I can not say too much in praise of One Minute Cough Cure. In my case it worked like a charm." The only harmless remedy that gives immediate results. Cures coughs, colds, croup, bronchitis, and all throat and lung troubles. James Plummer.

—An exchange says the Baltimore and Ohio is trying to make its line shorter. As it is in the hands of a receiver it must have been very short some time ago.

—Our possessions in the Pacific seem to be destined to suffer severely from the bubonic plague, which, starting in China, is making the circuit of the globe. At Honolulu up to January 9 as many as 22 deaths had occurred from the plague, every case proving fatal. There were four cases at that time in the hospital that gave some promise of recovery, but the outlook was not very favorable. New cases are constantly appearing at places more or less distant from the center of infection, proving that the disease is not under control and is likely to run a long course. One of the latest victims is the agent of the Board of Health, who has been fighting the epidemic. The steps taken to arrest it are sufficiently drastic. All infected houses are destroyed. Entire sections of the town occupied by Chinese are burned. Five such sections have thus been destroyed, including the joss house, where a case of the plague was found. There are two camps to which cases are removed as soon as discovered, and these camps are now occupied by several thousand Chinese, Japanese and Hawaiian natives.

Are You a White Man?

There seems to be some misunderstanding among some people as to what effect the constitutional amendment will have on men who cannot read. This misunderstanding is the fruit of the misrepresentations of those office-seekers whose salvation in this world depends upon the defeat of the amendment. There is no reason that any one should not see into every feature of the proposition. It says in words as plain as the English language can make it, that no man who is white shall be deprived of his vote; that no man who voted before 1867 shall be deprived of his vote; and that no man who is a descendant of people who voted prior to 1867 shall be deprived of his vote. All this class of people can register and vote under the provisions of this great constitutional amendment no matter whether they ever saw or heard tell of a single letter in any book. And to further protect and forever make sure the rights of these white people to vote, this amendment says that these white are descendants of white men, when once registered, shall never stop voting until the good Lord shall call them to that country where voting is not necessary and where demagogues are not found.—Dunn Union.

N. C. in the Senate.

North Carolina is without representation in the United States Senate to-day. One of our Senators asks that body to declare that when our amendment is adopted we will not have a republican form of government. Our other Senator will probably endorse the request, and, at least, does not defend our State against the proposed imputation, and we have to depend upon the generosity of representatives of other States to make our defense. But it may be remembered that it was well defended by our good friend from Alabama, Mr. Morgan.—Rockingham Anglo-Saxon.

Never in the history of North Carolina has so many charters for cotton mills been taken out as in 1899, nor so much capital invested in such enterprises.

F. B. Thirkield, Health Inspector of Chicago, says "Kodol Dyspepsia Cure cannot be recommended too highly. It cured me of severe dyspepsia." It digests what you eat and cures indigestion, heartburn and all forms of dyspepsia. James Plummer.

G. H. Appleton, Justice of Peace, Clarksburg, N. J., says, "DeWitt's Little Early Risers are the best pills made for constipation. We use no others." Quickly cure all liver and bowel troubles. James Plummer.

"I was nearly dead with dyspepsia, tried doctors, visited mineral springs, and grew worse. I used Kodol Dyspepsia Cure. That cured me." It digests what you eat. Cures indigestion, sour stomach, heartburn and all forms of dyspepsia. James Plummer.

He Loved the Right.

A strenuous life has closed, a life honorable, high-minded, pious and useful. Dr. McGlynn was truly a man of God. When opposed he lacked meekness, but that defeat, if defeat it was, came from the strength of his devotion to what he felt to be right. He loved the right, and for the wrong had the hatred that is known only to ardent souls. The sorrow caused by the death of Dr. McGlynn will be neither local nor bounded by lines of religious belief. Protestants and Jews and men of no religion will grieve as sincerely as his co-religionists, for the man's spirit was broad enough to take in all humanity as his brothers. A good man and a gifted man has laid down his arms.—Philadelphia North American.
